### **Why:**

This is an opportunity for San Joaquin County CBOs/NCOs to enhance projects that align with the [Board of Supervisors' Strategic Priorities](#) in support of community needs. [Review the RFA](#) for detailed eligibility and application instructions. Highlights include:

- CBOs/NCOs may submit one-time funding requests to the County Administrator's Office between July 1–31, 2025.
- The County Administrator's Office will review all requests and make recommendations based on established criteria, with final decisions made by the Board of Supervisors in late September 2025.
- Operating costs are ineligible. Funding is intended for one-time, non-recurring needs.
- One-time funding may be requested for phased projects that could be discontinued without impacting the organization's core operations.
- Some requests may be denied if the organization does not meet eligibility standards or does not serve a broader, Countywide population.
- Projects with a Countywide impact may be prioritized over single-community initiatives.
