MEMORANDUM OF UNDERSTANDING

REGISTERED NURSES BARGAINING UNIT

PREAMBLE

This Memorandum of Understanding, hereinafter referred to as "Memorandum," is made by and between the County of San Joaquin and the California Nurses Association, hereinafter referred to as "CNA" or "Association," representing employees who are members of the Registered Nurses bargaining unit (Unit "M"). This unit shall consist of all non-management nurses who are required to have a registered nurse or registered nurse advanced practice license as a condition of employment. This Memorandum of Understanding constitutes the result of meeting and conferring in good faith pursuant to the California Government Code and the San Joaquin County Employer-Employee Relations Policy.

The classifications in this bargaining unit are identified in Appendix A.

DURATION

Upon ratification by the Board of Supervisors, this agreement shall be in effect from April 20, 2021, through April 30, 2023. The term of this agreement may be extended by the mutual agreement of the negotiating teams for the parties on a month-to-month basis to complete negotiations on a successor agreement.

1 EMPLOYER-EMPLOYEE RIGHTS AND RESPONSIBILITIES

1.1 Management Rights

CNA and the County of San Joaquin recognize that it is the exclusive right of the County except as may be provided otherwise by Civil Service Rules, this Memorandum of Understanding, or the Employer-Employee Relations Policy to make all decisions of a managerial or administrative character, including but not limited to:

- (a) Hire, promote, transfer, assign, classify positions, retain employees, and to suspend, demote, discharge or take disciplinary action against employees.
- (b) Layoff or demote employees from duties because of lack of funds, in the interest of economy, or other legitimate reasons.
- (c) Determine the policies, standards, procedures, methods, means and personnel by which County operations are to be conducted.
- (d) Take whatever actions may be necessary to carry out the mission of the County in situations of emergency.
- (e) Nothing in this Memorandum shall be construed to interfere with the County's right to

manage its operations in the most economical and efficient manner consistent with the best interests of all the citizens of San Joaquin County.

1.2 Labor - Management Committees

The County and CNA shall establish committees comprised of labor and management representatives to deal with specific areas of concern as specified by separate letter.

1.3 Employees' Rights - Employer-Employee Relations

CNA and the County of San Joaquin recognize that each employee shall have the following rights which he/she may exercise in accordance with this Memorandum, Employer-Employee Relations Policy, applicable law, ordinances and rules and regulations:

- (a) The right to form, join, and participate in the activities of any labor organization of his/her own choosing for the purpose of representation on all matters within the scope of representation.
- (b) The right to be free from interference, intimidation, restraint, coercion, discrimination, or reprisal on the part of the County, other employees or employee organizations, with respect to his/her membership or non-membership in any employee organization or with respect to any lawful activity.
- (c) The right to refuse to join or participate in the activities of any employee organization.
- (d) The right to represent himself/herself individually in his/her employee relations with the County.

The Association or any employee or group of employees who has a complaint regarding the exercise of rights under this provision may file charges in writing with the Board of Supervisors and serve the charged party in accordance with Section 13 of the Employer-Employee Relations Policy.

1.3.1 CNA Right in Event of Merger, Sale, Affiliation

In the event that any County department, unit, or section, including San Joaquin General Hospital (Hospital), participates in an affiliation, merger, partnership or any variation thereof, the County and CNA, upon request of either party, shall meet and confer on all bargainable issues arising therefrom.

1.4 Discrimination in Employment Prohibited

No employee, or applicant for employment, shall be discriminated against in any aspect of employment because of race, color, creed, political affiliation or belief, sex, sexual orientation, disability, medical condition, age, religion, ancestry, marital status, or national origin.

Any employee, who believes he or she has been harassed or discriminated against because

of any of the above reasons, may bring the matter to the attention of the supervisor or may consult with his or her departmental Equal Employment Opportunity Coordinator. The initial contact should be made as soon as possible, but no later than 60 days after the employee should reasonably have been aware of the alleged act of discrimination or harassment occurred.

The Department Equal Employment Opportunity Coordinator shall process the complaint in accordance with Civil Service Rule 20, Section 3. Informal Complaint Process.

San Joaquin County shall comply with the provisions of the Americans With Disabilities Act (ADA). Individuals requesting reasonable accommodation under the ADA, shall make a request in writing to their supervisor or manager. The request shall identify the requested accommodation. The manager or supervisor shall meet with the employee to provide any documentation or verification in compliance with the ADA. The employee may request that any such documentation which discloses employee medical information be provided to Human Resources. The manager or supervisor shall respond to the written request in writing within 10 days of receipt of supplemental materials. Human Resources shall be consulted if any dispute arises in regard to an ADA accommodation.

1.5 CNA Rights

CNA shall have the following rights:

- (a) Representation: Upon request, to meet and confer in good faith with appropriate levels of County management regarding matters within the scope of representation.
- (b) Advance Notice: Except in cases of emergency, CNA shall be given reasonable advance written notice of any ordinance, resolution, rule or regulation, proposal or other action directly relating to matters within the scope of representation proposed to be adopted by the County and shall be given the opportunity to meet and confer in good faith with management prior to its adoption. Written notice will customarily be provided by furnishing CNA with advance copies of the agenda of the Board of Supervisors and Civil Service Commission meetings.

In cases of emergency when County management determines that an ordinance, resolution, rule or regulation must be adopted immediately without prior notice or negotiations with CNA, County management shall provide such notice and opportunity to negotiate at the earliest practicable time following the adoption of such ordinance, resolution, rule or regulation, proposal, or other action.

- (c) Representatives - Meeting Attendance: CNA may have a reasonable number of employees who serve as official representatives released from work without loss of compensation when meeting and conferring with management representatives where matters within the scope of representation are being considered. CNA shall submit a request for such release and shall include therewith a listing of such employees including their titles and departments to the management representative and departments concerned in advance of the meeting. The use of County time for this purpose shall not

be excessive, nor shall it unreasonably interfere with the performance of County services as determined by the County. The reasonableness of the number of such employees shall be the subject of negotiation. Requested release time pursuant to this section is not synonymous with and not subject to conditions set forth in Article 1.5 (i) Association Leave of Absence.

(d) Representative's Access to Employees:

- (1) Authorized representatives of CNA shall be allowed reasonable access to employees of the unit at their work locations during the working hours of the employees concerned for the purpose of discussing matters within the scope of representation, including but not limited to the processing of grievances and complaints and distributing materials and information provided that the work of the employee and the service to the public are not unduly impaired. The authorized representative shall give advance notice to the department head when contacting departmental employees during their duty period.
- (2) Reasonable solicitation for membership or other internal CNA business or campaigning shall be conducted only during the non-duty hours of all employees concerned, so long as normal work functions of County are not interfered with.
- (3) New Employee Orientations: CNA representatives shall be allocated time, not to exceed thirty (30) minutes, to participate in each general orientation program for new Registered Nurses covered by this agreement. The CNA representative participating in the orientation may be the staff labor representative or a bargaining unit member designated by CNA to participate in the orientation.
 - (a) The County will provide the CNA representative with New Employee Orientation schedules, subject to change with a ten (10) day notice, on an annual basis, and any updates as they occur. The County shall provide dates times, and locations of all sessions wherein any new bargaining unit members are planned to attend.
 - (b) The County will provide a separate and appropriate area for CNA to meet with the new bargaining unit members if available.
 - (c) In the event that audio visual equipment is available and being utilized by the County for the presentation of orientation information, CNA shall be provided reasonable access to such equipment.
 - (d) The County will provide the current CNA Representative a roster (subject to change) of the individuals scheduled to attend an orientation session at least two (2) business days prior to the session.
 - (e) If CNA designates a Nurse Representative to meet with new employees, the Nurse Representative's time will be paid and the Nurse Representative will be

released from work for the time needed to meet with the employees, provided that the Nurse Representative gives his/her supervisor sufficient advance notice. Requested release time pursuant to this section is not synonymous with and not subject to conditions set forth in Article 1.5 (i) Association Leave of Absence.

(f) CNA's place on the agenda will be the thirty (30) minutes at the end of the first day of orientation.

