SUBJECT: CRACK SEAL 2024

Dear Resident:

The San Joaquin County (County) Department of Public Works (Public Works) is pleased to announce a project to crack seal approximately 24 miles of existing roadways throughout the County with crack treatment material. The enclosed maps shows the streets that will be treated in your area.

Construction is scheduled to commence on or about April 8, 2024, and is expected to be completed in about eight weeks, weather permitting.

During construction, parking and driveway access may be restricted; however, full access will be available at night. We understand that construction can be disruptive, and we value your patience and cooperation as we endeavor to complete the project as efficiently as possible.

For inquiries regarding this project, please contact me at (209) 468-8089 or by email at hsanchez-santos@sjgov.org.

Sincerely,

Hugo Sanchez
