

2015 WATER CONSERVATION PROGRAM UPDATES

Public Works Department
Latest Changes Effective May 5, 2015

California is experiencing a serious drought and everyone has been called upon to help conserve. The following mandatory water conservation measures are in effect:

Basic Rules

- Restrictions are for properties within the boundaries of any County Water District. A list of County Water Districts is attached, or consult the District Viewer (<http://sjmap.org/website/DistrictViewer/Disclaimer.htm>)
- Use an automatic shut-off nozzle on the hose and/or a water bucket to wash vehicles or boats, rinse for no more than 3 minutes.
- An automatic shut-off nozzle is required for cleaning building exteriors.
- Use of water to wash driveways, sidewalks, patios, parking lots, etc. is prohibited.
- Water runoff from a property for more than ten (10) minutes is prohibited.
- Pools and spas may not be filled above the minimum level required for safe, healthy operation.
- Draining and refilling of swimming pools, spas and ponds requires approval from the Public Works Department Director or designee.
- Any decorative water feature that does not recirculate water is prohibited.
- Irrigating turf or ornamental landscapes during and 48 hours following measurable precipitation. (Prohibited by State Regulations, not County Code)

Prohibitions affecting commercial businesses include:

- Restaurants and hotels must post notices of water emergency conditions and restrictions in a form approved by the Director of Public Works.
- Restaurants and other food service establishments can only serve water to customers on request.
- Operators of hotels and motels must provide guests with the option of choosing not to have towels and linens laundered daily and prominently display notice of this option.
