

NOTICE

Effective **January 3, 2023**, the Community Development Department will require *all permits requiring plans* to be submitted through our online portal for electronic plan check and review. The transition to electronic-only submittal will streamline services and reduce waste.

The electronic submittal procedures and online portal (GoPost) are available using the following link:

<https://www.sjgov.org/commdev/cgi-bin/cdyn.exe?grp=building&htm=gopost>

The following *over-the-counter* permit types can be submitted through GoPost, via email (building@sjgov.org), or in person at the Building Counter:

- Roofing
- Minor building repairs not requiring engineering
- Electrical services and fixtures
- Window replacement
- Siding
- Heating/air conditioning installation
- Plumbing fixture replacement
- Residential kitchen and bath remodels not requiring engineering
- Fencing not requiring engineering
- Other permit types not requiring plans for review

A document scanner will be provided at the Building Division counter for over-the-counter permit types.

All residential roof mounted solar (PV) permits must be submitted through the SolarApp+ website.

Contact Building Division staff for more information:

Phone: (209) 468-3121
Email: building@sjgov.org
In person: 1810 E. Hazelton Avenue
Stockton, CA 95205
