Date of Survey September 21, 2012							
Corner - Left as found Found and tagged Established Reestablished Rebuilt Identification and type of corner found: Evidence used to identify or procedure used to establish or reestablish the corner. Multiple monuments on Carpenter Road were found and surveyed. This work was done by CLSA Central Valley Chapter volunteers as part of an effort to preserve property corner monuments during San Joaquin County summer chip seal projects. The coordinates shown on this corner record are based on the California Central Valley Control Network, Epoch Date 2012-09-23, Version 1.01. A copy of the control survey is available from KSN in digital form upon request. A description of the physical condition of the monument as found and as set or reset: See the back of this corner record for a description of found property corner monuments. Monument photos and field notes are available in digital form from KSN or the CLSA California Central Valley Chapter. The combined scale factor for the coordinates shown is 0.9999369800. The mapping angle is -00-27-42. Both the combined scale factor for the coordinates shown is 0.9999369800. The mapping angle is -00-27-42. Both the combined scale factor and the mapping angle for this corner record were calculated at Point #333. SURVEYOR'S STATEMENT This Corner Record was prepared by me or under my direction in conformance with the Land Surveyor's Act on February 1				البقا			*****
