

# 15 'til 50 Mass Casualty Incident Response for Healthcare Facilities Webinar

**Wednesday, September 6, 2023  
1000 to 1130 Hours**

## **Summary:**

15 minutes 'til 50 patients (15'til 50) is a mass casualty incident (MCI) response plan that enables healthcare entities to rapidly deploy staff, supplies and equipment within 15 minutes of an MCI event to receive 50 or more patients. This is accomplished by utilizing staff and supplies on hand to ensure facilities are set up for success when failure is not an option.

## **Overview:**

- Initiation Activities
- Staging & Set-up Procedures
- Roles and Responsibilities
- Hospital vs Clinics
- Pediatric Considerations
- 15 'til 50 Toolkit

## **Instructor:**

The webinar will be taught by Christopher Riccardi, CHSP, CHEP, the Manager of Emergency Management and Business Continuity for Children's Health of Orange County. Mr. Riccardi was the visionary and lead planner behind the 15 'til 50 program.
