# REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Grand Jury and Board of Supervisors County of San Joaquin Stockton, California

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of San Joaquin, California (the County), as of and for the year ended June 30, 2007, which collectively comprise the County's basic financial statements and have issued our report thereon dated February 11, 2008. Our report was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Other auditors audited the financial statements of Head Start Child Development Council, Inc., San Joaquin County Economic Development Association, Local Agency Formation Commission or Health Plan of San Joaquin, which collectively represent 100 percent of the assets and revenues of the discretely presented component units. Other auditors also audited the financial statements of the San Joaquin General Hospital Enterprise Fund, a component unit of the County of San Joaquin, which represents 47 percent and 86 percent, respectively, of the assets and revenues of the business-type funds. As well, the Auditor-Controller of the County of San Joaquin, California audited the San Joaquin County Employees Retirement System. This report does not include the results of other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County of San Joaquin's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

The Honorable Grand Jury and Board of Supervisors County of San Joaquin

#### <u>Internal Control Over Financial Reporting</u> (continued)

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph of this section and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County of San Joaquin's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the audit committee, management, Board of Supervisors, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

## REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

The Honorable Grand Jury and Board of Supervisors County of San Joaquin Stockton, California

#### Compliance

We have audited the compliance of the County of San Joaquin, with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2007. The County of San Joaquin's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulation, contracts, and grants applicable to each of its major federal programs is the responsibility of the County of San Joaquin's management. Our responsibility is to express an opinion on the County of San Joaquin's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County of San Joaquin's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County of San Joaquin's compliance with those requirements.

In our opinion, County of San Joaquin complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2007. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedules of findings and questioned costs as items 07-SA-1 and 07-SA-2.

The Honorable Grand Jury and Board of Supervisors County of San Joaquin

## **Internal Control Over Compliance**

The management of the County of San Joaquin is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the entity's internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies and others that we consider to be material weaknesses.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 07-SA-1, 07-SA-2, 07-SA-3, and 07-SA-4 to be significant deficiencies.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control. Of the significant deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs, we consider item 07-SA-1 to be a material weakness.

The County of San Joaquin's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the County's response and, accordingly, we express no opinion on it.

#### Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, and business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of San Joaquin as of and for the year ended June 30, 2007, and have issued

The Honorable Grand Jury and Board of Supervisors County of San Joaquin

#### Schedule of Expenditures of Federal Awards (continued)

our report thereon dated February 11, 2008. The County of San Joaquin's basic financial statements include the operations of its component unit, Head Start Child Development Council, Inc. Our audit, described below, did not include the operations of Head Start Child Development Council, Inc. because this component unit engaged other auditors to perform an audit in accordance with OMB Circular A-133.

Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The Supplementary Statements of Revenues and Expenditures, beginning on page 38, have not been subjected to auditing procedures applied in the audit of the basic financial statements, and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the audit committee, management, Board of Supervisors, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Notes to Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2007

#### Note 1: **Reporting Entity**

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal awards programs of the County of San Joaquin. The County of San Joaquin's reporting entity is defined in Note 1 to the County's basic financial statements. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included in the schedule.

## Note 2: **Basis of Accounting**

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the County and is presented on accounting principles generally accepted in the United States of America. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

## Note 3: Relationship to Financial Statements

The amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree, in all material respects, to amounts reported within the County's financial statements. Federal award revenues are reported principally in the County's financial statements as intergovernmental revenues in the General and Special Revenue funds.

#### Note 4: **Head Start**

Head Start Child Development Council, Inc. (the "Council") is a non-profit organization and a component unit of the County. The Council is subject to its own single audit. Copies of this single audit report may be obtained by contacting the County of San Joaquin's Auditor-Controller's Office.

