California Environmental Quality Act (CEQA) Guidelines Section 15061 (b)(3) states that a project is exempt from CEQA if the activity is covered by the general rule that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. The Community Development Department has determined that the proposed Text Amendment has no possibility of causing a direct or indirect physical change in the environment, much less a significant effect on the environment.
