

TITLE 19. PUBLIC SAFETY
DIVISION 2. OFFICE OF EMERGENCY SERVICES
CHAPTER 2. EMERGENCIES AND MAJOR DISASTERS
SUBCHAPTER 3. DISASTER SERVICE WORKER VOLUNTEER PROGRAM

§ 2570. Short Title.

This subchapter shall be known and may be cited as the Disaster Service Worker Volunteer Program (DSWVP) Regulations.

§ 2570.1. Purpose.

The Legislature has long provided a state-funded program of workers' compensation benefits for disaster service worker volunteers who contribute their services to protect the health and safety and preserve the lives and property of the people of the state. This program was established to protect such volunteers from financial loss as a result of injuries sustained while engaged in disaster service activities and to provide immunity from liability for such disaster service worker volunteers while providing disaster service.

§ 2570.2. Definitions.

(a) Disaster Service Worker.

(1) A disaster service worker is any person registered with a disaster council or the Governor's Office of Emergency Services, or a state agency granted authority to register disaster service workers, for the purpose of engaging in disaster service pursuant to the California Emergency Services Act without pay or other consideration.

(2) Disaster service worker includes public employees, and also includes any unregistered person impressed into service during a state of war emergency, a state of emergency, or a local emergency by a person having authority to command the aid of citizens in the execution of his or her duties.

(3) Exclusion: Disaster service worker does not include any member registered as an active fire fighting member of any regularly organized volunteer fire department, having official recognition, and full or partial support of the county, city, town or district in which such fire department is located.

(b) Disaster Service.

(1) Disaster service means all activities authorized by and carried on pursuant to the California Emergency Services Act, including approved and documented training necessary or proper to engage in such activities.

(2) Exclusion. Disaster service does not include any activities or functions performed by a person if the disaster council with which the person is registered receives a fee or other compensation for the performance of that person's activities or functions.

(c) Training. For purposes of these regulations, training is a planned activity sponsored by a disaster council (or designated agency or authority) and may include classroom instruction, disaster drills or exercises, or related activities that are designed to enhance the disaster response skills (including safety) of the disaster service worker.

(d) Disaster Council. A disaster council is a public agency established by ordinance which is empowered to register and direct the activities of disaster service workers within the area of the county, city, city and county, or any part thereof. In this respect, the disaster council is acting as an instrument of the state in aid of carrying out general state government functions and policy with regard to disaster services.

(e) Accredited Disaster Council. A disaster council may become accredited through certification by the California Emergency Council, or the Governor when the Emergency Council is not meeting, when the disaster council agrees to follow and comply with the rules and regulations established by the Emergency Council pursuant to the provisions of the Emergency Services Act. Upon certification, and not before, the disaster council becomes an accredited disaster council. A disaster council remains accredited only while the certification of the California Emergency Council is in effect and is not revoked.

(f) Auxiliary Fire Fighter. An auxiliary fire fighter is a person recruited, registered and trained as a supplement or reserve for unusual fire emergencies or disaster situations. Workers' compensation benefits for auxiliary fire fighters may be provided by the state. An auxiliary fire fighter is not a "volunteer fire fighter," who is a person recruited and trained to meet the day-to-day operational requirements of a fire department. Workers' compensation insurance premiums for the volunteer fire fighter are the responsibility of the local government or fire entity.

(g) Public Employee. All persons employed by the state or any county, city, city and county, state agency or public district, excluding aliens legally employed, are considered to be public employees.

(h) Convergent Volunteers. Convergent volunteers are individuals that come forward to offer disaster response and recovery volunteer services, during a disaster event. Convergent volunteers are not persons impressed into service at the scene of an incident.

(1) For purposes of these regulations only, the ratios between auxiliary fire fighters, volunteer fire fighters, and paid fire fighters shall be one auxiliary for one volunteer and three volunteers for one paid fire fighter. The basis for applying these ratios is that the staffing of an engine company, truck company, or a squad shall not exceed six paid fire fighters, and a salvage and rescue company shall not exceed two paid fire fighters. A fire department that has no volunteer fire fighters is limited to three auxiliary fire fighters for each paid fire fighter in the companies and squads, staffed as above. These staffing standards are based on the number of first line (not reserve) apparatus operated by the fire department.
