Mary Graham Children's Shelter

Dear Mother,

Thank you for the decision you made to place your baby into "safe arms". You have taken the first step in making sure that your baby has a secure future. What you have done takes much courage.

Your baby will receive needed medical care and a safe and loving home.

If you change your mind within 14 days, call Children's Services at (209) 468-1330. Identify yourself as the mother of a safely surrendered baby and give the code number from the bracelet given to you. Children's Services will then assess your situation at that time.

Your help in planning for your child's future would be appreciated. If you were unable to fill out a Medical History Questionnaire when you placed your baby, please fill out the enclosed medical form and send it to Children's Services in the stamped, self-addressed envelope.

Once again, thank you for the courageous decision you made.

Sincerely,

David Erb, LCSW
Deputy –Director Children and Adult Services

Our Mission is to lead in the
creation and delivery of services that improve
the quality of life for our community.
