Radiation Instruments Operations (PER-345) – Morning Session

Hosted By: San Joaquin OA Healthcare Coalition

Location: San Joaquin County Agricultural Center
2101 E. Earhart Ave. Stockton, CA
Assembly Rooms 1 and 2

Date and Time: Tuesday March 24, 2026 / 0800-1200

Course Length: 4 Hours (1/2 Day)

Recommended Prerequisite: Free online course
Introduction to Radiological/Nuclear WMD Operations (AWR-140)
<https://ctos.acadisonline.com/AcadisViewer/WebForms/Public/DataCollectorList.aspx>

Cost: FREE

Course Description:

This half-day course trains emergency responders and healthcare personnel to select and use the appropriate instrument for a radiological/nuclear incident. Participants will learn the basic operation and application of survey instruments, dosimeters, personal radiation devices, radio-isotope identification devices and portal monitors. For the experienced operator, this course provides a refresher on multiple radiation detection platforms.

Attendees are encouraged to bring their own agency/organization's instruments if possible. This course uses sealed radioactive sources to provide realism.

U.S. Department of Homeland Security / FEMA Funded Course