#### Note 5: Loans Outstanding

The following programs had federally-funded loans outstanding at June 30, 2007:

Federal <u>CFDA</u>	Program Title	Amount Outstanding
11.307 14.218 14.239 14.239	Industrial Revolving Loan Fund Community Development Block Grant Program HOME Investment Partnerships Program Disaster Recovery Initiative Program	\$ 4,148,497 9,048,405 14,085,074 
	Total	\$ 27,398,613

Notes to Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2007

## Note 6: **Program Clusters**

Federal programs, which must be audited together as a program cluster, include the following:

Federal CFDA	Program Title	Federal Expenditures
Food Stan	np Cluster:	
10.551 10.561 10.561	Food Stamps NAFS – Non-Assistance Food Stamps Administration SAWS Administration (HSA)	\$ 68,400,702 3,566,034 175,665
	Total	<u>\$ 72,142,401</u>
WIA Clus	<u>ter</u>	
17.258 17.259 17.260	WIA – Adult WIA – Youth WIA – Dislocated Workers Total	\$ 4,217,041 4,419,692 2,779,732 \$ 11,416,465
Aging Clu		<u>\$ 11,410,405</u>

	Total	\$ 1,938,928

Notes to Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2007

#### Note 6: **Program Clusters** (continued)

#### **Homeland Security Cluster:**

97.004	State Domestic Preparedness Equipment Support	\$ 244,050
97.073	State Homeland Security Program	612,611
	Total	\$ 856,661

#### Note 7: Pass-Through Entities' Identifying Number

When federal awards were received from a pass-through entity, the Schedule of Expenditures of Federal Awards shows, if available, the identifying number assigned by the pass-through entity. When no identifying number is shown, the County determined that no identifying number is assigned for the program or the County was unable to obtain an identifying number from the pass-through entity.

## Note 8: **Department of Aging Federal/State Share**

Beginning with the fiscal year ended June 30, 2005, the California Department of Aging (CDA) requires agencies who receive CDA funding to display state-funded expenditures discretely along with federal expenditures. The County expended the following state and federal amounts under these grants:

<u>CFDA</u>	Federal Expenditures	State Expenditures
10.576	\$ 14,680	\$
93.041	1,337	392
93.042	24,688	3,301
93.043	54,285	1,575
93.044	512,143	62,569

Non-Compliance in Relation to a

Compliance Supplement Audit Objective

Award No.

Year: 2006-2007

#### Criteria

As required by § 1137 of the Social Security Act, income and benefit information from the Income Eligibility and Verification System (IEVS) database must be requested and used when making eligibility determinations. The County must review and compare the information obtained from IEVS against information contained in the case record to determine whether it affects the individual's eligibility or level of assistance, benefits or services.

#### Condition

We tested twenty-four TANF case files and noted that five case files did not have a current IEVS document for at least one assisted member of the family. We also noted that in another case the IEVS was not signed by the eligibility worker.

#### **Questioned Costs**

Undetermined. The percentage of clients who misreport their income is minimal. IEVS on the exception cases, which were requested after the audit, did not show any misreporting of income.

#### **Perspective**

We assumed an average number of individuals requiring an IEVS per case of 3.5. Making this assumption, the error rate for missing IEVS in our testing was 13%. The error rate for unsigned IEVS was 4.2%.

Schedule of Findings and Questioned Costs For the Year Ended June 30, 2007

Program

## Findings/Noncompliance

#### Finding 07-SA-1

## **Effect of Condition**

CFDA 93.558 (continued)

The IEVS system is an elaborate, federally-mandated system which compiles government information for the purpose of tracking federal program eligibility data. Not requesting and using IEVS in eligibility determination can result in individuals receiving benefits to which they are not entitled.

#### Recommendation

We recommend that the Department review this omission to request, review, and compare the IEVS to information in the case record. We recommend that the Department attempt to determine why the current system of controls failed to prevent these exceptions and that the Department establish and enforce a policy designed to ensure that IEVS information is received, reviewed and documented in each case.

#### Corrective Action Plan

San Joaquin County agrees with the recommendation. Although we have established procedures dealing with verifying income and assets of persons applying for/receiving benefits, we will re-emphasize with staff the importance of obtaining IEVS information, reviewing it and documenting it in each case. Workers will also be reminded of the requirement to sign and date the reports. Corrective Action Plan to be implemented by March 3, 2008.

The contact person is Beverly Yoneshige, Deputy Director – Administration. Her telephone number is (209) 468-1762.

