

# EUNA Fund Development Prospecting License Application

## SUMMARY

San Joaquin County is pleased to offer a limited number of non-exclusive EUNA licenses—valued at up to \$3,000—to support community-based organizations and County departments in identifying and securing funding. Individuals are ineligible for EUNA licenses. This resource is intended to advance projects that align with the Board of Supervisors’ Strategic Priorities and deliver meaningful benefits to our community. The EUNA licenses are not intended for large organizations like national nonprofits or educational institutions, but intended for local, community-based organizations.

Because EUNA licenses are limited and represent a significant investment, recipients are expected to actively use the tool. Accounts will be periodically audited for utilization, and accounts that do not meet appropriate levels of utilization in the sole discretion of the County, may be reassigned at the sole discretion of the County. EUNA Licenses are issued to a single user and may not be shared. The issuance of EUNA licenses is at the sole discretion of County Administration staff.
