

EEO MATTERS

A Focus On Training

SJC-EEO

January 2010

Welcome to the first edition of EEO Matters for 2010!

It is hard to believe that 2009 has come and gone. We have seen so much happen in state and local government this past year, most of it has been dealing with the current budget situation and from what the trends are saying, 2010 may lead to even more challenges.

Regardless of the challenges ahead, we must continue to strive for workplaces free from discrimination and harassment. The Equal Employment Opportunity and Staff Development Offices, which are part of the Human Resources Division, are prepared to offer the support and tools you will need to get this done.

As part of the EEO Program, we will continue to offer various EEO-related training workshops. Each month we will continue to offer the following training courses:

- *Diversity, Respect & Inclusion: A Personal Commitment*
- *Sexual Harassment Refresher For Managers & Supervisors*
- *Discrimination & Harassment Prevention For General Employees*

One thing we have changed in our course offerings is that we phased out the Sexual Harassment Awareness And Prevention module for general employees. We have incorporated this workshop into the newly designed Discrimination And Harassment Prevention For General Employees course and feel this is a more comprehensive course for employees.

We still have the capacity to offer the Sexual Awareness Prevention course on an as needed basis so if there is a specific issue in your department that would benefit from the course, contact the EEO Office and we will work with you to schedule this training.

For a listing of dates and times, and information on how to enroll, visit the Human Resources Division website at www.sjgov.org/hr to review or download the Staff Development Spring Training Catalog.

The EEO Office and the Diversity Luncheon Committee will soon begin plans for the upcoming 2010 Annual Diversity Luncheon and we want to hear from you!

Please plan to attend a Brown Bag session with the Committee to share your ideas and thoughts for possible venues, keynote speakers, food, theme and entertainment.

The Brown Bag session will be held on Thursday, March 25th, from 12:00 Noon to 1:00 p.m. in Suite 471 of the County Administration Building, located at 44 North San Joaquin Street.

Can't attend? No problem. Please call or email your suggestions to Robin Daniels at 468-3374 or rdaniels@sjgov.org.

We look forward to seeing you on the 25th.

"There never were in the world two opinions alike, no more than two hairs or two grains; the most universal quality is diversity."

- Michel de Montaigne

Did you know?

According to overweight and obesity statistics from the National Institute of Health, two-thirds of Americans are currently considered overweight or obese. Obesity, which is defined as someone who has an abnormally high proportion of body fat, affects nearly 35 million adult women and 28.6 million adult men.

Black History Month was started in 1926 by Carter Godwin Woodson as Negro History Week. February was chosen because Frederick Douglas and Abraham Lincoln both were born during this month.

To break up the long, tedious climb, John said to Mike and Tim, "Here's what we'll do. I'll tell jokes for the first 20 flights, Mike can sing songs for the next 20 flights, and Tim can tell sad stories for the rest of the way."

And that's just what they did. John told jokes until the 21st floor, when Mike took over singing songs. On the 41st floor, Tim took over, saying, "I will tell you my saddest story first. I left the room key in the car!"

Celebrate Diversity

National Women's History Month

National Women's History Month grew from an effort to recognize and celebrate the accomplishments of women in American History.

In 1980, President Carter issued the first Presidential Proclamation calling on the American People to remember the contributions of women. By 1987, fourteen governors had declared March as Women's History Month and, that same year, Congress and the President followed by declaring March as National Women's History Month.

This year's theme, "Writing Women Back Into History," highlights and recognizes a different aspect of women's achievements, from ecology to art, and from sports to politics.

The County proudly joins the Nation in celebrating Women's History Month during March.
