PROJECT
REQUEST FOR PROPOSALS
SJCDPW-RFP-26-08**

1.0 INTRODUCTION

The San Joaquin County Department of Public Works (SJCDPW) requests technical proposals from qualified consulting firms to undertake, perform, and complete the tasks set forth in Request for Proposals – SJCDPW-RFP-26-08. The selected consulting firm (CONSULTANT) will perform professional and technical engineering services for the Design Engineering Services for the State Route (SR) 26 and Jack Tone Road Roundabout Project (PROJECT).

The CONSULTANT shall prepare project documentation, plans, specifications and estimates consistent with SJCDPW Standards and Caltrans Guidance documents including but not limited to; Project Development Procedures Manual (PDPM), Plans Preparation Manual (PPM), California Manual on Uniform Traffic Control Devices (CA MUTCD), Construction Contract Development Guide, and Right of Way Manual.

The CONSULTANT shall be requested to enter into a consultant services agreement with SJCDPW as set forth in this Request for Proposals (RFP). CONSULTANT work shall entail the following: coordinate with the State of California Department of Transportation (Caltrans), including creation of a Project Development Team (PDT) per Caltrans requirements; perform topographic surveys and prepare base mapping; execute traffic-related surveys; prepare roadway and structure design; prepare roundabout and lighting design; perform storm drainage analysis and prepare plans; perform utility mapping, coordination, and review utility relocation plans to minimize conflicts; schedule management and the completion of full Plans, Specifications, and Estimate (PS&E) construction documents, including roadway improvement plans, storm drainage facilities, roundabout geometric layout, and striping, signing, and lighting plans; and conduct right-of-way support and surveys, and acquisition support services. The CONSULTANT shall also perform project management in conjunction with the SJCDPW's Project Manager (PM), coordinate all stages of the PROJECT with Caltrans, and conduct a focused outreach program to stakeholders. All submittals shall be provided to SJCDPW in Adobe PDF format unless otherwise specified.

The proposed roadway improvements will be environmentally cleared by Caltrans and/or SJCDPW staff in concurrence with PROJECT design provided by the CONSULTANT. No environmental lead work shall be required as a part of this RFP, but support services such as preparation of exhibits for technical studies and responding to questions directly related to environmental clearance shall be considered as included in the other Tasks in this RFP.

The CONSULTANT shall be required to provide all labor, equipment, tools, and facilities necessary for the completion of the PROJECT's design. SJCDPW's goal, for scheduling purposes, is to have the Project Study Report – Project Development Support (PSR-PDS) or other agreed upon alternative Project Initiation Document (PID) within twelve (12) months or less from issuance of the Notice to Proceed (NTP). Submission of the sixty-five percent (65%) design completed for the PROJECT within twenty-four (24) months or less from issuance of the Notice to Proceed (NTP). Within this time, the necessary survey data will be collected and analyzed, and the roadway geometry/topography will be identified. Submission of the ninety-five percent (95%) design shall be due on or before thirty (30) months from issuance of the NTP. Right-of-Way activities shall be completed within forty-two (42) months from issuance of the NTP. Submission of the Final signed PS&E shall be due on or before forty-eight (48) months from issuance of the NTP.

SJCDPW has not established a Disadvantaged Business Enterprise (DBE) goal for this RFP per current Federal guidance. The CONSULTANT shall not discriminate against DBEs or other enterprises on the basis of race, color, sex or national origin in the consideration for performing requested professional services for the PROJECT. The CONSULTANT is encouraged to afford full opportunity to DBEs to perform professional services in response to this RFP. In addition, SJCDPW does not have any Local Hire Policy requirements for this RFP, but the CONSULTANT is encouraged to actively use local subconsultants that employ San Joaquin County residents.

2.0 PROJECT BACKGROUND AND HISTORY

The purpose of the PROJECT is to provide safety, operational, and capacity improvements to meet current and future traffic demands. The PROJECT improvements will include modifying the SR 26 and Jack Tone Road intersection to replace the existing all-way stop configuration with a roundabout and various other features to enhance safety and traffic circulation through the intersection.

A Congestion Mitigation and Air Quality (CMAQ) grant was secured by San Joaquin County (County) for the construction of a roundabout at the intersection of SR 26 and Jack Tone Road approximately 4.5 miles east of SR 99. Shortly after the grant's award, Caltrans adopted a policy requiring an Intersection Control Evaluation (ICE) to be prepared prior to selecting an alternative. The County prepared a draft ICE report in conjunction with Caltrans confirming a roundabout continued to be the preferred alternative, but it was not finalized, and the PROJECT was put on hold. Since that time, the ICE process has been superseded by the Intersection Safety and Operational Assessment Process (ISOAP). A full ISOAP evaluation will be required and is included in the Scope of Work.

3.0 PRELIMINARY WORK SCOPE

SJCDPW's Preliminary Work Scope is shown as EXHIBIT "A". Interested firms will need to response all tasks as defined in EXHIBIT "A".

4.0 SERVICES PROVIDED BY SJCDPW AND RESTRICTIONS

- Access without charge to data, reports, and maps that currently exist in County files, which are necessary for carrying out the requested services; and
- Cooperation of assigned SJCDPW staff in carrying out the work on the PLAN without undue delay.

