

FACE COVERING GUIDELINES FOR OUR VISITORS

FULLY VACCINATED = NOT REQUIRED
NOT YET VACCINATED = REQUIRED

We should continue to do the good work of minimizing the spread of COVID-19. In the meantime, let's ensure that we follow all State of California Public Health Guidelines.

Who is considered a fully vaccinated person?

- If it has been 2 weeks after your 2-dose vaccination (Pfizer BioNTech or Moderna)
- 2 weeks or more after a single dose vaccination (Johnson & Johnson)

- Fully vaccinated people should continue to take precautions in public
- Get tested if you experience COVID-19 symptoms

Public Health is a shared responsibility

- It is incumbent of all of us to do our part to slow the spread
- Opening our economy requires all of us to do our part
