

CONSULTANT SERVICES FOR THE WAVERLY ROAD BRIDGE NO. 29C-368 REPLACEMENT ACROSS CHANNEL B PROJECT

For more information, please contact Robelyne Patricio at (209) 953-7454 or rpatricio@sigov.org.

Project Description:

The San Joaquin County Department of Public Works (SJCDPW) will be requesting proposals from consultant firms to provide professional and technical services for the design of the proposed **Waverly Road Bridge No. 29C- 368 Replacement Across Channel B Project** (Project).

The project consists of replacing the existing timber bridge (Bridge No. 29C-368) across Channel B with a new single-span structure and comply with AASHTO, Caltrans, and County standards, ensuring it meets all necessary performance and safety criteria for traffic requirements.

SJCDPW will enter into a consultant services agreement with the selected consultant to provide consultant services for the Project. The requested services will include the following, but are not limited to:

- Project Management
- Project Surveying, Mapping and Control
- Evaluation of Bridge Type Selection/Roadway Alignment
- Public Outreach Program
- Geotechnical Investigation and Foundation Report
- CEQA Approval
- Hydraulic and Hydrology Analysis
- Permitting Compliance
- Utility Coordination and Relocation Plan
- Right-of-Way Engineering
- Plans, Specifications, and Engineer's Estimate (PS&E)
- Bidding and Post Award Assistance

RFP Release: June 2025

The Request for Proposals (RFP) will outline the submission requirements and detail the selection process. Before the RFP release date, interested firms may address inquiries to Robelyne Patricio, Assistant Engineer, as noted above. After the RFP is issued, questions will be directed to SJCDPW staff responsible for managing the selection process.
