[X] Categorical Exemption. State type and section number: Class 1, Existing Facilities (15301)
Statutory Exemptions. State code number:

Reasons why project is exempt:

The proposed project would meet the conditions required for projects to be exempt under Class 1 (Section 15301) and would not cause any significant impacts to the environment because it involves using an existing laydown area where the former use was for laydown/storage of material. In accordance with Sections 15300.2, the proposed project would not result in a significant cumulative impact, significant effect on the environment, or impact scenic highways, hazardous waste sites, or historical resources, because impacts from operations would be minimal. The proposed project would not have significant impacts on traffic, noise, air quality, or water quality, nor would it have significant impacts on any other resource area. Accordingly, the proposed project is exempt from the requirements of CEQA.
