ORDINANCE NO.

AN ORDINANCE AMENDING THE GENERAL PLAN 2035 OF SAN JOAQUIN COUNTY RELATIVE TO CHAPTER 3.1 COMMUNITY DEVELOPMENT ELEMENT (AGRICULTURAL LANDS); TITLE 9 OF THE ORDINANCE CODE OF THE COUNTY OF SAN JOAQUIN RELATIVE TO CHAPTER 9-600 AGRICULTURAL ZONES: INTENT AND ORGANIZATION, SECTIONS 9-600.1 (b), (c), & (d) INTENT; CHAPTER 9-605 AGRICULTURAL ZONES: USE REGULATIONS, SECTIONS 9-605.6 (bb) SPECIAL USE REGULATIONS, AND TABLES 9-605.2 & 9-605.3 USES IN AGRICULTURAL ZONES; CHAPTER 9-405 COMMERCIAL ZONES: USE REGULATIONS , SECTION 9-405.5(h) SPECIAL USE REGULATIONS AND TABLE 9-405.2 USES IN COMMERCIAL ZONES

The Board of Supervisors of the County of San Joaquin ordains as follows:

Section 1. Chapter 3.1 Community Development Element (Agricultural Lands) of the San Joaquin County General Plan 2035 is hereby amended by adding the General Plan designation of Agriculture-Industrial (A/I) as follows:

Agriculture-Industrial (A/I)

This designation provides for limited dry uses that complement both agricultural and industrial business, and will not generate a significant amount of waste or utilize a large amount of water. Other agricultural uses may also be permitted where feasible; however, the Agriculture - Industrial designation generally applies to parcels that are not ideal for large-scale or small-scale farming operations due to size, location, irregular shape or classification of farmland, and are not likely to develop during the planning period of the General Plan (i.e., 2035) due to a lack of available public services. Typical uses include truck parking and other limited dry uses not dependent on public services. Parcels considered for this designation shall be located within a one-half (1/2) mile radius from the centerline of an interchange along Interstate 5, Interstate 205, I-580, State Route 99, or other state highway. Parcels must also have access to a publically maintained roadway and be located outside of the primary and secondary zones of the Delta.

Allowed Uses

This designation provides for the following uses that complement both agricultural and industrial businesses:

- Single family detached dwellings
- Farm-employee housing and farm labor camps
- Compatible uses with agriculture

- Agricultural uses that are permitted in the General Agriculture designation and zone.
- Dry uses benefitting from direct access to major interstates and highways
- Truck parking
- ~~Truck sales~~
- Warehousing operations
- Uses that require minimal infrastructure improvements

Development Standards

Development within this designation is subject to the following standards:

- Minimum Density: N/A
- Maximum Density: 0.05 Dwelling Units/Acre
- Minimum FAR: N/A
- Maximum FAR: 0.01
- Minimum Lot Size: 1.0 acre
- Maximum Lot Size: 20.0 acres

Section 2. Chapter 9-600, Sections 600.1 (b), (c), & (d), Division 6, Title 9 of the San Joaquin County Ordinance Code is hereby amended to read as follows:

DIVISION 6. AGRICULTURAL ZONES

CHAPTER 9-600 AGRICULTURAL ZONES: INTENT AND ORGANIZATION

9-600.1 TITLE AND INTENT.

Division 6 constitutes the agricultural zones. The intent of this Division is to prescribe use, lot, and structure regulations for agricultural zones within San Joaquin County, consistent with the Land Use portion of the General Plan. The names and intents of the agricultural zones are as follows:

- (a) **AG Zone.** The General Agriculture (AG) Zone is established to preserve agricultural lands for the continuation of commercial agricultural enterprises. This zone is intended to implement the General Agriculture land use category of the General Plan.
- (b) **AI Zone.** The Agriculture-Industrial zone is established to provide limited dry uses that complement both agricultural and industrial businesses on parcels not considered ideal

locations for farming due to size, location, irregular shape, or classification of farmland. This zone is intended to implement the Agriculture-Industrial land use category of the General Plan.

~~(bc)~~ **AL Zone.** The Limited Agriculture (AL) Zone is intended to recognize and preserve areas that contain existing concentrations of small-scale agricultural operations and dwellings. This zone is intended to implement the Limited Agriculture land use category of the General Plan.

~~(ed)~~ **AU Zone.** The Agriculture-Urban Reserve (AU) Zone is intended to retain in agriculture those areas planned for future urban development in order to facilitate compact, orderly urban development and to assure the proper timing and economical provision of services and utilities. This zone also is intended to implement the Agriculture-Urban Reserve land use category of the General Plan.

~~(d)~~ **ARM Zone.** ~~The goal of the Agricultural Resource Management (ARM) zone is to assure the long-term viability of commercial agricultural properties. This zone is intended to provide areas for the continued practice of commercial agriculture and to protect lands that are best suited for permanent agriculture from encroachment by incompatible land uses. The ARM zone is also intended to implement General Plan policies relating the preservation of agricultural land and the principles of compatibility found in the Williamson Act statute.~~

~~One of the primary objectives of the ARM zone is to permit only those uses and activities that will not compromise the viability of surrounding agricultural operations. The magnitude of any compatible, accessory recreational activities shall be proportionate to the size of the parcel. Any nature preserve buffer area needed to separate or reduce conflicting activities shall be located on-site. The Agricultural Resource Management (ARM) zone shall be applied to land that is under Williamson Act, land that is under Farmland Security zone contract and land in the primary delta.~~

(Ord. 3675; Ord. 4106, § 4, 2001)