(e) Nurse Representatives: The County authorizes up to thirteen (13) CNA designated Nurse Representatives (NRs) for San Joaquin General Hospital and one (1) nurse representative for every ten nurses in all other areas of the bargaining unit who may assist nurses covered by this Agreement in resolving complaints and grievances at the lowest possible administrative level of review. Nurse Representatives will be authorized up to three hours release time per case at the 1st and 2nd levels of the grievance and complaint process. Nurse Representatives also may be present during "right to representation" discussions, and may then represent nurses using no more than three hours per case.

A request for release time for the purposes outlined above shall be made prior to taking the release time. Such a request shall not be unreasonably denied.

CNA shall provide a current list of designated NRs to Human Resources at the beginning of each calendar year and whenever there is a change in the list of NRs. The list shall show the nurse's name, classification, department, work locations and normal area to be covered. No NR shall be recognized as such by the County without written authorization from CNA.

Provided CNA gives the County two weeks advance notice, the County will use its best efforts to release Nurse Representatives to attend CNA sponsored trainings. Nurses may use their holiday, vacation, educational leave or unpaid time to attend such programs.

For purposes of Memorandum of Understanding negotiations, the Association may elect up to eight (8) employees to the Nurse Bargaining Team. Each Nurse on the Bargaining Team shall be eligible to be fully compensated by the employer for the number of regularly scheduled work hours missed because of their attending negotiating meetings and mutually agreed upon caucus time. The compensation to be paid to team members by the employer for the work days missed shall include, but is not limited to, the employee's wages, differentials, supplementals, payment of health premiums, vacation and sick time accruals, seniority accruals, and any coverage for which the employee is otherwise eligible.

(f) CNA - County Facilities Use: County facilities shall be available to CNA as follows:

(1) County Buildings: CNA may be granted the use of County facilities for meetings composed of County employees within the bargaining unit provided space can be made available without interfering with County needs. CNA shall obtain the

permission of the designated County official for the use of such facilities.

- (2) Bulletin Boards: CNA has the right to the reasonable use of existing bulletin board space in each building or department at a location agreed upon by CNA and the department, under the following conditions:
- (a) Material shall be posted on space as designated.
 - (b) Posted material shall bear the name of CNA.
 - (c) Posted material shall not be misleading, contain any deliberate misstatements or violate any Federal, State or County laws.
 - (d) Material shall be neatly displayed and shall be removed when no longer timely.
- (g) Employee Payroll Deductions: CNA shall have the exclusive right to payroll deduction for its members in this unit including regular dues and employee benefit program costs. Regular dues and employee benefit program costs may be deducted from the employee's individual paycheck. CNA is solely responsible for distributing to, and collecting from, employees the dues and voluntary deduction authorization forms. It is the employees' responsibility to submit requests to start or stop deductions directly to CNA and not to the County. CNA is responsible for maintaining the deduction forms from individual employees. Copies of an individual employee's deduction authorization need not be provided to the County unless a dispute arises about the existence or terms of the authorization. Questions regarding CNA membership, dues amounts, and payroll deductions must be directed to CNA and not the County.

CNA shall regularly provide the County with the names of the employees for whom dues deductions should be initiated, changed, or discontinued pursuant to this section. CNA will submit a spreadsheet in an agreed upon format to the Office of Auditor-Controller via email. Requests for dues deductions received by the Auditor-Controller by the close of business at least five (5) business days prior to the end of the pay period will be implemented in the following pay period. CNA certifies that it will only send requests to initiate dues deductions for employees who have authorized the deductions. Except as otherwise provided in this Memorandum, payroll deductions shall be made only upon the revocable written authorization of the individual employee. Bargaining unit members who are members of CNA on or after the effective date of this Agreement who wish to withdraw from CNA membership may do so by filing a written notice with CNA in accordance with the terms of the CNA form signed by the nurse.

A continuation of CNA payroll deductions, without resigning a payroll deduction card, shall be allowed after an employee returns from a leave of absence.

CNA shall indemnify, defend, and hold the County, its officers, agents and employees harmless from and against any and all claims, demands, losses, defense costs, suits, or other action or liability of any kind or nature arising from this section, including, claims

for or related to employee authorizations, revocations, deductions made, cancelled, or changed in reliance on CNA's representation and certifications regarding employee dues deduction authorizations.

This section (1.5 g) is not subject to the complaint process, section 17 to 17.4 of this MOU.

- (h) Association Security: Pursuant to the Agency Shop election conducted on June 23, 1999, the following provisions apply:
- (1) Scope of Coverage: The County of San Joaquin (hereinafter known as "the County") and the California Nurses Association (hereinafter known as "CNA") have entered into an Agreement (hereinafter known as "the Agreement") for all employees in the Registered Nurse Representation Unit for which CNA is recognized as the majority bargaining agent.
 - (2) CNA agrees that it has a duty to provide fair and nondiscriminatory representation to all employees in the units for which this Agreement is applicable regardless of whether they are members of CNA.

All nurses covered by the terms of this agreement may voluntarily become and remain members in good standing of CNA, or voluntarily pay a Contributing Non-Member Fee to CNA, pursuant to the provisions of MMBA. No Nurse shall be required to join CNA as a condition of employment with the County.

Any communications received by the County regarding CNA membership shall be returned to the Nurse by the County with reference to this article. The County shall direct all bargaining unit member questions regarding CNA membership to CNA.
 - (3) Separation from Unit: The provisions of this Agreement shall not apply during periods that an employee is separated from the representation unit but shall be reinstated upon the return of the employee to the representation unit. The term "separation" includes transfer out of the unit, layoff, and leave of absence with a duration of more than thirty (30) days.
 - (4) Bargaining Unit Reports: At least every thirty (30) days, the County shall furnish CNA with the following information on file within the County's Human Resources database system (currently PeopleSoft) for all employees in the bargaining unit. The last name, first name, address, employment category, classification, date of hire, social security number, employee identification number, work location, job status, home phone number, mobile phone number, work email address, home email address, and bi-weekly salary of nurses covered by this Agreement every pay period. In addition, the County Auditor-Controller's office will provide lists regarding "unit change activity; and deduction, additions and deletions" each pay period. The County shall transmit the above information

to CNA in an electronic or digital standard computer importable data file in a format agreed upon by the parties.

Notwithstanding the foregoing limited to the express purpose of the requirements of Government Code 3558 only, an employee may opt out via written request to the County (copy to CNA) to direct the County to withhold disclosure of the employee's home telephone number, personal cellular telephone number and personal email address(es).

- (5) Forfeiture of Deductions: If the balance of an employee's wages, after all other involuntary and insurance premium deductions are made in any one pay period, is not sufficient to pay deductions required by this Agreement, no such deduction shall be made for that period.
- (6) Financial Report: Annually, CNA shall provide the County with copies of the financial report required pursuant to the Labor Management Disclosure Act of 1959. Such report shall be available to covered employees. Failure to provide such a report within sixty (60) days after December 31 of each calendar year, shall result in the termination of all fair share fee deductions without jeopardy to any employee until said report is filed.
 - (i) Association Leave of Absence: Pursuant to the provisions of SB1085/Government Code 3558.8 the County shall grant an employee, upon written request of CNA, a reasonable leave of absence without loss of compensation or other benefits for the purposes of enabling employees to serve as stewards or officers of CNA. Leave may be granted on a full-time, part-time, periodic, or intermittent basis under the following procedures:
 1. The CNA Representative shall submit a written request to Human Resources at least 15 business days in advance of the requested leave. The request shall include dates/duration, classification, and bargaining unit.
 2. For any employee going on Association Leave of Absence, who is on a medical leave, CNA will ensure compliance with all medical restrictions.
 3. CNA shall reimburse the County for all benefits and compensation paid to and earned/realized by the employee on leave, including but not limited to all wages and benefits.

At the conclusion or termination of the leave granted under this section, the employee shall have a right to reinstatement to the same position and location they held prior to such leave, or if not feasible, a substantially similar position without loss of pay, benefits, accrual rates, seniority, rank, or classification.

The County shall not be liable for any act, omission, or injury suffered by any employee of the County if that act, omission or injury occurs during the course and scope of the employee's leave under this section to work for CNA. To the extent that the County is held

liable for any such act, omission or injury, CNA shall indemnify and hold harmless the County.