Access to information is limited to data of record in County files and in the formats as recorded. The CONSULTANT shall check and verify existing information and conditions and notify SJCDPW of any deficiencies or concerns.

SJCDPW reserves the right to eliminate, reduce or modify the Preliminary Work Scope or to perform any of said work with SJCDPW staff.

5.0 PROPOSAL FORMAT AND CONTENT REQUIREMENTS

- B. Resumes of key personnel anticipated to participate in the PROJECT and an explanation of the function that each key person will be performing. Provide information on the key personnel's experience related to providing engineering services for the PROJECT. Similar information is required for each subconsultant's proposed personnel utilized, if any, and the approximate percentage of their contribution. The CONSULTANT shall include a statement of the level of guaranteed commitment of the proposed individuals to actually perform the required preliminary work scope.
- C. A list of similar reference projects, comparable in nature to the proposed PROJECT that the key personnel anticipated to participate on this PROJECT have completed. Provide information for the experience of the key personnel related to providing engineering services for the PROJECT. The CONSULTANT shall include the CONSULTANT's performance in providing previous service to SJCDPW for consideration.

The reference list should include:

It is preferable that the primary reference project as closely as possible resemble engineering work effort required for the PROJECT. Describe the approach and the methodology that were used to provide the required services including any equipment or special software. Clearly identify the specific level of provided services that were performed and subsequent work products that were produced or delivered. The level of detail must clearly delineate between major and minor work tasks. - F. Indicate where the work is to be performed. If the work is to be shared among CONSULTANT's different offices, identify the locations and the work to be performed in each CONSULTANT or office. Travel to study area for the PROJECT might be required, but excessive travel time and expenses will be avoided to ensure operating efficiency and responsible cost control. This requirement is more easily met by CONSULTANT that are capable of responding on site with short notice and that are based within a 75-mile radius of Stockton, California.

proposal if it is conditional, incomplete or contains irregularities. SJCDPW may waive an immaterial deviation in a proposal. A waiver of an immaterial deviation shall not modify the RFP documents, and it shall not exempt the firm from any terms of an executed consultant services agreement, should one be awarded.

SJCDPW will assemble a selection committee, comprised of SJCDPW staff members and other qualified individuals, which will evaluate submitted proposals and select a short list of firms for presentation-interviews. The evaluation for the written qualifications and technical proposals will be based on the criteria shown in Attachment "B".

Aside from the selection process described herein, firms or their representatives are prohibited from attempting to influence this consultant solicitation by contacting Selection Committee members, elected officials, SJCDPW staff, or other individuals and entities involved in selecting the CONSULTANT or awarding the consultant agreement. Any such attempt to influence selection outside of the proscribed process will be grounds for disqualification.

- 8.3 Oral Presentation and Interview Selection Process: An oral presentation and interview will be conducted with up to five (5) firms that are ranked the highest based upon written qualifications and proposals. SJCDPW may choose to increase or decrease the number of firms interviewed. Those firms invited to interviews will be notified of the dates and times of their interviews. SJCDPW anticipates that oral interviews will be arranged according to the schedule on Section 8.1. Consultant Selection Schedule. Firms will also be notified of additional information, if any, to be submitted at the oral presentation and interview. Failure to appear at the oral presentation and interview will be considered nonresponsive and the firm will be eliminated from further consideration. Oral presentations and interviews will be evaluated using the criteria shown in Attachment "B".
- 8.4 Cost Proposals: Highest ranked *firm selected for the PROJECT shall submit a cost proposal within two working days after the ranking has been established*. The method of payment for PROJECT will actual cost plus a fixed fee. The cost proposal will consist of a "not-to-exceed" price quotation along with current fee schedules, task hours, personnel wage rate sheets, and other costs. CONSULTANT shall provide specific hourly, daily, or monthly rates for each class of employee or piece of equipment. Such specific rates of compensation are to include an hourly breakdown, direct salary costs, salary additives, indirect costs, and fee (profit). Other direct costs may be set forth as independent cost items with supporting cost documentation. ***Please note SJCDPW policy and standard business practice does not allow CONSULTANT to add a mark-up to other direct costs and does not allow mark-ups on subconsultant fees.*** CONSULTANT's quote of estimated cost plus fee (profit) will be based upon specific rates of compensation and shall include supporting statements and schedules sufficient to allow determination of the itemized hours per task, cost per task, and levels of effort allotted to each task by the CONSULTANT as well as subconsultants.

The cost proposal shall include a separate itemization for each major task and milestone, and a summary cost proposal of all costs. The cost proposal submitted shall follow the format provided in EXHIBIT "C". The detailed cost proposals shall also be required for all proposed subconsultants in the required format. SJCDPW is not responsible for mathematical calculations resulting from imbedded formulas in EXHIBIT "C". It is the selected CONSULTANT's responsibility to assure the mathematical correctness of its submittal.

