

ON-CALL BRIDGE ENGINEERING SUPPORT SERVICES

For more information, contact Nhan Tran, Management Analyst II, at (209) 953-7452 or ntran@sigov.org

Project Description:

The San Joaquin County Department of Public Works (SJCDPW) will be requesting statements of qualifications from consulting firms to provide engineering services in support of the SJCDPW's Highway Bridge Program (HBP) and Bridge Preventive Maintenance projects.

SJCDPW intends to establish a list of three consulting firms to provide support services on an as-needed basis for various bridge projects that may become available over the next two years. SJCDPW may also elect to extend the period for new project assignments to a third year. Duration, scope, and scheduling of services will vary with specific project assignments. The amount of assigned work available for each selected firm will not exceed \$200,000 annually per project.

Required Services:

SJCDPW will select firms that provide the required specialty services, including, but not limited to:

- Structure Design and PS&E Preparation
- Geotechnical Engineering and Investigations
- Bridge and Roadway Design Support • Independent Check (QA /QC)
- Bridge Preventive Maintenance Program Design Support
- Bridge Cost Comparison Analyses
- Mechanical and Electrical Bridge Engineering Services for Movable Span Bridges
- Hydraulic & Hydrology Analysis
- Bridge Approach Railing and Barrier Rail Design meeting MASH compliant standards
- Technical Studies for Environmental Clearance (NEPA and CEQA) Bridge Safety Inspections and Repair Recommendations
- Public Outreach

Release of the Request for Qualifications (RFQ): January 2026

The RFQ will include details about the required submittals and the selection process. Prior to the RFQ release date, interested firms may direct their questions to Nhan Tran, Management Analyst II, as indicated above. Following the RFQ release date, all inquiries will be referred to SJCDPW staff member(s) who administer the selection process.
