

# PROJECT UPDATE AND NOTICE OF EXTENSION

## Temporary Bridge Closures to Marine Traffic

Work on the Tracy Boulevard Bridge over Grant Line Canal has been completed, and the waterway reopened to all marine traffic.

Due to unforeseen circumstances, the following movable-span bridges in San Joaquin County will remain temporarily closed to marine traffic requiring a bridge opening:

- Eight Mile Road Bridge over Honker Cut Canal through June 26, 2025 (Phase 1 construction)
- Bacon Island Road Bridge over Middle River through May 30, 2025

# TEMPORARY BRIDGE CLOSURES TO MARINE TRAFFIC

On October 1, 2024, the San Joaquin County Department of Public Works (SJC Public Works) began a project to rehabilitate the mechanical and electrical systems on four movable-span bridges in the Sacramento-San Joaquin River Delta with an expected completion date of January 31, 2026. Since October 1, 2024, work has been focused on the Bacon Island Road and Tracy Boulevard bridges, and Phase 1 work on the Eight Mile Road bridge (over Honker Cut). **The work on the Tracy Boulevard Bridge over Grant Line Canal has been completed, and the waterway has been reopened to all marine traffic.**

**Due to unforeseen circumstances, work on the following bridges requires extended closures:**

- Eight Mile Road Bridge over Honker Cut Canal through June 26, 2025 for Phase 1 construction. Phase 2 work will be performed from October 1, 2025 – January 31, 2026.
- Bacon Island Road Bridge over Middle River through May 30, 2025.

Passage for small vessels through the Honker Cut Canal and Middle River, where bridge openings are not required, will be maintained.

Vehicular traffic will continue to be accommodated on the bridges; however, one-lane closures should be expected during construction activities. **Construction activities will generally occur from 7 a.m. to 7 p.m., Monday through Friday, with occasional night work.** Advance construction message boards or signs will be in place to provide additional details.
