

TITLE: REGIONAL POLLING OF HOSPITAL INPATIENT BEDS RDMHC Policy No. **08-001**

8. Operating Rooms: An operating room that is equipped and staffed and could be made available for patient care in a short period of time.
9. Emergency Department Status
 - a) Open—Accepting patients by ambulance.
 - b) Closed—Not accepting patients by ambulance.
 - c) N/A—Not Applicable (Hospital does not have an ED)
10. Decontamination:
 - a) Available — The institution has chemical/biological/radiological multiple patient decontamination capability.
 - b) Not Available — The institution is unable to provide chemical/biological/radiological patient decontamination.
11. Ventilators: Available: The number of ventilators that are present in the institution but are currently not in use and could be supported by currently available staff.
12. Emergency Department: Beds available in the Emergency Department. (Note: This is not an official HAvBED category but will be included when polling hospitals in OES Region IV.)

POLICY:

- I. The Regional Disaster Medical Health Coordinator (RDMHC) or his/her designee is the only person authorized to conduct a regional hospital inpatient bed polling in OES Region IV.
- II. Regional polling is more expedient and efficient over individual Operational Area Coordinator polling and reporting results to the RDMHC. The RDMHC or designee will notify affected Medical Health Operational Area Coordinators whenever a regional inpatient bed poll is conducted.
- III. Regional polling will be conducted when requested by:
 - A. A MHOAC in support of operations at the operational area level;
 - B. An RDMHC in support of operations in an adjacent region; and
 - C. The Emergency Medical Services Authority (EMSA) Duty Officer or the California Department of Public Health (CDPH) Duty Officer in support of operations on a state or national level.

Effective: 10-1-08

Dan Burch, Regional Disaster Medical Health Coordinator

TITLE: REGIONAL POLLING OF HOSPITAL INPATIENT BEDS RDMHC Policy No. **08-001**

- IV. Hospital inpatient bed polling will be conducting using the HAvBED standard categories.
- V. The HAvBED polling process will follow the Standardized Emergency Management System (SEMS):
- A. The RDMHC or his/her designee will create a HAvBED bed polling event on EMResource.
 - B. Each hospital ED Charge Nurse, or designee, will request the House or Nursing Supervisor to provide the availability for each of the HAvBED categories using EMResource within 30 minutes of request.
 - C. The RDMHC or his/her designee will tabulate the results from each hospital and operational area.
 - D. As appropriate, the RDMHC will forward the results of the inpatient bed poll to the requesting party and the Joint Emergency Operation Center (JEOC).
- VI. EMResource HAvBED Polling Instructions for RDMHC or designee:
- A. Log onto the EMResource website using the RDMHC User Name and Password. <https://www2.emsystem.com/login.htm>.
 - B. Click "EVENT" on the blue menu bar, and then click on "Event Management" to create an event.
 - C. Find the "HAvBED Template" under "Event Type", and then click on the "Create" link on the left side of the page. The "Create Event" page is now open.
 - D. Enter the title for this HAvBED Template including an identifier for OES Region IV: e.g. OES Region IV inpatient bed poll.
 - E. Enter information for the event: e.g., HAvBED bed polling requested from OES Region IV. Your response is needed within 30 minutes. For more information contact the RDMHC at (209) 468-6818 or pager (209) 234-5030.

Effective: 10-1-08