- (j) Classification Studies: Any classification or organizational study performed as a result of the meet and confer process shall, upon its completion by the County Human Resources Department, be submitted to CNA for its comments prior to implementation. Unless the parties agree otherwise, CNA shall be given a minimum of fifteen calendar days advance notice prior to consideration by the Civil Service Commission. By this agreement the County is not making classification or organizational studies a subject for negotiations. They shall remain management rights. The Civil Service Commission shall not be bound by any recommendations or comments by CNA.
- (k) All existing agreements within the scope of representation under the Meyers- Milias-Brown Act, including but not limited to, wages, hours, terms and other conditions of employment as of December 31, 1996, shall remain in effect, except as specifically modified herein.
- (l) All existing union security agreements, including but not limited to dues checkoff, maintenance of membership, shall remain in effect for the term of this agreement and for the terms of any extensions thereof.
- (m) If any part of this agreement is determined to be illegal or inapplicable as the result of changes in State or Federal law, or as the result of a court order, the County and CNA, upon the request of either party, will meet and confer on the effect of such law or court order on this Memorandum.
- (n) Distribution of Information: The County agrees that a copy of all memos or documents that are sent to nurses regarding wages, hours or conditions of employment shall be made available to CNA.

2 INSURANCE

2.2 Effective Date of Coverage

The effective date of coverage for new employee members in the health, dental, and vision insurance plans provided employees shall be the first day of the first bi-weekly pay period next following the date of appointment to employment as a regular employee or as a contract or part-time employee, who, by such contract or part-time provisions, is eligible for the stated insurance coverage. The employee's completed and submitted enrollment forms and supporting documentation (e.g. marriage certificate and birth certificates) must be received to enroll the employee and the employee's dependents.

2.3 Health Insurance Options

The County shall continue to provide an option for health insurance coverage for eligible employees and dependents in one of several plans. The plans shall, at minimum, include a PPO

and an HMO plan. Health plans offered to employees may be either self-funded by the County or fully insured. If any plan is self-funded, a plan document shall be adopted by the Board of Supervisors.

Effective with 2021-2022 open enrollment, the County will provide all currently existing health insurance plan offerings to CNA members. A list of current plan offerings is available on the County's website (www.sjgov.org) under the Human Resources Benefits section.

2.3.1 Premiums

Effective the first full pay period following approval of this agreement by the Board of Supervisors, the County will pay 80% of the employee-only premium and the employee shall pay 20% of the premium for employees electing the restricted PPO or the HMO plans. For employees electing dependent coverage the County shall contribute 80% of the premium and the employee shall pay 20% of the premium. For employees electing an expanded PPO, the County shall contribute at the same coverage level as the PPO County contribution for employee-only coverage and dependent coverage. Employees will pay the difference between the County contribution and the full rate of the expanded PPO at each coverage level.

Employees may opt-out or opt-in of health insurance coverage during each open enrollment period. Employees opting-out are required to sign an authorized form, confirming that they have other insurance coverage.

2.3.2 Coverage for Part-Time Employees

Part-time employees eligible for benefits (as defined in Section 7) shall receive the full portion of the County's contribution to health insurance as though they were regular employees.

2.3.3 Coverage for Surviving Dependents

Surviving dependents of any County employee who is covered by County-offered health insurance and who dies while employed, whether in paid or unpaid status, shall be allowed to retain their dependents' coverage, provided that the dependents pay their applicable premiums at least one (1) month prior to the premium due date.

An employee who is recalled to work shall be deemed to be off standby status and the employee shall not receive standby pay for the hours the employee is paid to work, whether on a straight time or overtime basis.

Employees who perform standby duty shall be compensated at one-third of their regular hourly rate. On the occasion that an employee is called in to work while on standby status, that employee is said to be on call back and will be compensated at one and one-half his/her hourly rate for a minimum of four (4) hours. Such assignment must receive approval of the Director of Human Resources. Assignments to cover routine vacation or sick leave absences will not be approved. Vacation or sick leave absences in excess of two weeks shall not be considered routine.

Employees who are being paid for working in a higher classification are not eligible for merit increases in the higher classification. Whenever an employee working in a higher classification receives a merit increase in the employee's regular classification or the employee's regular salary is otherwise increased or decreased, the employee's pay for working above class shall be adjusted so that the employee continues to be compensated at the rate specified above.

4.2.8 Charge Pay

Any Staff Nurse who is placed in charge of a shift shall receive \$2.00 per hour in addition to such employee's regular hourly pay. In the event of an overpayment, the County and the employee must communicate (examples: meetings virtual or in person, telephone calls, or e-mails), to work out a mutually agreeable re-payment plan prior to any deductions occurring. During such communication, the County shall provide the employee with a full and clear account of all claimed overpayments including the date(s) the overpayment occurred, the cause of the overpayment (including payroll codes and descriptions of the codes), the amount of the overpayment, copies of the timecards (if applicable), and in the event of incremental payments, the calculation that will be used (including the number of pay periods) required to satisfy the repayment. Only after the above criteria is met, and in the event that the parties are unable to reach agreement on a re-payment plan, the County may deduct the overpayment from the employee's paycheck provided however that such deductions shall not exceed 15% of the employee's net disposable pay in any one pay period. In no event shall the deduction exceed the amount over paid per paycheck without authorization from the employee. At the Nurse's request in writing, Hospital Human Resources/Payroll will provide an update to the Nurse on the status of repayment plan upon close of payroll.

Timecards may be filled out by the employee in ink. The County shall not make changes to an employee's submitted and department manager approved timecard unless the Nurse is short required hours for the pay period. In the event that the County changes the time reported or time/code designation on any time card, the employee shall be notified of the change and the reason for the change no later than the end of the shift next worked by the employee. A payroll form shall also be provided to the employee at or near the time of the issuance of the check.

4.11 Extra Shift Premium Pay

(a) Description

Extra shift premium is a program designed to accomplish the following objectives:

- (1) Improve the quality of patient care by ensuring an adequate supply of registered nurses during periods of high census or staff vacancies.
- (2) Avoid the use of expensive registries by providing incentives for County nurses to work additional shifts.

(b) Definitions

- (1) The extra shift premium is an additional hourly rate added to the nurse's base rate or overtime rate, as appropriate.
- (2) For the purpose of determining eligibility for this program, worked hours include: jury duty, military leave, bereavement leave, holiday hours, vacation hours, comp time, and scheduled hours. Time that does not count as regular work hours include: Call back hours, sick leave, stand-by, voluntary furlough, educational

leave, and overtime hours worked to complete the work of one's scheduled shift. Nurses who are sick after working an extra shift premium shift, which results in working less than the required hours in the pay period, will not receive the extra shift premium.

(c) Applicability

All full-time, part-time and per diem Registered Nurses are eligible for this premium.

(d) Eligibility

(1) For full-time nurses:

A 12-hour shift nurse can work extra shift premium shifts after the nurse is scheduled for at least 72 hours per pay period.

An 8-hour shift nurse can work extra shift premium shifts after the nurse is scheduled for at least 80 hours per pay period.

(2) For part-time and per diem nurses:

A nurse can work extra shift premium shifts after the nurse is scheduled for at least 48 hours per pay period.

(3) If a nurse is mandatory furloughed or called off, the furloughed/called off shift will be counted as a scheduled shift.

(4) Extra shift premium shifts, which result in overtime, also shall receive the extra shift premium as applicable. For example, if a full-time nurse schedules an eight-hour shift after 80 scheduled hours in a pay period, the nurse shall be eligible for the extra shift premium in addition to eight hours of overtime pay.

Unscheduled sick leave for illness or other reasons will not be counted as scheduled work hours. Any sick time in a pay period will result in forfeiture of the extra shift premium unless the employee actually works the required hours in the pay period to become eligible. Employees who are sick after working an extra shift premium shift, which results in working less than the required hours will not receive extra shift premium.

If an employee has scheduled an additional shift, and the employee is sick for all or part of a shift during the pay period, the employee will not be eligible for extra shift premium until the employee has worked a sufficient number of hours to offset the absence due to illness. For example, if an employee is sick for an eight hour shift and has scheduled an extra shift of twelve hours, the employee shall be eligible for extra shift premium on the last four hours of the twelve hour shift. For example, if an employee is sick for an eight hour shift and has scheduled an extra

shift of eight hours, the employee shall be eligible for base and overtime pay, but shall not be eligible for extra shift premium.

