# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Board of Supervisors County of San Joaquin Stockton, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of County of San Joaquin (the County), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated April 10, 2024. Our report includes a reference to other auditors who audited the financial statements of the San Joaquin County Employees' Retirement Association and the Health Plan of San Joaquin, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

#### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Honorable Board of Supervisors County of San Joaquin, California

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2023-001, 2023-002 and 2023-003 that we consider to be material weaknesses.

## Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### County's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the County's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

#### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE, AND REPORT ON THE SUPPLEMENTAL SCHEDULES OF OFFICE OF CALIFORNIA STATE DEPARTMENT OF AGING GRANTS AND CALIFORNIA DEPARTMENT OF COMMUNITY SERVICES AND DEVELOPMENT

Honorable Board of Supervisors County of San Joaquin Stockton, California

# Report on Compliance for Each Major Federal Program Opinion on Each Major Federal Program

We have audited County of San Joaquin's (the County) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of County of San Joaquin's major federal programs for the year ended June 30, 2023. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative* Requirements, *Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

## Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the County's federal programs.

### Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the County's internal control over compliance relevant to the audit in
  order to design audit procedures that are appropriate in the circumstances and to test and
  report on internal control over compliance in accordance with the Uniform Guidance, but not for
  the purpose of expressing an opinion on the effectiveness of the County's internal control over
  compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We have issued our report thereon, dated April 10, 2024, which contained unmodified opinions on those financial statements. Our report includes a reference to other auditors who audited the financial statements of the San Joaquin County Employees' Retirement Association and the Health Plan of San Joaquin, as described in our report on the County's financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

## Honorable Board of Supervisors County of San Joaquin, California

#### Other Information

Management is responsible for the other information included in the annual report. The other information comprises Supplementary Schedules of the Department of Community Services and Development and the California Department of Aging but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

## COUNTY OF SAN JOAQUIN NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS JUNE 30, 2023

#### NOTE 1 BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the County of San Joaquin, California (the County) under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County. Negative amounts, if any, shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in the prior years.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported in the Schedule are reported on the modified accrual basis of accounting, except for subrecipient expenditures, which are recorded on the cash basis and certain U.S. Department of Health and Human Resources programs that are reported on a cash basis in accordance with guidance provided by the California Health and Human Services Agency. When applicable, such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

#### NOTE 3 INDIRECT COST RATE

The County has not elected to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

#### NOTE 4 PASS-THROUGH ENTITIES' IDENTIFYING NUMBER

When federal awards were received from a pass-through entity, the Schedule shows, if available, the identifying number assigned by the pass-through entity. When no identifying number is shown, the County has determined that no identifying number is assigned for the program, or the County was unable to obtain an identifying number from the pass-through entity.

## NOTE 5 AGING CLUSTER

The California Department of Aging considers other closely related pass-through programs by the state to be included with the Aging Cluster, in accordance with 2 CFR 200.12.

## COUNTY OF SAN JOAQUIN NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS JUNE 30, 2023

#### NOTE 6 MEDICAID CLUSTER

Except for Medi-Cal administrative expenditures, Medicaid (Medi-Cal) and Medicare program expenditures are excluded from the schedule of expenditures of federal awards. These expenditures represent fees for services; therefore, neither is considered a federal award program of the County for purposes of the schedule of expenditures of federal awards or in determining major programs. The County assists the state of California (the State) in determining eligibility and provides Medi-Cal and Medicare services through County-owned health facilities, Medi-Cal administrative expenditures are included in the schedule of expenditures of federal awards as they do not represent fees for services.

#### NOTE 7 OUTSTANDING LOANS WITH FEDERAL FUNDS

Outstanding federally-funded program loans, without continuing compliance requirements, carried balances as of June 30, 2023 as follows:

## Section II - Financial Statement Findings

## <u>2023 - 001</u>

Type of Finding: Material Weakness in Internal Control over Financial Reporting

**Condition:** Based on our audit procedures performed over the Schedule of Expenditures of Federal Awards (SEFA), we identified that the SEFA did not go through the County's formal review process. It appears the SEFA was prepared and approved by one individual which led to \$4.3 million of adjustments being made to the SEFA under audit.

