

Washington Street Complete Streets Project

For more information, contact Jonathan Curry at (209) 953-7627 or jcurry@sigov.org

Project Description:

The San Joaquin County Department of Public Works (SJCDPW) will be soliciting proposals from qualified engineering consulting firms (CONSULTANT) to provide engineering services for the Washington Street Complete Streets Project (PROJECT). The CONSULTANT will design and engineer approximately 1 mile of Washington Street into a "complete streets" corridor, from Anteros Avenue to Cardinal Avenue. The purpose of the project is to enhance and promote active transportation (biking and walking) in the area. The requested services will include public outreach, ROW coordination and topographic survey, curb, gutter and sidewalk, and other pedestrian and traffic enhancement design.

Services Needed:

- Public Outreach Coordination
- Environmental Clearance Support
- ROW Coordination and Survey
- Utility Coordination and Relocation Plans
- Curb, Gutter, Sidewalk Design
- Traffic Circle Design
- Plans, Specifications and Engineer's Estimate (PS&E)
- Cross Sections for Driveway, Curb, Gutter & sidewalk Improvements

Projected Solicitation Start Date: June 2026
