

Account Access Guide

Connecting to your retirement plan

Two of the most important aspects of retirement planning are: the ability to manage your own account, and the ability to get account information when you want it. With MassMutual as your plan administrator, you can easily access and manage your account the way you want virtually anywhere and at anytime. Easy access to your retirement account means you're in control of your future.

MassMutual's interactive retirement planning website www.retiresmart.com allows you to access your account online 24 hours a day, 7 days a week. Accessing your retirement account online is easy if you follow these simple steps.

► Educational content on www.retiresmart.com

MassMutual offers online learning resources before login, to help you take an active role in planning and saving for retirement today. Visit our RetireSmart website at www.retiresmart.com to gain access to a wide range of interactive tools, which include:

- Results-based calculators
- Flash-animated tutorials
- Insightful articles
- Interactive charts
- Workshops

► Accessing your retirement account

The next time you log in to www.retiresmart.com, you will be guided through steps to establish new, stronger and more secure usernames and passwords. In addition, you will choose security questions and have the opportunity to register your device.

You'll only need to do this once, and these stronger security measures will help keep your identity safe and your account protected.

Step 1: When you are ready to access your account, enter your Username and click **Log In**.

Existing Account, click here.

New User: If this is your first time logging on, you will need to click on "Create Account."

We'll help you get there.®

Step 2: Enter your password.

Enter your Password

Please enter your password. If we do not recognize this device you will be asked to verify your identity on the next screen.

► How much should you save for retirement?

Explore the RetireSmart Ready Tool, located on the home page, to help determine your retirement goals and how to achieve them.

The RetireSmart Ready Tool, an online analysis tool that can potentially give you a simple way to assess your chances of having enough income in retirement, given the way you are investing today. The tool can also provide different levels of recommendations to help improve the likelihood of a successful retirement.

Everyone has a different mental picture of what their retirement looks like. Yours could be taking vacations, or learning new skills, or spending more time with your family, or even starting a new career.

How much money you will need to retire depends on how you picture your retirement.

It is estimated you will need between 75% and 90% of your final annual income to maintain your current standard of living in retirement.*

To help increase your chances of having a financially secure retirement, visit MassMutual's RetireSmart Ready Tool, which provides you with the information that you need to help make meaningful decisions in your retirement planning.
