

CANEPA'S CORNER

A District 2 Dialogue

January 2026

As we turn the calendar and look forward to new chapters in a new year, I want to take a moment to say thank you. Serving you on the San Joaquin County Board of Supervisors continues to be a privilege.

This past month, I have been especially inspired by the generosity of our community. So many local nonprofits and volunteers came together to make the holidays brighter through food drives, toy giveaways, and countless acts of kindness. Their dedication reminds us what makes San Joaquin County strong: neighbors helping neighbors, quietly and without fanfare. To everyone who donated, organized, wrapped, or delivered, thank you.

This 175th anniversary year gave us plenty to celebrate. We made progress on strengthening public safety, expanding access to health services, and investing in the everyday quality of life that makes our community a place we are proud to call home. Roads, parks, mental health care, emergency response, these are not flashy topics, but they matter. They matter when a family feels safe, when help is available during a crisis, and when our neighborhoods remain strong and connected.

We also know the work is not finished. Challenges remain, and some will follow us into the new year

whether we invite them or not. My commitment to you is steady and straightforward, to keep listening, to keep pushing for practical solutions, and to keep focusing on health, safety, and a quality of life that works for people who live and work here.

Thank you for your trust, your patience, and your commitment to our community. I will bring all three with me into the year ahead.