Reporting Requirement: Significant Deficiency; Material

Non-Compliance in Relation to a

Compliance Supplement Audit Objective

CFDA 93.558

(TANF)

Award No. We tested eligibility Year: 2006-2007 following exceptions

We tested eligibility in twenty-four TANF cases and noted the following exceptions.

#### Criteria and Condition

Welfare-to-Work: Each adult receiving Federal assistance must participate in the Welfare to Work (WTW) Program, unless the person is exempt by reason of their status or the person is granted an exemption.

In one case, a client's medical exemption expired in November 2006. The eligibility worker should have notified the WTW staff to reinitiate the case at that time but did not.

Birth Certificate or Alternate proof of age and citizenship: The California Department of Social Services Manual of Policies and Procedures requires that an individual applying for TANF provide a birth certificate or other enumerated, alternate documents to show birth, age, and citizenship.

In four cases, the file did not contain a birth certificate or other enumerated, alternate documents to show birth, age, and citizenship for one assisted member of the family.

*Updating Client's Income:* In determining eligibility for TANF, the County is required to have facts in the case record to support its eligibility determination and a written application, signed under penalty of perjury. The County must use these documents in determining eligibility and benefit amount.

In one case, the quarterly income report showed income was reduced to zero. At that time, the eligibility worker should have run EDBC but did not. This error resulted in an incorrect aid amount.

Schedule of Findings and Questioned Costs For the Year Ended June 30, 2007

Program	ı
I I O SI uii	

## Findings/Noncompliance

#### Finding 07-SA-2

## **Questioned Costs**

CFDA 93.558 (continued)

Undetermined. The exception criteria did not disclose that the clients were ineligible for benefits. For "updating client's income" exception, the client's benefit amount went up, which lowered federal costs.

## **Perspective**

For birth certificates or allowable alternates, we compute the error rate by multiplying the total cases tested by the average number of assisted members of a family of 3.5. Therefore we compute the error rate for birth certificates at 4.8%. The error rate for the omission to assign WTW activities is 4.7% and for inputting and updating income information is also 4.7%.

#### **Effect of Condition**

The effect of the exceptions enumerated above is that clients might receive benefits to which they are not entitled.

#### Recommendation

We recommend that the Department review the facts regarding these exceptions and determine whether (1) each is an isolated instance of noncompliance; or (2) procedures might be implemented to prevent recurrence of these errors. If further internal controls are warranted, we recommend that the Department establish and enforce such improved internal control system.

#### Corrective Action Plan

San Joaquin County agrees with the recommendation and will review and determine whether the exceptions were isolated oversights. We will also review our current procedures to determine whether they need to be updated or additional training is needed. Corrective Action Plan to be implemented by March 3, 2008.

Award No. n/a Year: 2006-2007

Federal Grantor: U.S. Department of Health and Human

Services; U.S. Department of Agriculture

State Department of Social Services Pass-Through Entity:

Compliance Requirement: Reporting

Significant Deficiency Reporting Requirement:

#### Criteria

The state requires that each county submit a quarterly County Expense Claim (CEC). The CEC is used to allocate indirect costs to different state and federal programs that are typically run by the County Social Services Department and claim reimbursement of those costs from the state. It is necessary for counties to reconcile the CEC with the general ledger to ensure that the county does not over claim its expenses and receive more money than they should.

#### Condition

We tested the third quarter CEC. Initially, in the reconciliation between the CEC and the general ledger, a discrepancy of \$23,188 existed. Two weeks after the audit, however, the county submitted a revised reconciliation which reduced the discrepancy to \$3,164.

#### **Questioned Costs**

No costs are questioned as the actual expenditures shown in the general ledger exceeded the County Expense Claim.

#### Perspective

No further information would provide a better perspective.

#### Effect of the Condition

Not reconciling general ledger activity to expenditures reported in the quarterly CEC claims can result in inaccurate claims and, conversely, can result in lost opportunity to claim allowable costs.