(e) Extra Shift Premium

- (1) The extra shift premium is \$10.00 per hour.
- (2) Extra shift premium shifts of 4, 8 or 12 hours or greater will be paid the extra shift premium for hours worked, rounded to the nearest one-tenth of an hour.

(f) Schedules

- (1) “Extra shift is defined as an additional shift that has been identified in Clairvia as available for ESPP, or was verbally offered as ESPP by the Nurse Manager or House Supervisor, and was worked after the schedule has been posted. The extra shift premium is paid for pre-authorized additional shifts of at least 4 hours duration. A Director, Nurse Manager, or House Supervisor, at his or her discretion, may waive the four (4) hour requirement for ESPP payment.
- (2) The Manager/Supervisor will post a list of available opportunity shifts and available ESPP shifts when posting the schedule in accordance with Article 5.2 of this Memorandum of Understanding. A Nurse will indicate availability in Clairvia within five (5) calendar days. In the event that there is more than one (1) Nurse available to work an extra shift, the work will be rotated in order of seniority, until such time as all the Nurses who volunteered have been given an opportunity to work. Assignment of volunteer extra work shift qualifying for ESPP will be posted on the master schedule and in Clairvia scheduler five (5) days in advance of the effective date of the schedule.

All identified “extra shifts” qualifying for ESPP not filled by the process in (f)(2) above, and any additional “extra shifts” identified after the final posting of the schedule will be granted to volunteers on a first come first serve basis. Any “extra shifts” not filled by Nurses from the department will be offered first to “outside departments” belonging to the same “like units”, as defined in Article 14.2.2 of this Memorandum of Understanding.

In addition, all “extra shifts” offered by the Staffing Office, Manager, House Supervisor, or Assistant Department Manager within 72 hours of the shift will subject to the Extra Shift Premium.

- (3) Management may designate in advance certain shifts to be split, whereby the extra shift premium would be paid for shifts of less than eight (8) hours, but must be at least four (4) hours. This provision is not intended to be utilized in situations where employees are required to work overtime as a part of their normal shift.

A nurse working an extra shift who is not needed on the unit she/he agreed to

work, may elect to float to a like unit in lieu of low census/furlough.

A nurse may be called off from working an extra shift if notified at least two hours prior to the start of the shift, in accordance with Section 14 of the Memorandum of Understanding.

4.12 Double Shifts

If a day shift nurse works a double shift onto the evening shift, the nurse will be paid the p.m. shift differential for the p.m. shift.

If a p.m. shift nurse works a double shift onto the night shift, the nurse will be paid the night differential for the night shift.

If management designates a shift to be split, whereby the nurse works less than eight hours, but at least four hours of the double shift, the regularly scheduled day shift nurse will receive the p.m. differential for the four hours and the regularly scheduled p.m. shift nurse will receive the night differential for four hours of the night shift.

straight time hours on payroll except sick leave shall be considered "hours worked".

If, in the judgment of a department head or duly-authorized designee, work beyond an employee's normal work day or work week is required, the department head or designee may order such overtime work. If it is determined by the department head that mandatory overtime is required, the County shall ask for volunteers to fulfill the required overtime shift. If there are no volunteers, mandatory overtime shall be assigned on a rotational basis.

Except as provided in this Section, employees shall be eligible for overtime compensation when:

- (a) An employee works in excess of the number of hours in his/her scheduled work day;
- (b) An employee works in excess of eighty (80) hours in a bi-weekly pay period;

5.6 Compensation for Overtime

Employees shall be compensated for overtime in accordance with their Group designation:

- (a) Group 1 employees are those employed in classifications eligible for exemption from the overtime provisions of the Fair Labor Standards Act (FLSA) and designated by the Board of Supervisors to be salaried and, therefore, exempt from the overtime provisions of the FLSA. These employees may be required to periodically or routinely work long or irregular hours to fulfill the responsibilities of their positions. These employees are not eligible to receive overtime compensation or compensatory time off. However, in recognition of the sometimes long and irregular hours which these employees are required to work to accomplish program objectives, the County will provide paid administrative leave as follows:
 - (1) Each fiscal year, the Department Head shall grant ten days of administrative leave to eligible salaried employees.
 - (2) The benefits provided by this program are not related to hours worked nor subject to accrual, and under normal circumstances may not be carried over beyond the end of the fiscal year.
- (b) Group 2 employees shall be compensated for overtime by either cash payment at the rate of one and one-half (1-1/2) times the employee's hourly salary (including applicable supplements) or by the accrual of compensatory time at the rate of one and one-half (1-1/2) times the overtime hours worked. Such rest periods are to be taken as nearly as possible in the middle of each four (4) hour segment of each employee's work day. If the meeting does not resolve the matter to the satisfaction of the employee, a written response will be issued, upon the request of the employee, by the appointing authority or his/her designee within fourteen (14) calendar days of such request.

5.11.1 Transfers/Position Posting

Consistent with County procedures and practices, the County agrees to post vacancies as transfer opportunities for a minimum of ten days.

The Nurse will receive a confirmed date by which the transfer will take place within 30 days of acceptance of his/her transfer request. The Nurse will not be expected to perform the duties of two positions concurrently.

5.12 Weekends

A weekend for day and evening shift nurses is defined as Saturday and Sunday. A weekend for night shift nurses is defined as either Friday and Saturday or Saturday and Sunday.

The County shall make every effort to grant each nurse at least every other weekend off, unless the Nurse requests to work every weekend and waives the requirement for every other weekend off. The waiver shall be in writing and will include the time period for which the waiver is in effect.

If a Nurse works a weekend shift on their off weekend, and has not completed a waiver, the Nurse will receive the extra shift premium.

6 SALARY ADMINISTRATION

6.1 Salary Upon Appointment

New employees shall be appointed at the first step of the salary range adopted for the particular class of position to which the appointment is made. The Board of Supervisors or such individual as the Board may designate, upon certification of the Director of Human Resources that recruiting difficulties exist, may provide that a particular allocated position be filled at a step above the minimum of the range commensurate with the qualifications of the prospective appointee which are above the minimum requirements set forth in the class specifications.

Whenever such allocated position is filled in this manner, all incumbents of allocated positions who have qualifications above the minimum set forth in the class specification in the same class earning less than the step in the particular salary range at which the new employee enters may be raised to that step or to a lower step in the range upon the request of an appointing authority and the recommendation of the Director of Human Resources and subject to approval of the County Administrator.

Notwithstanding other provisions of this memorandum regarding merit advancement days, the merit advancement of all employees in that class of position may be changed in order to retain equitable relationships as recommended by the Director of Human Resources and approved by the County Administrator.

6.2 Step Increases

6.2.1 Regular Employees

A regular employee shall be required to serve a merit advancement period of twenty-six (26) bi-weekly pay periods on each step of the salary range assigned to the classification of which the employee is an incumbent before becoming eligible for advancement to the next higher step. An employee shall not advance to the next higher step until the employee receives the affirmative recommendation from his/her department head and the employee's eligibility for advancement has been verified by the Director of Human Resources. An employee shall not advance to the next higher step if his/her overall performance is evaluated as less than satisfactory. Nothing in this Memorandum shall be construed to provide that step increases are automatic.

Advancement within a salary range shall not be made more frequently than once in any period of twenty-six (26) consecutive pay periods nor shall any employee advance more than one step within a salary range at one time except as provided in Section 6.1.above.

6.2.2 Part-Time Employees

Part-time employees as defined in Section 7 shall be eligible for step increases to a maximum of step E after serving a merit advancement period of 1,840 hours at each step. Computation of hours for advancement to step E shall be based upon a count of their hours from the time they attained step C.

6.3 Step Increases Withheld

Any step increase withheld because of administrative oversight or inadvertence shall be made retroactive to the normal effective date of the step increase.

Any step increase withheld for cause but, upon appeal, adjudicated in favor of the employee, shall be made retroactive to the normal effective date of the step increase or some intervening date determined by the adjudicating party. If the step increase is made retroactive to the normal effective date of the step increase, the employee shall retain the employee's current anniversary date. If some intervening date is determined by the adjudicating party, the employee shall not be eligible for the employee's next merit advancement for twenty-six (26) bi-weekly pay periods from the intervening date.

