Additional Ambulance RFP Questions and Answers
August 26, 2005

Who	Question	Answer
City of Stockton	Should the RFP include answered legal questions in Section 5 as part of the proposal?	Refer to RFP Attachment F: The applicant will be required to enter into a contract containing the contracted provisions shown in Section 5, in addition to provisions setting forth the services to be provided by the applicant. Inability or unwillingness to meet these terms may be grounds for disqualification. Any proposed changes to the proposed contract language must be identified as part of the proposal, using a "strikeover/underline" method. All proposed changes to these contract sections must be submitted as part of the proposal to be considered. NOTE: Agreement to the contract language related to contract Termination, (Section 5.1) and "lame duck" requirements (Section 5.2) are minimum requirements.
City of Stockton	Page 13 Section 2.6 stipulates the format of the proposal desired by the EMSA. Page 21 and Forward lists a separate numbering format for the proposal which contradicts section 2.6. Please describe in detail how the EMSA would like the proposal formatted based on numerical sequence.	Section 2.6 is the required format for proposals. The numbers in Section 3, et seq. are for the purpose of organizing the RFP.
