

# PUBLIC MEETING FOR UPCOMING CONSTRUCTION OF LINCOLN VILLAGE WATER MAIN REPLACEMENT PROJECT PHASE 1B

Project funded by the Environmental Protection Agency  
Sustainable Water Infrastructure Grant

Join Us on March 5, 2026, at 6:00PM

San Joaquin County Department of Public Works cordially invites you to attend this public meeting for the **Lincoln Village Water Main Replacement Project Phase 1B**.

The project will replace the existing water mains, lateral service connections, and fire hydrants to reduce maintenance costs, eliminate water leaks, and improve water flow, pressure, and quality. Additionally, water meter boxes will be installed for future metering.

There will be a brief presentation providing a general overview of the project and its benefits, and staff will be on hand to answer your questions.

For specific questions regarding how the project may affect your property or water service, **please contact Robert Davalos** our Community Infrastructure Engineering Manager, at [rdavalos@sjgov.org](mailto:rdavalos@sjgov.org) or 209-468-3697.
