

## UNDERGROUND STORAGE TANK LOCAL OVERSIGHT AND SITE MITIGATION PROGRAMS

**Objective** - To protect groundwater quality by ensuring adequate and appropriate cleanup of UST petroleum contamination.

**Authority** - *California Health & Safety Code* Section 25297.1 (Local Oversight Program) and Sections 101480 and 25299.37 (Site Mitigation).

**Workload** - 94 Local Oversight Program sites and 43 Site Mitigation sites.

## CERTIFIED UNIFIED PROGRAM AGENCY (CUPA) PROGRAMS

**Objective** - To coordinate the permitting, fees, inspection and enforcement activities for hazardous waste and materials programs. The CUPA programs include Hazardous Materials Business Plans and Risk Management Plans, Hazardous Waste Generator, Tiered Permitting, Underground and Above-ground Storage Tanks and Hazardous Materials Emergency Response.

**Authority** - *California Health and Safety Code* Section 25180; SJC Board of Supervisor's Resolution 95-760.

## HAZARDOUS WASTE GENERATOR AND TIERED PERMITTING

**Objective** - To protect public health and the environment from exposure to hazardous wastes.

**Authority** - *California Health and Safety Code* Section 25200 et seq.; *California Code of Regulations* Title 22, Sections 66001 et seq. and 67450.2 et seq.

**Workload** - 2,242 hazardous waste facilities and tiered permitted facilities.

## ABOVEGROUND AND UNDERGROUND STORAGE TANKS

**Objective** - To protect public health and the environment from exposure to hazardous materials stored in storage tanks.

**Authority** - *California Health and Safety Code* Section 25280 et seq. (Underground Tanks); *California Health and Safety Code* Section 25270 et seq. (Aboveground Tanks); *California Code of Regulations* Title 22, Section 2620 et seq.; SJC Board of Supervisor's Resolution 84-513 and 08-169.

**Workload** - 223 underground tank facilities (813 underground storage tanks) and 804 aboveground tank facilities.

## HAZARDOUS MATERIALS PROGRAMS

**Objective** - To protect public health and the environment from exposure to hazardous substances/Community Right to Know.

**Authority** - *California Health and Safety Code* Section 25500 et seq.; *California Code of Regulations* Title 19, Section 2620 et seq.

**Workload** - 3,959 hazardous materials facilities.

# Environmental Health Programs

## HOUSING ABATEMENT

**Objective** - To ensure minimum residential housing standards.  
**Authority** - Ordinance Code of SJC Section 8-5003; California Health & Safety Code Section 17910 et seq.  
**Workload** - Approximately 140 active cases.

## EMPLOYEE HOUSING

**Objective** - To ensure minimum standards of habitation for agricultural worker housing as specified in the State Employee Housing Act.  
**Authority** - SJC Board of Supervisor's Resolution 72-211; California Health & Safety Code Section 17000 - 17062.5.  
**Workload** - 54 facilities.

## HOTEL/MOTEL

**Objective** - To ensure compliance with State Housing Law related to use, occupancy, sanitation and environmental factors.  
**Authority** - California Health & Safety Code Section 17961; Stockton Municipal Code Section 7-111.1(h).  
**Workload** - 113 facilities.

## INSTITUTIONS

**Objective** - To enforce housing standards for sanitation, occupancy and maintenance at jail and detention facilities.  
**Authority** - California Health & Safety Code Section 101045.  
**Workload** - 14 facilities.

## CHILDHOOD LEAD POISONING PREVENTION

**Objective** - To identify and abate environmental sources of lead poisoning in children through inspection, investigation, education and enforcement.  
**Authority** - Childhood Lead Poisoning Prevention Program Contract with Partner Public Health Services as authorized by California Health & Safety Code Section 105290.

## VECTOR CONTROL

**Objective** - To reduce vector nuisance complaints and the potential health threat of flies, cockroaches or other vectors associated with human disease.  
**Authority** - Ordinance Code of SJC Section 5-2300 – 5-2401.  
**Workload** - 7 poultry ranches, 22 kennel facilities.

## LAND USE/LAND DEVELOPMENT

**Objective** - To prevent health hazards and mitigate environmental degradation from land development projects.  
**Authority** - Ordinance Code of SJC Sections 9-205.4(d), 9-1105.2, 1120.2 – 1120.3  
**Workload** - Approximately 514 land use, soil suitability studies and business license reviews; about 75 Planning and Community Development meetings.

## FOOD PROTECTION

**Objective** - To prevent the occurrence of food-borne illnesses and to promote safe food preparation, production and service in clean and appealing food facilities.  
**Authority** - California Health & Safety Code Section 113725 et seq.  
**Workload** - Approximately 3,767 facilities.

## RECREATIONAL HEALTH

**Objective** - To assure that all public recreational waters, swimming pools and spas are free of safety hazards, disease and life threatening occurrences.  
**Authority** - California Health & Safety Code Sections 116053 and 116055; California Code of Regulations Title 22, Sections 65501—65551.  
**Workload** - Approximately 617 pools/spas/natural bathing areas.

## SMOKING ENFORCEMENT

**Objective** - To protect public health through education and enforcement of State and Local anti-smoking laws.  
**Authority** - California Labor Code Section 6404.5; Ordinance Code of SJC Section 5-1308.  
**Workload** - Approximately 1-9 complaints per year.

## MILK AND DAIRY

**Objective** - To ensure safe and wholesome milk by inspection and quality control for dairy farm sanitation and milk grading.  
**Authority** - California Food and Agricultural Code Section 32503.  
**Workload** - 111 Grade A dairies, 1 milk dispenser unit.

## LIQUID WASTE

**Objective** - To prevent the spread of disease and environmental contamination by ensuring proper handling and disposal of sewage effluent.  
**Authority** - California Health & Safety Code Sections 117415– 117420; Ordinance Code of SJC Sections 5-2902, 5-3016, 9-1110.  
**Workload** - Approximately 410 septic permits/consultations; 33 treatment plants; 116 pumper trucks and yards; 1655 chemical toilets.

## SMALL PUBLIC WATER SYSTEMS

**Objective** - To protect public health and prevent disease by assuring small public water supplies are at all times safe, potable and available in adequate quantity.  
**Authority** - California Health & Safety Code Sections 116330-116345, and 116800.  
**Workload** - 495 small public water systems.

## WELL SYSTEMS

**Objective** - To ensure safe and potable domestic water supplies and protect groundwater quality through regulation of well construction, repair and destruction.  
**Authority** - California Water Code Section 13801; Ordinance Code of SJC Sections 5-4303, 9-1115; Municipal Codes of Lodi, Manteca, Tracy, Escalon, Ripon.  
**Workload** - 1,005 well, pump and boring permits.

## MEDICAL WASTE

**Objective** - To protect the general public, health care facility and solid waste management personnel from injury and exposure to pathogenic organisms in medical wastes.  
**Authority** - California Health & Safety Code Section 117620.  
**Workload** - 59 medical waste facilities.

## SOLID WASTE

**Objective** - To protect public health and the environment by regulating the storage, collection, transportation and disposal of solid waste.  
**Authority** - SJC Board of Supervisor's Resolution 92-112; Ordinance Code of SJC Sections 5-2100– 5-2900 et seq.; California Public Resources Code Section 43101.  
**Workload** - 3 landfills, 69 solid waste facilities, 282 refuse vehicles, 805 waste tire facilities, haulers.