6.4 Salary Step on Promotion

An employee appointed to a position with a higher salary range shall have his/her salary adjusted to the first step of the new range or to the step in the new range which is at least 5% higher

than the salary the employee was receiving prior to the promotion, whichever is greater, provided that the new salary is within the new range. For the purposes of this Section, pay supplements which are a percentage of base salary (except above class pay, special assignment pay, or supplemental pay that carry over to the promotion class) shall be added to the pre-promotion base salary prior to determining the appropriate step in the new range. The effective date of the promotion shall become the new merit advancement date for the employee and he/she shall not be eligible to receive a merit step increase until fifty-two (52) weeks after such date.

6.5 Order of Adjustments

Whenever an employee is promoted and receives a range change or the employee's position is reclassified to a class having a higher salary range, on the employee's merit anniversary day the employee shall first receive the merit advancement increase to which he/she may be entitled and then receive such increases to which he/she may be entitled in the following order: salary adjustment, reclassification, promotion.

6.6 Salary Step on Demotion

If an employee is demoted to a position having a lower salary range because of lack of work or funds, or in the interests of economy, or for any reason other than discipline, the employee so demoted shall receive the next lower salary in the range assigned to the new position. The employee's merit anniversary date shall remain the same.

If an employee voluntarily demotes to a position having a lower salary range, the employee shall receive the salary in the new range which is equal to the salary in the prior position or, if none, the next lower salary in the range assigned to the new position.

6.7 "Y"-Rates

Whenever an incumbent of a Civil Service exempt position accepts a demotion for reasons other than a disciplinary action to a Civil Service classified position having a lower salary range, the Board of Supervisors may direct that the capital letter "Y" be set opposite the position to which the incumbent was demoted in the department budget and all payroll and other personnel records.

Whenever the effect of a reclassification is to place the incumbent in a Civil Service classified position having a lower salary range, the Board of Supervisors, upon the recommendation of the Civil Service Commission, may direct that the capital letter "Y" be set opposite the reclassified position in the department budget and all payroll and other personnel records.

Whenever the "Y" is set opposite a position, the incumbent shall continue to receive his/her previously authorized salary until termination of employment in the position, or until a higher rate of pay may be authorized, whichever comes first.

7 PART-TIME EMPLOYMENT

The following provisions shall only apply to part-time with benefits or Per Diem Registered

Nurses.

Part-time with benefits employees will receive fringe benefits which shall include health, dental, vision and life insurance; vacation, sick leave, holidays; and other benefits as described in Sections 2 and 3 of this Memorandum. Such employees shall be referred to as Part-Time Premium employees.

Employees who do not receive fringe benefits, shall receive pay in lieu of benefits as described in Section 4.1 of this memorandum. Such employees shall be referred to as Per Diem employees.

Effective the date of this Memorandum, at the time of hire, employees listed above shall either be offered benefits as Part-Time Premium or designated as Per Diem. Part-time Premium employees may not be required to change to Per Diem status. Part-time Premium employees who elect to change to Per Diem status may not re-enroll in benefits until the the employee has a formal status change.

A Part-Time Premium employee shall be scheduled to work no less than 41 hours in any given pay period and will receive pro-rated leave based on the hours scheduled and will receive the County's contribution for health benefits for that pay period even if the employee is later furloughed or otherwise told not to come in to work and does not actually work 41 hours in that pay period. An employee is considered to be scheduled for 41 hours if the schedule posted by the Department indicates that the employee is scheduled to work 41 hours in that pay period.

A Part-Time Premium employee who is not scheduled to work 41 hours in a pay period, according to the Department's schedule and who works fewer than 41 hours will not receive the County's contribution for health insurance. The employee will be responsible for paying the premiums necessary to continue their health, dental, vision and life insurance coverage. Specific arrangements for such coverage shall be made with the County Human Resources Division. Once the employee is scheduled 41 hours or more, the employee may return to fringe benefit status in accordance with County leave of absence provisions. A Part-Time Premium employee on an authorized leave of absence may maintain benefits coverage in accordance with the County provisions noted in Section 2.9 of this Memorandum.

Per Diem employees who meet the Affordable Care Act (ACA) stability period requirements may choose to receive medical plan coverage only (no dental and vision coverage). If the employee elects medical coverage, the employee will no longer be eligible to receive the pay in lieu of the benefits supplement as described in Section 4.1 while receiving the medical plan coverage.

Per Diem employees who choose to waive the medical plan coverage offering after the measurement period will continue to be eligible to receive pay in lieu of benefits. The County will clearly state, in writing to the employee, the above options and effects to the in lieu of benefits pay.

The County will provide to California Nurses Association with payroll data showing the number of hours worked, calendar-to-date, by part-time employees on the pay period closest to June

1 and December 1 of each year.

The County agrees that part-time employees in the Registered Nurses bargaining unit may apply for full time positions consistent with Civil Service Rules.

In no case shall the reviewing officer sign the evaluation form until a review has occurred.

Except in cases of termination, release from probation, or leave of absence, employees who receive an unsatisfactory performance evaluation must receive a follow-up evaluation. The follow-up evaluation shall cover a period of time no greater than ninety (90) calendar days from the date of the final review of the initial unsatisfactory evaluation.

Employees shall be given an opportunity to read and initial any report to be added to their personnel files, but an employee shall not be required to sign any such report. 11.4 Letters of Reprimand

An employee has the right to request in writing that a letter of reprimand be removed from the employee's personnel file if two years have elapsed from the date of reprimand and there has been no recurrence of the issue contained in the reprimand.

If the reprimand is in the department or division personnel file, the request must be directed to the department head or designee. If the reprimand is in the central Human Resources Division files, the request must be directed to the Director of Human Resources. The department head or designee, or the Director of Human Resources, whichever is appropriate, shall review the request and, within fourteen (14) calendar days render a decision on the request. The Board of Supervisors delegates to the County Administrator the authority to grant or deny claims which do not exceed \$500.

This provision does not apply to probationary, provisional, or temporary employees. Nothing contained herein shall be deemed to require the County to pay an employee except for services rendered.

14.2 Short-Term Staff Reductions - SJGH

The need for short-term reductions in temporary or regular staff within San Joaquin General Hospital will be determined by the Director of Nursing and/or the Deputy Directors of Nursing and will be based on patient census/staffing considerations within each division. Within the Nursing Division, such determination will be made in conjunction with discussions with Nursing Administration, including, as appropriate, the Director of Nursing, Deputy Directors of Nursing, or Nursing Department Managers responsible for shift management.

For those Nursing Division units listed below, unit staff reductions will not reduce staffing levels below the minimums indicated unless such unit is closed. For all other Nursing Division units, staff reductions will occur as dictated by patient census/staffing needs.

<u>Unit</u>	<u>Minimum Staffing Levels Per Scheduled Shift</u>
ICU/CCU	2 (2 RN)
OR/Recovery	2 (2 RN)
Anesthesiology	1 (CRNA)
Emergency Room	3 (3 RN)
Intensive Care Nursery	2 (2 RN)
Nursery/Post Partum	3 (3 RN)

Labor and Delivery	2 (2 RN)
Dialysis	2 (2 RN)
Med/Surg	2 (2 RN)
All others	10 RN

As necessary, consolidation of Nursing Division units may occur.

For the purposes of short-term staff reductions, individual seniority will be determined on the basis of continuous County service in accordance with Civil Service Rule 17. However, short-term staff reductions shall be determined on a division by division basis except that in the Nursing Service Division, they will be determined on a work-unit by work-unit basis. Reduction in staff in one division or unit shall not affect employees working in another division or unit. If consolidation of units has occurred, seniority lists for those units shall also be consolidated. Any reductions in staff will occur by class and will affect part-time employees first, then regular employees in accordance with seniority criteria spelled out in Civil Service Rule 17, except that employees in a higher class may not displace employees in a lower class. Minimum staff maintained in any one Nursing Division unit (or consolidated unit) will retain their seniority within that unit (even if floated out) and will not cause or be affected by short-term reductions in any other unit.

When the need for a reduction in staff is determined in advance of a shift, affected employees will be so notified as early as possible, but at least within one and one-half (1-1/2) hours prior to their shift start time.

