G: Scope of Business

This document shall serve as a Primary Diversion Plan for the business or company listed above, hereinafter referred to as "the Business." The purpose of the Primary Diversion Plan is to serve as a "Primary" document, kept on file, that outlines how materials generated through the scope of the Business shall be routinely managed and diverted from the landfill. The Primary Plan streamlines the permitting process so as to avoid repetitive paperwork for businesses that perform routine services. By signing below I am affirming:

1) I am an agent of the Business and am authorized to enter into contractual agreements on its behalf.

\_\_\_\_\_ Initial

2) I understand that if the Business does not comply with the requirements of the San Joaquin County Ordinance #4310 entitled the "Construction, Demolition and Landscaping Debris Recycling and Diversion Ordinance", the Business may be fined or denied future permits.

\_\_\_\_\_ Initial

3) the Business shall submit documentation to the San Joaquin County Department of Public Works, Solid Waste Division pertaining to any Applicable Project pursuant to County Ordinance #4310 entitled the "Construction, Demolition and Landscaping Debris Recycling and Diversion Ordinance."
