Fax: (209) 464-1251

PUBLIC NOTICE

As lead agency under the California Environmental Quality Act, the Port of Stockton is providing notice that it has released a Draft Environmental Impact Report (DEIR) to assess the potential environmental effects associated with the following project:

Nevada Cement Company LLC Stockton Terminal Modernization Project

The proposed project is located on the Port of Stockton's East Complex in Stockton, California.

The proposed project includes a lease modification and improvements to an existing cementitious materials receiving and distribution marine terminal located at 205 Port Road 1 on the Port of Stockton's East Complex to improve operational efficiency and expand the terminal. The DEIR is available for review at the Port of Stockton (315 Fyffe Avenue, Stockton, California 95203) and an electronic copy of the DEIR is available for review at <https://www.portofstockton.com/ceqa-documents/>. The review period starting date is September 30, 2026, and ending date is November 13, 2026. The Port is hosting a hybrid in-person and virtual public meeting on Thursday, October 22, 2026, at 5 p.m. at the Port of Stockton Administration Building, 315 Fyffe Avenue, Stockton, California 95203. Information on how to access the meeting is available at <https://www.portofstockton.com/ceqa-documents/>. Please submit your comments on the DEIR by email to ceqa@stocktonport.com or by mail to Jason Cashman, Director of Environmental Affairs, Port of Stockton, P.O. Box 2089, Stockton, California 95201.

Emails must be received by November 13, 2026. Comment letters must be postmarked by November 13, 2026. If you have any questions, please contact Jason Cashman by email (above) or phone at 209-946-0246.