**Criteria or specific requirement:** Internal controls should be established over the SEFA preparation process in which the preparation and review functions are segregated to ensure completeness and accuracy of the schedule.

**Context:** The adjustment represents approximately 2 percent of total federal expenditures reported on the SEFA.

Effect: The lack of review over the preparation of the SEFA lead to material misstatements to the SEFA

Cause: The County's formal review process of the SEFA did not detect and correct a material misstatement.

**Repeat Finding:** The finding is a repeat of a finding in the prior year. Prior year finding number was 2022-003.

**Recommendation:** We recommend the County implement policies and procedures to the SEFA preparation process to ensure the SEFA is complete and is prepared and reviewed by separate individuals.

**Views of responsible officials and planned corrective actions:** Management agrees with the finding and has implemented procedures to ensure proper review of information on the SEFA.

### Section II – Financial Statement Findings (Continued)

### 2023 - 002

Type of Finding: Material Weakness in Internal Control over Financial Reporting

**Condition:** During our testing over accrued liabilities, we observed that the Hospital for the year ended June 30, 2022 and prior, had received funds related to reimbursement grants and had recorded the funds received as unearned revenue instead of recognizing the revenue in the prior received. As a result, other current assets, unearned revenue, other nonoperating revenues have been restated to reflect an increase in the Hospitals beginning Net position for the year ended June 30, 2022 of \$5.2 million.

**Criteria or specific requirement:** The Hospital should maintain policies to review grant agreements to determine proper revenue recognition.

**Context:** The condition above was observed in our testing over accrued liabilities.

Effect: The Hospital's financial statements for the year ended June 30, 2023 were misstated.

**Cause:** The Hospital departments responsible for the grants were unable to provide support to the finance team to determine that the funds had been expended in accordance with the grant. However, being a reimbursement grant, the funds are received after the services are provided and support for those services are provided to the grantor.

Repeat Finding: Not a repeat finding.

**Recommendation:** We recommend that the Hospital should review grant agreements to determine proper revenue recognition on when the funds are earned.

Views of responsible officials and planned corrective actions: Management agrees with the finding and has implemented procedures to determine when grant funds are earned.

## Section II – Financial Statement Findings (Continued)

## **2023 - 003**

Type of Finding: Material Weakness in Internal Control over Financial Reporting

**Condition:** During our testing of property taxes receivable and unavailable revenue, we noted the County had classified the reserve for tax loss reserve fund as an allowance for uncollectable accounts instead of restricted fund balance. This resulted in the property tax receivable and fund balance in the General Fund being understated by \$33.8 million.

**Criteria or specific requirement:** The tax loss reserve should be presented as restricted fund balance and not as an offset to the secure property tax receivable.

**Context:** The \$33.8 million tax loss reserve was approximately 37 percent of the secured property tax receivable balance.

**Effect:** Property tax receivable and restricted fund balance in the General Fund was understated by \$33.8 million

**Cause:** The County had presented its property tax loss reserve balance net of the secured property tax receivable instead of restricted fund balance.

Repeat Finding: Not a repeat finding.

**Recommendation:** We recommend the County present the tax loss reserve as restricted fund balance instead of as an allowance net of property taxes receivable, especially when considering secured property taxes are fully collectible either through collections or sale of the underlying property of the taxes become delinquent.

We further recommend the County review its unavailable revenue balance at year-end to ensure it is properly updated to reflect the portion of the receivable that is not collected within the County's 60-day availability period.

Views of responsible officials and planned corrective actions: Management agrees with the finding and has corrected the current year financial statements.

Section III - Findings and	Questioned Costs -	Major Federal	<b>Programs</b>
----------------------------	--------------------	---------------	-----------------

Our audit did not disclose any matters required to be reported in accordance with 2 CFR 200.516(a).
