Title 19 California Code of Regulations

Disaster Service Worker Volunteer Program

§ 2570.2. (c) Training. For purposes of these regulations, training is a pre-authorized activity, sponsored by an accredited disaster council (or designated agency or authority) and may include classroom instruction, disaster drills or exercises, or related activities that are designed to enhance the disaster response skills (including safety) of the disaster service worker volunteer. Out-of-state training conducted in a manner geographically and functionally specific to cross-border emergency response may also be considered a covered activity.

§ 2573.1 (b) (2) The accredited disaster council (or designated agency or authority) shall ensure disaster training is approved, documented and supervised, and shall ensure disaster training is commensurate with the duties of the disaster service worker volunteer.
