The selected firm will provide professional and technical project management services for the proposed **Project Management and Support Services for Transportation Projects (PROJECT)**.

The selected FIRM will be the highest-ranking firm that has successfully negotiated the terms for award of a consulting services agreement. The selected FIRM will be requested to enter into two separate consulting services agreement with San Joaquin County (County) for two separate federally funded projects after the Federal Highway Administration (FHWA) has approved the consulting services agreement. Project management services are requested for the Grant Line Road Realignment and State Route 26 (SR26)/Jack Tone Road Intersection Improvements. The selected FIRM will not be invited to submit technical proposal for design engineering or construction management services for the Grant Line Road Realignment or SR26/Jack Tone Road Intersection Improvements projects. All work shall comply with the County Policies, the California Department of Transportation (Caltrans) Local Assistance Procedure Manual (LAPM).

FIRM shall be required to provide all labor, equipment, tools, and facilities necessary for the completion of the PROJECT. FIRM will be required to have knowledge of County, Caltrans and FHWA standards and processes on transportation projects. FIRM will provide the necessary Project Manager and other necessary support staff on an as-needed basis to support SJCDPW with the ongoing development of current projects, and consulting services will be on a time and materials basis. FIRM will be assigned two projects as follows:

Grant Line Road Realignment

- The Grant Line Road Realignment Project has completed CEQA documentation and preliminary negotiations with Union Pacific Railroad, and SJCDPW will be requesting proposals from qualified engineering firms to complete project design in late Summer 2025.
- The FIRM will directly oversee all activities of the engineering consulting firm chosen to complete design work, which will include right-of-way activities, further coordination with Union Pacific Railroad, NEPA environmental clearance, and pursuing project funding opportunities.

SR 26/Jack Tone Road Intersection improvements

- The SR 26/Jack Tone Road project was awarded CMAQ funding to construct a roundabout to replace an existing all-way stop control. Preliminary work has begun on the project, including a draft Intersection Control Evaluation, but the project was put on hold before final approval.

- SJCDPW will be requesting proposals from qualified engineering firms for project design, including all necessary coordination with Caltrans, in fall 2025 following selection of design FIRM for the Grant Line Road Realignment Project.
- The FIRM will directly oversee all activities of the engineering firm chosen to complete all project work. Coordination with Caltrans will be a critical part of this project's management.

FIRM cannot submit engineering services technical proposals for transportation projects that FIRM is providing project management services on.

SJCDPW has established the goal of 0.00% for the Disadvantage Business Enterprise (DBE) participation in the Agreement, based on the indicators and the annual agency-wide goals defined by Caltrans and SJCDPW. - 8.2 Proposal Evaluation: SJCDPW will review the proposals for completeness, clarity, and content quality. Each proposal will be reviewed to determine if it meets the requirements contained in Section 5.0 "PROPOSAL FORMAT AND CONTENT REQUIREMENTS." SJCDPW may reject any proposal if it is conditional, incomplete or contains irregularities. SJCDPW may waive an immaterial deviation in a proposal. A waiver of an immaterial deviation shall not modify the RFP documents, and it shall not exempt the FIRM from any terms of an executed FIRM services agreement, should one be awarded.

SJCDPW will assemble a selection committee, comprised of SJCDPW staff members and other qualified individuals, which will evaluate submitted proposals and select a short list of Firms for presentation-interviews. The evaluation for the written qualifications and technical proposals will be based on the criteria shown in Attachment "B".

Aside from the selection process described herein, Firms or their representatives are prohibited from attempting to influence this FIRM solicitation by contacting Selection Committee members, elected officials, SJCDPW staff, or other individuals and entities involved in selecting the firm or awarding the FIRM agreement. Any such attempt to influence selection outside of the proscribed process will be grounds for disqualification.

- 8.3 Oral Presentation and Interview Selection Process: An oral presentation and interview will be conducted with up to five (5) firms that are ranked the highest based upon written qualifications and proposals. SJCDPW may choose to increase or decrease the number of firms interviewed. Those firms invited to interviews will be notified of the dates and times of their interviews. SJCDPW anticipates that oral interviews will be arranged according to the schedule on Section 8.1. FIRM Selection Schedule. Firms will also be notified of additional information, if any, to be submitted at the oral presentation and interview. Failure to appear at the oral presentation and interview will be considered nonresponsive and the firm will be eliminated from further consideration. Oral presentations and interviews will be evaluated using the criteria shown in Attachment "B".

- 8.4 Cost Proposals Requirements: ***The County will only request the Cost Proposal from the highest ranked firm following the final FIRM ranking.*** The method of payment for this Project will be actual cost plus a fixed fee. The cost proposal will consist of a "not-to-exceed" price quotation along with current fee schedules, task hours, personnel wage rate sheets, and other costs. The highest ranked firm shall provide specific hourly, daily, or monthly rates for each class of employee or piece of equipment. Such specific rates of compensation are to include an hourly breakdown, direct salary costs, salary additives, indirect costs, and fee (profit). Other direct costs may be set forth as independent cost items with supporting cost documentation. ***Please note SJCDPW policy and standard business practice does not allow FIRM to add a mark-up to other direct costs.*** The highest ranked firm's quote of estimated actual cost plus fee (profit) will be based upon specific rates of compensation and shall include supporting statements and schedules sufficient to allow determination of the itemized hours per task, cost per task, and levels of effort allotted to each task by the firm.

