Attachment L: Charge scenarios

Bidder	Priority One Medical Transport, Inc.		
Zone	**A** B C	Based on proposed rates under option (circle)	**A** B

Charges are to be based on the rate schedule submitted in this proposal. If an item is included in the base rate, or if there is no charge for an item, indicate this on the form. Identify additional specific charges (e.g., charges to perform any of the identified skills) or routine charges (e.g., infection control charge) in the blanks provided. The total shall reflect all specific and routine charges that a patient in this type of scenario would be billed.

SCENARIO #1: A 56 year-old male is complaining of chest pain. This call occurs at 2:00 a.m. and the patient's home is 12 miles from the closest hospital.

Total	$ 1,474.88
Base rate	$ 930.40
Emergency response	$ 95.00
Night charge	$ 78.00
12 miles transport	$ 237.00
Oxygen	$ 69.00
Oxygen administration equipment	$ Included in Oxygen Charge
I.V. administration equipment	$ 35.00
Cardiac monitor	$ 3- Lead No Charge
Nitroglycerin gr. 1/150 s.l.	$ 15.64
Morphine Sulfate 4 mg. I.V.	$ 13.24
Aspirin	$ 1.60
