Joint Commission Emergency Management Standard Update 2009

Featured speaker: Jerry Gervais, FASHE, CHFM, Associate Director, Standards Interpretation Group, The Joint Commission

With the revised Emergency Management Standards now in full effect, this presentation will address the implementation challenges organizations have been experiencing, the frequently asked questions coming from the field, and tangible strategies to meet these challenges head on, to ensure the highest standard of preparedness, readiness and quality care.

Intended Hospital and Clinic Audience:

- Safety Officers
- Safety Committee members
- Environmental Services
- Risk Managers
- Clinical Engineering
- Facilities Management
- Quality Improvement Managers
- Members of the multidisciplinary process
- Accreditation Coordinators

Jerry Gervais Associate Director Standards Interpretation Group

Jerry Gervais is an engineer and associate director in standards interpretation at The Joint Commission. In this role, he provides interpretation of standards, conducts periodic performance review conference calls, serves as faculty for educational programs and conducts surveys. Mr. Gervais is trained under the accreditation manuals for the environment of care in the ambulatory, assisted living, behavioral health care, critical access hospitals, home care, hospital, laboratory, long term care, networks, managed behavioral health care and office-based surgery programs.

Mr. Gervais is knowledgeable on the topics of emergency management, security and hazardous materials. After Hurricane Katrina, he made twenty trips to the Gulf region to re-open hospitals closed by the hurricane.

Prior to joining The Joint Commission, Mr. Gervais held various positions at Advocate Lutheran General Hospital in Park Ridge, Illinois over a twenty-eight year time span. He most recently served as the Director of Facility Planning, Design and Regulatory compliance. Mr. Gervais is a graduate of DePaul University's telecommunications program. He also received a Bachelor of Science degree in Management from Arizona State University in Tempe, Arizona.

Mr. Gervais is a member of the American Society of HealthCare Engineers and the National Fire Protection Association. He is a Certified HealthCare Facility Manager and a Certified HealthCare Safety Professional.

Target Audience

This training course is intended for the hospital and pre-hospital care providers.

Register Early
Space is limited to 55 people