Schedule of Findings and Questioned Costs For the Year Ended June 30, 2007

#### Program

#### Findings/Noncompliance

#### Finding 07-SA-3

## CFDA 10.551, 10.561, 93.558, and 93.659 (continued)

#### Recommendation

We recommend that the County enforce the policy of requiring that the general ledger activity be reconciled to the quarterly County Expense Claims (CEC). Enforcing this policy would identify errors and needed corrections before the claims are mailed to the California Department of Social Services. Such reconciliations are an excellent internal control over the accuracy and completeness of the CEC.

#### Corrective Action Plan

San Joaquin County agrees that the general ledger activity be reconciled with the quarterly County Expense Claims (CEC). However waiting for different staff to reconcile the general ledger with the Auditor Controller's month end reports does not provide sufficient time for the quarterly CEC to be completed and submitted timely. Any corrections to the submitted CEC are set aside so that only one amended CEC is submitted to the California Department of Social Services prior to the final filing deadline. Corrective Action Plan to be implemented by March 3, 2008.

The contact person is Beverly Yoneshige, Deputy Director -Administration. Her telephone number is (209) 468-1762.

#### Finding 07-SA-4

## Criteria (continued)

creating obligations; .142 The EBT Contractor's EBT system that is managing the recipient benefits accounts and outstanding obligations; §16-410.1.142 The funding system that is managing the funds required for settling the outstanding obligations."

Further, 7 CFR § 274.12 (j)(1) requires that reconciliations be conducted and records kept documenting the various reconciliation procedures including, but not limited to, the following: "(v) reconciliation of total funds enter[ing] into . . . the system each day."

### **Condition**

We inquired about the daily Food Stamp EBT reconciliations and were informed that the daily reconciliations were not done because the County could not account for over-the-counter EBT benefits where the EBT card was embossed but not pinned.

## <u>Perspective</u>

Though the daily reconciliations are not being performed, our review of monthly DFA 885 reports and supporting documentation did confirm that reconciliations were being performed on a monthly basis in the process of completing the required reports.

#### **Effect of Condition**

Daily reconciliations are federally mandated. Good internal controls require that the Food Stamp EBT daily reconciliation be completed and documented. If documentation is not kept, cumulative reconciliations could become difficult to perform and errors could more easily go undetected.

## Recommendation

We recommend that County staff perform the required daily reconciliation of the food stamp benefits as required by 7 CFR § 274.12 and the California Department of Social Services Manual (California–DSS-Manual-EBT), §16-410.1. We also recommend that

Compliance Requirement: Eligibility

Reporting Requirement: Reportable Condition; Material Noncompliance In Relation to a Compliance Supplement Audit

*Objective* 

### Recommendation

We recommend that the County review its current system of ensuring that the TANF sixty-month, time-on-aid limit is not exceeded. We further recommend additional eligibility worker training on the TANF sixty-month, time-on-aid limit and/or additional supervisory review of required procedures related to the TANF sixty-month, time-on-aid limits.

#### Status

Partially implemented. The County had a single exception on the TANF 60-month, time-on-aid limit out of 24 cases tested, which is a significant improvement over the prior year.

#### Corrective Action Plan

Extensive instructions have been revised and included in the Agency's CalWORKS Handbook. These instructions include more detail on the TANF time limit. It also explains the importance of stopping the TANF clock at sixty months so that claiming errors are not created. The revised Handbook pages were published and out to staff by March 24, 2006. Also, mandatory training on time limits was as well conducted for Eligibility staff.

The contact person for this project is Beverly Yoneshige. Her telephone number is (209) 468-1762.

	Dates	06/30/06	for Year	Share	Share	Cost	06/30/07
State Match Regional Transportation Program X06-5929 (169)	07/01/05 to 06/30/06	\$ 100,000	\$	\$	\$	\$	\$ 100,000
State Match Regional Transportation Program X07-5929 (174)	07/01/06 to 06/30/07				<del></del>		
		\$ 100,000	\$	\$	\$	\$	\$ 100,000

Note 1: This schedule reports the expenditures on the accrual basis of accounting for the reporting fiscal year.

Note 2: Any cost in excess of the award amount is absorbed by the County and reported under the County's Share column.

Note 3: If a project was approved by the State in the current year and eligible costs were incurred in prior years, the county share of the costs for the current year then was reduced and the eligible cost was reported as the State's cost for the current year.
