

03/02/2017 - Updated South Delta River and Slough Closures:

As of this notice all Rivers and other South Delta waterways highlighted on the attached map(s) remain closed to recreational boating traffic (with some exceptions noted below) until further notice by the San Joaquin County, Office of Emergency Services.

Exceptions:

- 1) Orange Highlight on Map = Old River, north of Victoria/Woodward Cut and all the way to the San Joaquin River deep water channel on Old River will be open to all boat traffic with the following restrictions:
 - a. 5MPH (No Wake) speed restriction for all boaters on the entire Old River section described above, two hours before posted high tide, through two hours after posted high tide.
 - b. No speed restriction for all boaters on the entire Old River section described above, outside of the four-hour high tide window described in section "a" above.
- 2) Orange Highlight on Map = Starting north side of the Orwood Railroad Bridge at Old River, heading east on Railroad Slough (south end of Bacon Island), North on Middle River passed Bullfrog Marina and Bacon Island swing bridge, East on Empire Cut (north end of Lower Jones Tract), North on Whiskey Slough, under the McDonald River Bridge and past Tiki Lagun Marina and Turner Cut Resort all the way to the San Joaquin River will be open to all boat traffic with the following restrictions:
 - a. 5MPH (No Wake) speed restriction for all boaters on the Orange highlighted route described above, two hours before posted high tide, through two hours after posted high tide.
 - b. No speed restriction for all boaters on the entire Orange highlighted route described above, outside of the four-hour high tide window described in section "a" above.
- 3) Mildred Island will be the designated recreational area for pleasure boaters in the south delta area while waterway closures remain in effect. This area can be used by Wake-Board boaters, Waver-Runners, Jet Skis, Water Skiers, etc. with the following restrictions:
 - a. 5MPH (No Wake) speed restriction for all boaters on the Orange highlighted route described above, two hours before posted high tide, through two hours after posted high tide.
 - b. No speed restriction for all boaters on the entire Orange highlighted route described above, outside of the four-hour high tide window described in section "a" above.
- 4) The Pink Highlighted on map is closed to pleasure boat traffic.
- 5) None of the closures or restrictions listed above or shown on the attached map apply to emergency vessels, commercial vessels, or vessels operating to perform maintenance and/or repair to Delta Levees as approved by the San Joaquin County Office of Emergency Services.

- 6) Please keep in mind that waves against the levees, particularly at high tides may cause erosion to the levee which increases the threat to the levees.

Frequently Asked Questions

- a. Why are so many Rivers and Sloughs closed?
 - i. The release of water up river combined with heavy rains has caused the Rivers and Sloughs in the south Delta to reach extremely high levels on surrounding levees. Wakes from boats at extreme high tides, could pose a risk to levee stability in some areas.
- b. How long will the closures be in place?
 - i. Until the closures are lifted or modified by the San Joaquin County, Office of Emergency Services. The closures are dependent on water levels in the Delta system which fluctuate with rain events and possibly again in spring or early summer as the snow melts in the surrounding mountains.
- c. What happens if I boat on a closed River or Slough?
 - i. County Sheriff Marine Patrol divisions and the United States Coast Guard will be enforcing the closures.
- d. Where can I pleasure boat while the closures are in effect?
 - i. During the appropriate times outlined in this directive, you can pleasure boat on Old River, Mildred Island, San Joaquin River, or any River or Slough not closed by the San Joaquin County Office of Emergency Services (see attached highlighted map).
- e. Will Bridge operator's open bridges on closed Rivers and Sloughs?
 - i. Only for emergency boat traffic while the closures are in place (Orwood Railroad Bridge, Bacon Island Bridge, and MacDonald River Bridge will open per their normal schedules and all other bridges not in a closed area).
- f. How do I find out about Bridge schedules and when high tide is on any given day?
 - i. You can find bridge and tide information at, DeltaBoating.com
 - ii. <http://deltaboating.com/tides/orwood.php>
- g. Who do I contact if I have questions regarding this directive?
 - i. San Joaquin County Office of Emergency Services, (209) 953.6200