When the need for a reduction in staff occurs between one and one-half 1-1/2 hours prior to an employee's shift or after the employee has started work, the affected employee(s) will be so notified within three (3) hours after starting the shift and will be allowed to work one-half of the shift.

Any employee affected by a short-term layoff may request additional time off in conjunction with the layoff. Such requests will be considered and may be granted subject to staffing considerations.

Employees affected by short-term reductions in staff will be charged with administrative leave (if applicable) and then, at the employee's option, with accrued compensatory time, holiday time, or vacation time except that any employee affected by short-term reduction in staff may retain up to eighty (80) hours of accrued leave time or enough time to cover a previously approved vacation, whichever is greater.

Employees affected by short-term reductions in staff will be considered laid off until patient census/staffing needs warrant their return to duty. Such employees will be responsible for calling the department on each day they are scheduled to work subsequent to layoff to find out if they are to come back to work. Such call-ins must be made no later than 1-1/2 hours before the scheduled start time for day and p.m. shift employees and no later than 6 hours before the scheduled start time for

night shift employees. Night shift employees who call in on any given date and are advised not to return to work may call again, within 1-1/2 hours of their shift start time to determine if staffing needs have been changed and if they may return to work. In the absence of such requests, the hospital will call people back in reverse order of the reduction to assure appropriate staffing.

14.2.1 Low Census Program

Fluctuations in patient census may lead to an occasional need for reduced staff at San Joaquin General Hospital. To avoid imposing actual short-term reductions in staff and yet to accommodate the lower staffing needs, the Hospital Director or designee may furlough any regular or contract employee (full time or part time Nurse with benefits) for up to thirty six (36) hours during any fiscal year. The following conditions will govern the furlough program:

- (a) Furloughs will depend on patient care needs, skill levels of personnel, and kinds of staffing levels required for safe patient care as determined by the Hospital Director or designee.
- (b) Furloughs may be determined on a shift, hourly, or unit basis and may result in the temporary reassignment of remaining staff for the remainder of that shift.
- (c) Seniority and employment status will not be factors in the scheduling of furloughs, except that, subject to the provisions of 1.
- (d) The Department will make every attempt to seek volunteers before imposing mandatory furloughs.
- (e) Call off order – Should conditions exist for furloughing, after considering the staffing needs of the cluster, scheduled nurses will be called off in the following order in the affected unit on the affected shift.
 - 1. Travelers, contract nurses, and registry nurses
 - 2. Volunteers
 - 3. Nurses on overtime
 - 4. Per diem nurses on a rotational basis
 - 5. Part time nurses on a rotational basis
 - 6. Full time nurses on a rotational basis
- (f) Advance notice, to the extent allowed by patient care needs, will be provided to employees being furloughed. Reasonable effort will be made to notify employees at least two (2) hours prior to the start of each shift.
- (g) If an employee is notified that he or she is being furloughed and is then asked to report to work for the same shift, the employee will be guaranteed a full shift whether or not the employee works a full shift. Such an employee may not be ordered to return to work, and not required to be available if called.

- (h) Individual employees will not be furloughed more than once in any given pay period unless the employee so requests.
- (i) Every attempt will be made to assure that furloughed employees receive their regularly scheduled days off. If low census conditions change during the pay period in which the furlough occurred, the employee may volunteer to make up the furloughed day on a scheduled day off at straight time. If, however, an employee is required to work on a regular day off in that pay period, the employee will be guaranteed overtime pay.
- (j) Regular employees affected by furloughs will maintain full seniority for retirement and lay-off purposes.
- (k) Regular employees and part-time employees with benefits so affected will accrue sick leave and vacation benefits as though the furlough had not occurred.
- (l) No furloughed employee, regardless of the number of hours furloughed, will lose medical, dental, or vision benefits as a result of being voluntarily or involuntarily furloughed.
- (m) Employees at the Hospital who volunteer to accept any furloughs shall be treated under provisions of 14.2.1 rather than the leave of absence provisions.
- (n) Employees who are at work and are sent home on furlough will get paid a minimum of half of their scheduled work shift.
- (o) Nurses who are furloughed may use up to 24 hours of vacation, compensatory time off or holiday hours to equal a full shift's pay.

14.2.2 Floating

In order to improve patient care, it is the intent of the parties to minimize the incidence of floating staff from their regularly assigned unit.

(a) Order of Floating

When float pool staff are unavailable, nurses shall float from their home units in the following order:

- (1) Volunteers
- (2) Registry, travelers and outside contract nurses
- (3) Bargaining unit nurses, in rotational order

(b) Like Areas

Mandatory floating only shall be to a "like area." "Like areas" are defined as:

1. L&D, NBN, PP
2. PP, PEDS, NBN
3. NICU, PEDS, NBN
4. PEDS, PP, NICU, NBN
5. ICU, 2C, M/S (including guarded medical unit)
6. ER

No one will be floated to the guarded medical unit without training.

Any nurse may volunteer to float to an area outside of the “like floating grid” by informing the charge nurse, nursing supervisor, nursing department manager, etc.

A volunteer nurse who volunteers to float to an area outside of the like floating grid shall be paid a floating differential of \$5.00 per hour.

(c) Competency

It is the RN’s responsibility to determine whether she/he is clinically competent to perform the nursing care required on the new unit or with the new patient population. If the RN is not clinically competent to perform the care, she/he should not accept the patient care assignment. The RN may accept a limited assignment of nursing care duties, which utilize his/her currently existing clinical competence.

Registered nurses who may be temporarily re-directed (floated) are required to undergo the process of competency validation for their assigned patient care unit. In accordance with Title 22 and the Nursing Practice Act,

- (1) The Nurse shall be assigned only those duties and responsibility for which competency has been validated.
- (2) The RN who has demonstrated competency for the patient care unit is responsible for planning and implementing the patient care, providing clinical supervision and coordinating the care given by LVNs and unlicensed nursing personnel, and for assigning a RN resource nurse for RNs and LVNs who have not completed the competency validation for the unit; and
- (3) RNs who have not completed the competency validation for the unit cannot be assigned total responsibility for patient care including duties and responsibilities for planning and implementing patient care, and providing clinical supervision and coordination of care given by LVNs and unlicensed nursing personnel, until all the standards for competency for that unit have been met.

Staff will not float to more than one area during any one shift.

All efforts shall be made to return the floated staff member to his/her home unit in the event the home unit’s patient care need increases to the point where additional staff is required.

The Charge Nurse of the receiving unit will review the assignment with the Nurse to assure that the assignment is consistent with the Nurse's abilities.

A copy of the unit orientation and expectations will be provided to the floated nursing staff member upon arrival to the unit.

Any nursing staff member who is floated to another area is expected to immediately share any concerns about his/her assignment or about quality of the care being provided with the appropriate person (Charge Nurse, Nursing Department Manager, Shift Supervisor, etc.).

14.2.3 Seniority

In making management decisions regarding reassignments, work schedules and vacation schedules, several factors are considered. Those factors include, but are not limited to, patient care issues, staffing issues and minimizing overtime costs. In addition to these factors the County agrees that seniority shall also be a consideration in making such decisions.

14.3 Use of Registry, Traveler or Registry Contract Nurses

Registry, traveler or registry contract nurses will be cancelled before bargaining unit nurses at straight time or overtime. However, a bargaining unit nurse can volunteer to be canceled. The term "canceled" is synonymous with "low census" or "furlough".

15 SUBSTANCE ABUSE REFERRALS

California Nurses Association acknowledges the right of Department Managers (at the Middle Management level and above) to refer employees suspected of being under the influence of alcohol or drugs while on duty to San Joaquin General Hospital (Satellite Clinic or Employee Health Services) or to other physicians to be evaluated as to their ability to perform their job. In acknowledging this right, the Association does not relinquish its right of individual employee representation or to challenge managers who use this provision without direct observable behaviors to support the referral.

The County shall offer training to Department Managers to aid in their detection and evaluation of behaviors which may lead to a referral. The County shall report to CNA, on a statistical basis, the results of referrals of employees so long as employee and patient confidentiality are not violated.

The County and CNA jointly recognize the value of the County's Employee Assistance Program in the evaluation and resolution of employee problems associated with substance abuse.

