HOMICIDE INVESTIGATION

MANTECA, CA On August 15, 2011, at around 6:30pm San Joaquin County Sheriff's deputies responded to 9-1-1 calls of shots fired and two subjects down in the 17000 Blk. of Ideal Parkway in the unincorporated area of Manteca.

When deputies arrived, they found a man, later identified as 26 year-old (V) Danny Martinez of Lathrop, unresponsive and bleeding from an apparent gunshot wound to his upper body. (V) Martinez would shortly be pronounced deceased by Paramedics who arrived on scene. A second victim, a 30 year-old man, was found a short distance from (V) Martinez, also suffering from a gunshot and having difficulty breathing. The second victim was transported to a local hospital where he underwent surgery for the gunshot wound and is expected to survive.

According to witnesses, both victims were outside of a business, sitting or standing near two motorcycles. A white vehicle described as a compact SUV, occupied by two white males, sped through the parking lot of the business towards the victims, ramming a motorcycle. Both subjects got out of the SUV and began battering both victims. At one point, one of the subjects retrieved a handgun from SUV and started firing at the victims. The two subjects then got back into the SUV and fled the area at a high rate of speed.

There is currently no additional suspect description or information at this time. A motive for the shooting has not yet been established as the investigation is ongoing. Anyone with information is asked to contact the San Joaquin County Sheriff's Office at (209) 468-4400 or "Text a Tip" to "274637" and in the message area type SJSO, a space, and then your tip.