The cost proposal shall include highest ranked CONSULTANT's and subconsultant's Certification of Financial Management System and Contract Cost (EXHIBIT D). The cost proposal should also include highest ranked CONSULTANT' & subconsultants' copies of prior and current Certified Public Accountant (CPA) indirect cost rate (ICR) audit reports and rate schedules, if any. These financial statements should include representation from the highest ranked CONSULTANT's management that the amounts are current, accurate and are prepared in compliance with regulations that apply to specific circumstance as specified in the AASHTO Uniform Accounting & Auditing Guide.

- 8.5 Selection: SJCDPW will tabulate qualifications, written proposal, oral presentation, and interview scores to be used as the basis for selection, and firms will be ranked for consultant services agreement negotiations.

The requested cost proposal will be used as a starting point for agreement negotiations with the highest ranked firm selected on the basis of its qualifications and proposal. SJCDPW will then negotiate a consultant services agreement with the selected firm. If an agreement cannot be reached after a reasonable period of time, as determined by SJCDPW, then SJCDPW will terminate negotiations with the highest ranked CONSULTANT and negotiations will be opened with the next highest ranked firm. The compensation discussed with one prospective firm will not be disclosed or discussed with another firm. The selected firm will be the highest ranking proposal that has been successfully negotiated for award of the consultant services agreement. The successful firm and/or team will be requested to enter into a CONSULTANT services agreement with the County. SJCDPW's Boilerplate Consultant Services Agreement are shown as Exhibit "E". *The prospective firm is advised that SJCDPW's all boilerplate agreements reflect the County and SJCDPW's standard business practices which are set and not normally subject to substantive change.* The prospective firm is also advised that the agreements will not be in force until it is approved by San Joaquin County Board of Supervisors. The CONSULTANT will be required to satisfy all insurance certification requirements before SJCDPW issues Notice to Proceed.

- 8.6 Pre Award Audit: Concurrent with Consultant Services Agreement negotiations, a pre-award audit evaluation may be required. The pre-award audit evaluation will be made to:

- Review the draft contract language.
- Determine the adequacy of the CONSULTANT's accounting system.
- Determine the reasonableness of the CONSULTANT's and subconsultant's rates and if the proposed PLAN costs are reasonable and allowable. Determine the financial capabilities of the CONSULTANT (cash flow).
- Protect Federal, State, and Local Agency interests by identifying concerns before any work is performed and money expended.

SJCDPW may select Caltrans Audits and Investigations to perform the pre-award audit. SJCDPW also has the option to perform the pre-award audit using its own forces or by using a Certified Public Accounting consultant. SJCDPW advises any prospective firm that a pre-award audit will be performed and that cooperation with the auditors is required. The pre-award audit will be performed in accordance with generally accepted government auditing standards promulgated by the United States General Accounting Office . Prospective firms are also encouraged to review and to be familiar with the requirements incorporated in the following:

- Local Assistance Procedures Manual (LAPM) Chapter 10 "Consultant Selection"

The pre-award audit might be required before the Consultant Services Agreement is executed by the San Joaquin County Board of Supervisors. SJCDPW shall be proactive to resolve any audit findings or comments before execution of the Consultant Services Agreement. Audit findings or comments may necessitate the need for additional contract provisions as well as determine eligible and allowable costs. If audit findings or comments are not resolved to SJCDPW's satisfaction, then SJCDPW may terminate negotiations with the best ranked firm, and negotiations will be opened with the next ranked firm.

The cost proposal for the prime and all proposed subcontractors must contain a breakdown of all components of cost to include: labor base, rate, other direct costs, overhead, and fee. SJCDPW requires the CONSULTANT to cooperate with the auditors, and the agreement will be awarded only after the "Audit Disposition" has been completed and all outstanding issues have been resolved.

All work products submitted to SJCDPW's Project Engineer for review are required to be marked clearly as fully checked and that the preparation of the material followed the established quality control procedures.
- 9.4 CONSULTANT will use Microsoft Project or compatible software approved by SJCDPW, in preparing the PROJECT schedule showing work tasks, phases, durations, milestones, assignments, critical path, and other relevant data. The CONSULTANT shall update the schedule throughout the PLAN with each progress billing and supply to SJCDPW's Project Engineer. PROJECT schedule will be immediately revised by CONSULTANT should it become apparent that a task or milestone has not or will not be achieved.

At the beginning of the work effort for the requested services, the CONSULTANT shall prepare a progress schedule showing clearly the various work tasks and the estimated time required for completion of each task. The progress schedule shall indicate major milestones, review stages, and other items critical to complete the PROJECT.

The progress schedule shall be updated throughout the course of the services, and the original schedule will be retained as a basis of comparison. The CONSULTANT shall review the progress schedule to identify any potential scheduling problems and shall take steps to maintain or reconcile any anticipated or actual delays with the original schedule.

- 10.2 CONSULTANT shall submit payment requests monthly. The CONSULTANT shall submit monthly payment requests which shall include a detailed invoice of the costs incurred and an updated progress schedule. The progress payment invoice and updated progress schedule shall contain sufficient detail to define the amount of work performed and to allow an evaluation of the percentage of work accomplished with respect to the extent of budget expenditures made to date.