Further, disputes arising in a context other than the meet and confer process, e.g. disputes relating to administration of this Memorandum, to formal complaints, to interpretations of codes, resolutions, Board Orders, and ordinances dealing with employee rights and benefits shall, upon mutual agreement, be processed through an impasse procedure. Neither this Section nor the exercise of the option to utilize an impasse procedure shall be deemed as making any matter which is reserved to the County as a right of management in the Employer-Employee Relations Policy a matter subject to the meet and confer process.

19 DISCIPLINARY ACTIONS

19.1 Applicability

These procedures are not applicable to temporary, contract or probationary employees except as specified in Section 19.8.

To initiate disciplinary action against a permanent, Civil Service employee, the appointing authority must follow the provisions of Civil Service Rule 18. The appointing authority must submit to the employee a written notice of intent to take disciplinary action and file a copy with the Human Resources Division. The notice must state specifically the reason(s) for the action and explain the employee's "Skelly" rights of appeal.

19.2 Request for Hearing

The employee may appeal the proposed action and request a hearing by responding in writing to the appointing authority within seven (7) calendar days of receipt of the notice. Upon receipt of a timely response, the appointing authority shall schedule and conduct a "Skelly" hearing as soon as possible.

The appointing authority shall be the hearing officer at the informal "Skelly" hearing. Upon consideration of all materials and discussions presented at the hearing, the appointing authority may determine to uphold, modify, or revoke the proposed disciplinary action.

19.6 Order of Disciplinary Action

If the employee does not respond to the notice of intent within the prescribed time limits, or if, after hearing, the appointing authority determines that disciplinary action is appropriate, the appointing authority shall submit to the employee a written order of disciplinary action. The order shall state the proposed action, the reasons for the action, and the employee's rights of appeal.

19.7 Appeal of Order of Disciplinary Action

The employee, within seven (7) calendar days after the order is furnished to the employee, may appeal the order in writing to the Director of Human Resources. The employee, in making the

appeal, shall designate in writing whether the matter will be heard by the Civil Service Commission or whether the matter will be submitted to binding arbitration. In accordance with the provisions of Civil Service Rule 18, selection of one appeal method shall exclude the possibility of appeal through the alternate procedure on the same issue.

Appeal and arbitration hearings shall be conducted in accordance with Civil Service Rule 18.

19.8 Just Cause Rights - Part-Time Employees

19.8.1 Applicability

These procedures are applicable only to employees in this bargaining unit who have part-time status at San Joaquin General Hospital.

To initiate dismissal against such a part-time employee, the Hospital Director must submit to the employee a written notice of intent to dismiss, and file a copy with the Human Resources Division. The notice must state specifically the reason(s) for the intended action and explain the employee's "just cause" rights.

19.8.2 Request for Hearing

Upon consideration of all materials and discussions presented at the hearing, the hearing officer may determine to uphold, modify, or revoke the proposed dismissal.

19.8.6 Order of Dismissal

If the employee does not respond to the notice of intent within the prescribed time limits, or if, after hearing, the Director of Nursing or Hospital Director determines that dismissal is appropriate, the Hospital Director shall submit to the employee a written order of dismissal. The order shall state the effective date, the reasons for dismissal, and the employee's right, if any, to appeal the action further.

19.8.7 Appeal Rights

The employee may appeal the action as far as the Hospital Director. The decision of the Hospital Director shall be final.

20 PROFESSIONAL PERFORMANCE COMMITTEE

Professional Performance Committees (hereafter referred to as the Committees) shall be established in the Hospital, Public Health, Corrections, Mental Health and Ambulatory Nursing.

20.1 Intent

Health Care Services (HCS) and the Hospital recognize the responsibility of the Committees to recommend measures objectively to improve patient care and nursing practice.

20.2 Composition

Each Committee shall be composed of five (5) Registered Nurses employed in their respective work areas and covered by this Agreement, except the Hospital Committee, which may have up to ten (10). Members of the Registered Nurse Representation Unit shall select the Committee members. CNA shall notify management of the composition of the committees.

20.3 Regular Meetings and Minutes

- (a) Each Committee shall schedule regular meetings. Employees will not be compensated for attendance outside their scheduled work shift.
- (b) Each Committee shall prepare an agenda and keep minutes of all regular meetings, including a roster of attendance and length of meeting, copies of which shall be provided to a manager/administrator designated by HCS or the Hospital. The meeting time is limited to eight (8) hours approximately every six weeks unless approved in writing by Nursing Administration at least three days in advance. The Committee will provide Nursing Administration an annual meeting schedule each December for the upcoming calendar year. Any changes to the schedule will be announced with as much advance notice as possible but will be no less than 14 calendar days.
- (c) Each Committee shall schedule regular meetings with a manager/administrator designated by the County. These meetings shall occur at least quarterly. Members of the Committee may attend these meetings on County time unless such meetings occur

after their regular shift or on a scheduled day off. Such meetings shall be scheduled so as not to conflict with the normal routine.

(d) CNA staff representatives may attend such meetings on an advisory basis.

20.4 Objectives

The objectives of each Committee shall be:

- (a) To consider constructively the professional practice of registered nurses.
- (b) To work constructively for the improvement of patient care and nursing practice.
- (c) To recommend to HCS and the Hospital ways and means to improve the quality of patient care.
- (d) To make recommendations to HCS and the Hospital where, in the opinion of the Committee, a critical nurse staffing shortage exists.
- (e) To assist administrative directors of nursing in each division of HCS and the Hospital in the determination of needs for in-service and continuing education programs, and to make recommendations and assist in the formulation, development, presentation, and assessment of such programs.
- (f) To review issues related to appropriate patient care during meal and rest periods.
- (g) To review issues related to Lift Teams.

20.5 Meeting Facilities

Each Committee shall be permitted to use HCS or other County premises for meetings of the Committee, provided sufficient advance request for meeting facilities is made to HCS or the Hospital and space is available.

20.6 Special Meetings

HCS or Hospital administration may request special meetings with a Committee.

20.7 Written Responses

HCS or the Hospital shall provide a written response to any written recommendations received by a committee within fourteen (14) calendar days of receipt of the recommendations.

20.8 Labor Management Committee

(a) Except as provided below in paragraph (b), the subject matter of these committees

will not include matters that normally belong within the scope of the complaint procedure or grievance procedure outlined in this agreement. These committees are advisory only and the issues before the committees are not subject to appeal through the complaint or grievance procedures.

- (b) The PPC agenda will include labor management issues as needed. When Labor Management is scheduled for the PPC, the County may have a representative from Human Resources present in addition to the Nursing Administration representatives. Labor/Management shall be limited to no more than one hour during the scheduled PPC time and shall not reduce the current time available for Nursing Administration to be present at the PPC to address other agenda items.

20.8.1 Staffing and Staffing Issues

It is understood by the parties that the County's intent is to provide safe quality care to the members of the community it serves. It is further understood that Registered Nurses working in the various County Health care facilities are committed to delivering such quality care.

Accordingly, the parties agree that a Nurse shall not be required to practice in any manner which is inconsistent with the above or which places the Nurse's license in jeopardy. In the event that a nurse feels that he or she is being required to practice in a manner inconsistent with the above due to staffing concerns, that Nurse shall contact the nursing supervisor/staffing office to report the concern and to seek direction and support. In addition to notification to the nursing supervisor and staffing office the nurse may file a "An Assignment Despite Objection" form found in Appendix D of the MOU. The County recognizes the Association's process of encouraging any nurse to complete an ADO (Assignment Despite Objection). Upon receipt of that form the nurse manager shall complete an investigation and respond to the concern in writing within ten working days. A copy of the response will also be forwarded to the Professional Performance Committee and/or labor representative. The management response form is included as Appendix D of this Agreement. In the event that the nurse is not satisfied with the response he or she has the right to appeal the decision/response of the nursing manager to the Director of Nurses or designee. The Director of Nurses or designee will meet with the nurse and other impacted or affected staff to review the staffing process to ensure that complete feedback and follow-up is occurring.

Throughout any shift the charge nurse will be available as a resource to the nursing and assistive personnel on that shift. Effective 12 months after adoption of this agreement, the Charge Nurse will not be assigned as the direct care nurse of any patient.

