San Joaquin County Provides Update on Recall Election

Polls closed at 8:00 and first results now posted online

STOCKTON, CA – As the Gubernatorial recall election comes to a close, Interim Registrar of Voters, Austin Erdman issued the following statement:

“San Joaquin County was prepared for the recall election held today in California. As of September 14, 2021, the County has received 135,000 vote-by-mail ballots. While this morning the polls experienced light traffic, the most activity was from voters returning vote-by-mail ballots at polling places and drop boxes. At 8:15 p.m. San Joaquin County posted the first results from vote-by-mail ballots. In-person ballots will be posted hourly starting at 10:00 p.m. until all ballots are counted and the semi-official results are posted.

For the latest results, visit: www.sjcrov.org.