The cost proposal shall include a separate itemization for each major task and milestone, and a summary cost proposal of all costs. The cost proposal submitted shall follow the format provided in EXHIBIT "C". SJCDPW is not responsible for mathematical calculations resulting from imbedded formulas in EXHIBIT "C". It is the highest ranked firm's responsibility to assure the

mathematical correctness of its submittal.

The cost proposal shall include highest ranked firm's Certification of Financial Management System and Contract Cost (EXHIBIT D). The cost proposal should also include highest ranked firm's copies of prior and current Certified Public Accountant (CPA) indirect cost rate (ICR) audit reports and rate schedules, if any. These financial statements should include representation from the highest ranked Firm's management that the amounts are current, accurate and are prepared in compliance with regulations that apply to specific circumstance as specified in the AASHTO Uniform Accounting & Auditing Guide.

- 8.5 Cost Proposal Submittal: The highest ranked firm selected for the Project shall submit a cost proposal within three working days after the FIRM has been notified of the final selection. The cost proposal shall include a cover letter signed by an official who has the authority to bind the firm to the contract, including a brief statement affirming that the FIRM is able to comply with Project requirements/standards, indemnification, and insurance requirements as cited in SJCDPW-25-05.

The selected firm shall submit the cost proposal documents in PDF format via e-mail on or before **4:00 p.m. on Thursday, September 25, 2025**, to: ntran@sjgov.org

- 8.6 Selection: SJCDPW will tabulate qualifications, written proposal, oral presentation, and interview scores to be used as the basis for selection, and firms will be ranked for FIRM services agreement negotiations. The highest ranked firm will submit their cost proposal five working days after the firms have been ranked for FIRM services agreement negotiation.

The cost proposal will be used as a starting point for agreement negotiations with the highest ranked firm selected on the basis of its qualifications and proposal. SJCDPW will then negotiate a FIRM services agreement with the selected firm. If an agreement cannot be reached after a reasonable period of time, as determined by SJCDPW, then SJCDPW will terminate negotiations with the number one ranked firm and negotiations will be opened with the second ranking firm. The compensation discussed with one prospective firm will not be disclosed or discussed with another firm. The selected firm will be the highest ranking proposal that has been successfully negotiated for award of the FIRM services agreement. The successful firm will be requested to enter into a FIRM services agreement with the County. SJCDPW's Boilerplate Consulting Services Agreement are shown as Exhibit "E". *The prospective firm is advised that SJCDPW's all boilerplate agreements reflect the County and SJCDPW's standard business practices which are set and not normally subject to substantive change.* The prospective firm is also advised that the agreements will not be in force until it is approved by San Joaquin County Board of Supervisors. The FIRM will be required to satisfy all insurance certification requirements before SJCDPW issues Notice to Proceed.

- 8.7 Pre Award Audit: Concurrent with Consulting Services Agreement negotiations, a pre-award audit evaluation may be required.

The pre-award audit evaluation will be made to:

- Review the draft contract language.
- Determine the adequacy of the firm's accounting system.
- Determine the reasonableness of the firm's and subconsultant's rates and if the proposed project costs are reasonable and allowable. Determine the financial capabilities of the firm (cash flow).
- Protect Federal, State, and Local Agency interests by identifying concerns before any work is performed and money expended.

SJCDPW may select Caltrans Audits and Investigations to perform the pre-award audit. SJCDPW also has the option to perform the pre-award audit using its own forces or by using a Certified Public Accounting firm. SJCDPW advises any prospective firm that a pre-award audit will be performed and that cooperation with the auditors is required. The pre-award audit will be performed in accordance with generally accepted government auditing standards promulgated by the United States General Accounting Office at <https://www.gao.gov/topics/auditing-and-financial-management> .

The pre-award audit might be required before the Consulting Services Agreement is executed by the San Joaquin County Board of Supervisors. SJCDPW shall be proactive to resolve any audit findings or comments before execution of the FIRM Services Agreement. Audit findings or comments may necessitate the need for additional contract provisions as well as determine eligible and allowable costs. If audit findings or comments are not resolved to SJCDPW's satisfaction, then SJCDPW may terminate negotiations with the best ranked firm, and negotiations will be opened with the next ranked firm.

The firm's cost proposal for the prime and all proposed subcontractors must contain a breakdown of all components of cost to include: labor base, rate, other direct costs, overhead, and fee. SJCDPW requires the firm to cooperate with the auditors, and the agreement will be awarded only after the "Audit Disposition" has been completed and all outstanding issues have been resolved.

- 8.8 Consultant in Management Support Role on federal for Federally-Funded Projects: SJCDPW will seek Federal Highway Administration(FHWA)'s approval for the Agreement before execution of the Agreement. Firm must submit the completed Exhibit H (LAMP Exhibit 10-U): Consultant in Management Support Role Conflict of Interest and Confidentiality Statement along with the Statement of Qualifications.

Other Federally Funded Projects Provisions:

- Firm will not participate in the consultant selection process, if Firm is one of the proposing firms, or subconsultant to a proposing firm for the project.
- Firm will not participate in management of work performed by Firm, or to a consultant team of which the Firm is a subconsultant. This would include, but not be limited to, managing or directing the work, approving changes in the schedule, scope, or deliverables, and approving invoices.

The FIRM will present all memoranda, reports, change orders, and other documentation in the general form agreed to by SJCDPW. All work products will be the property of SJCDPW.

The progress schedule shall indicate major milestones, review stages, and other items critical to complete the PROJECT.