San Joaquin General Hospital has a written staffing plan located in the Nursing Administration Policies and Procedures Manual.

It is understood that ratio/staffing concerns will be addressed by utilizing procedures outlined in Sections 20.8 and 20.10 and shall not be subject to the Grievance Procedures of this MOU.

20.9 Assignment Despite Objection (ADOs)

The Professional Performance Committee will take the responsibility to summarize ADO's and provide the summary and trending data, at least quarterly, to the Deputy Director/Department Head. The Deputy Director/Department Head will be available to discuss ADO's and trending data with the Professional Performance Committee.

The Professional Performance Committee will have a mailbox in the mailroom at the Hospital, and nurses from any department in Health Care Services may send completed ADO forms, through interdepartmental mail, to the mailbox.

20.10 Patient Classification and Acuity

(a) General Principles

- (1) The Hospital shall have a patient classification acuity system based on assessment of patient needs in conformance with the requirements of Joint Commission on the Accreditation of Healthcare Organizations (JCAHO) and Title 22 of the California Code of Regulations.
- (2) Nothing in the Article is intended to conflict with or impose greater obligations than exist under the provision of Title 22 relating to Patient Classification Systems. A current copy of the Title 22 Regulations applicable to acute care hospitals is available to RNs in the Hospital library.
- (3) The Patient Classification and Acuity Committee shall be responsible for the implementation of AB 394, California's Safe Staffing law, with the objective of ensuring the highest quality of patient care and optimal RN-to-patient ratios.

In addition, the County will comply with legal requirements regarding staffing ratios.

(b) Patient Classification System

- (1) The patient classification system used by the Hospital shall be a documented patient classification system for determining nursing care requirements, including the severity of the illness, the need for specialized equipment and technology, the complexity of clinical judgment needed to design, implement, and evaluate the patient care plan, the ability for self-care, and the licensure of the personnel required for care.
- (2) The system shall provide a method for establishing staffing requirements by unit, patient and shift.
- (3) A copy of the current patient classification system used by the Hospital will be available in ICU, PCU, MS, PM&R, ICN, PEDS and FMC in the unit-specific

policy and procedure binders and in the Nursing Administrative Policy and Procedure Manual.

(c) Patient Classification Committee Annual Review

- (1) The Patient Classification Committee shall consist of six (6) direct care Nurses appointed by the Professional Performance Committee (PPC) and six (6) representatives of Nursing Management/Administration, who will be appointed by the Hospital. Although the Committee will have 12 official members, meetings will be open to all interested nurses.
- (2) In accordance with Title 22, the Committee will be responsible for the review of the reliability and validity of the patient classification system and for recommending any modifications or adjustments to the acuity/classification system necessary to assure accuracy in measuring patient care needs.
- (3) The review shall be performed annually and completed no later than January 1st for the prior calendar year. If the review reveals that adjustments are necessary to the patient classification system in order to assure accuracy in measuring patient care needs, the adjustments will be made in accordance with Title 22.
- (4) Patient Classification and Acuity Committee meetings will be on County time whether or not the Nurse is on duty. The Nurse will be paid at the straight time or overtime rate of pay, whichever is applicable.

(d) Notification to the Professional Performance Committee and the Association.

The Hospital shall notify the Professional Performance Committee of proposed changes to the Patient Classification system which results in a reduction of RNs covered by this Agreement, within 30 calendar days of the proposed implementation date of the changes. Simultaneously, with the notification of the proposed change(s), the Hospital shall supply the Association with the reason for the proposed change(s).

20.11 Lift Teams

San Joaquin General Hospital Nursing Services will formally begin the process of assessment, planning and implementation of a lift team with the goal of developing and maintaining a “zero lift” policy. The lift team assessment, plans and proposal will be implemented no later than April 17, 2007 or when applicable by law.

20.12 Technology and Patient Care

Technology plays an ever-increasing role in the delivery of services, and it is the obligation of the County to make decisions regarding the selection and usage of such technology. Recognizing this, the County and the Association agree that the development and deployment of clinical technologies is intended for the improvement of quality outcomes, and is intended to be consistent

with the provision of safe, therapeutic and effective patient care. It is understood that technology is intended, in part, to enhance patient care and nursing skills, support patient confidentiality, and its deployment shall not limit a Registered Nurse's input of clinical judgment in assessment, evaluation, planning and implementation of care, nor from acting as a patient advocate.

San Joaquin General Hospital agrees to the addition of a registered nurse per unit/area/clinic, designated by the Professional Practice Committee, to the information Technology Committee. The parties shall meet to determine the membership/representation on the Committee.

21 SUPERSESSION AND MODIFICATION CLAUSE

Except as may hereinafter be agreed to in writing, and except for the San Joaquin County Employer-Employee Relations Policy, this Memorandum of Understanding contains the sole and entire agreement between the parties. It supersedes any and all other previous Memoranda of Understanding between the parties and incorporates by reference all such previous memoranda between the designated representatives of members of this representation unit and the County and also supersedes and incorporates by reference any and all Resolutions and Board orders adopted by the San Joaquin County Board of Supervisors which were adopted to implement any Memorandum of Understanding between the designated representatives of members of this representation unit and the County; other terms and conditions of employment not specified herein shall remain as they are for the term of this Memorandum of Understanding except that where the language of such Memoranda, Resolutions, Board Orders or such other terms and conditions of employment not specified herein conflicts with, or is different from, the language contained in this Memorandum, this Memorandum shall prevail and apply. The parties acknowledge and agree that neither of them has made any representations with respect to the subject matter of this agreement or any representations including the execution and delivery hereof except such representations as are specifically set forth herein. No waiver or modification of this agreement or any covenant, condition or limitation herein contained shall be valid unless in writing and duly executed by the parties hereto; no officer, employee or agent of the County has any authority to waive or modify this agreement or any covenant, condition or limitation herein contained without the express prior approval of the San Joaquin County Board of Supervisors or its designee.

San Joaquin County & C.N.A.
COVID-19 Administration Leave
Side Letter Agreement
March 24, 2021

The COVID-19 pandemic has changed our lives in ways we would have found impossible a year ago. San Joaquin County's employees and Nurses continue to rise to the occasion, doing their best to support those in need. In recognition of staff working long hours, lacking the ability to use accrued leave time, the County proposes creating a COVID-19 Administrative Leave Bank effective the first pay period following adoption of this Side Letter.

1. COVID-19 Administrative Leave will be provided to eligible full-time and part-time C.N.A. members who have exceeded maximum caps on applicable accruals.
2. Only for the time period of January 1, 2021 to December 31, 2021, for each hour of Vacation, Holiday, or Flexible/Floating Holiday leave exceeding the applicable maximum cap, employees will be credited with one hour of COVID Administrative Leave.
3. These over maximum cap hours will be deposited into the new COVID Administrative Leave Bank and made available for use beginning the first pay period in January 2022.
4. The maximum number of hours an employee may accumulate in the new COVID Administrative Leave Bank is eighty (80).
5. Accrual of the COVID Administrative Leave credit expires and sunsets on June 30, 2023.
6. Any unused COVID Administrative Leave will expire and is forfeited on July 1, 2023.
7. Nurses agree to make a good faith effort to request and use this time prior to the June 30, 2023 expiration date. Nurses will request to use this time prior to using other accrual balances unless the Nurse is about to max out on other accruals first (such as vacation.)
8. Should work-related conditions exist (such as the pandemic continuing or the hospital denying of time off requests), the parties agree to meet and discuss a possible extension.
9. COVID Administrative Leave does not have any cash value.
10. COVID Administrative Leave will be approved consistent with current leave/time off request practices; the leave is subject to manager/supervisor approval.

Sick leave exception for OT calculation

The County of San Joaquin and the California Nurses Association (CNA) agree that nurses assigned to the Operating Room who are not provided with at least eight hours of non-duty time between the end of a "call back assignment" and the beginning of their next assigned regular shift who use sick leave as a result of not being rested enough for duty, shall have the right to request that such use of sick leave shall count as "hours worked" for the purpose of overtime calculations in that workweek. Nursing administration shall approve or deny an "hours worked" designation on a case-by-case basis.

LIMITATION OF HOURS
