Trauma: You make the difference!

Blood, Sweat and Tears is designed as a complete review of Trauma systems, to include a coroner's perspective of comorbid conditions that contribute to mortality. Presenters and attendees will represent physicians, nurses, allied health provider, and emergency medical teams who work together to maintain the interdisciplinary cooperation of the Trauma team. Attendees will apply their knowledge about their own specialties as well as an increased knowledge and appreciation of the work of others on the Trauma team. This course is open to all that help with the treatment of trauma patients.

Continuing Education:

Catholic Healthcare West is approved by the California Board of registered Nursing, as a provider for Nursing education, Provider #23 for 7 contact hours.

Pre Hospital CE's for 7 hours of instructor based education will be issued at the end of the class.

CE Provider # 34-2020.
