The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.
This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-877-789-8488. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. Important Questions	Answers	Why This Matters:
What is the overall deductible?	**$125**/individual or **$250**/family per plan year.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care, office visits, and outpatient prescription drugs are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Medical Plan: Network Provider: **$1,000**/individual or **$2,500**/family per plan year; Out-of-Network Provider: No out-of-pocket limit. Prescription Drugs: **$1,000**/individual or **$2,500**/family per plan year	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Medical Plan Out-of-Pocket Limit: Premiums, balance-billing charges, penalties for failure to obtain preauthorization, acupuncture, chiropractic care, infertility services, outpatient prescription drugs (which have a separate out-of-pocket limit), dental and vision expenses through separate plans, and health care this plan doesn't cover. Prescription drug Out-of-Pocket Limit: Premiums; balance-billing charges; medical plan, dental plan or vision plan expenses; the difference in price between generic and brand drug costs if a brand drug is filled when a generic is available; penalties for failure to obtain preauthorization; drugs and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.

Important Questions	Answers	Why This Matters:
Will you pay less if you use a network provider?	Call 1-877-789-8488 for a list of network providers. See www.anthem.com or call 1-866-837-4595 for a list of Network Providers.	This plan uses a provider network. You will pay the full cost if you use an out-of-network provider. Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	Yes. You do not need a referral from the Plan, a Primary Care Provider, or any other person in order to visit a network provider for obstetrical or gynecological care.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
