

County-Designated Facilities: Hassle-Free C&D Ordinance Compliance

A weight receipt submitted from one of the County-designated facilities below, showing that debris from an Applicable Project was delivered and declared as C&D will constitute as full compliance with the Construction and Demolition Ordinance.

LOVELACE MATERIALS RECOVERY FACILITY & TRANSFER STATION

2323 E. Lovelace Road
Manteca, CA 95336
(209) 982-5770
Open to the Public:
7:00 a.m. to 4:00 p.m. Monday – Sunday
Closed New Year’s Day, Easter Sunday,
Thanksgiving, and Christmas Day.

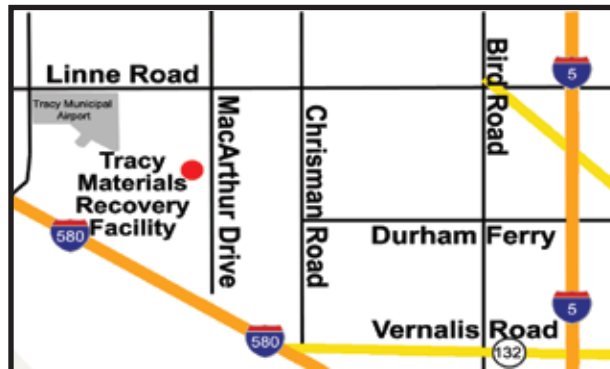

NORTH COUNTY RECYCLING CENTER & SANITARY LANDFILL

17720 E. Harney Lane
Lodi, CA 95240
(209) 887-3868
Open to the Public:
7:00 a.m. to 4:00 p.m. Monday – Sunday
Closed New Year’s Day, Easter Sunday,
Thanksgiving, and Christmas Day.

TRACY MATERIALS RECOVERY FACILITY & TRANSFER STATION

30703 S. MacArthur Drive
Tracy, CA 95377
(209) 832-2355
Open to the Public:
Monday – Saturday 8:00 a.m. to 4:00 p.m.
Closed Sunday
Closed New Year’s Day, Thanksgiving, and
Christmas Day.

TARPING REQUIREMENT: All loads taken to County facilities must be covered. Loads that are not covered with a tarp or other cover shall be subject to additional charges.

San Joaquin County Construction & Demolition (C&D) Recycling and Diversion Program

Compliance Guide

The C&D Recycling Program is for Applicable Projects located within San Joaquin County ONLY. NO out of County C&D materials accepted.

Protect Yourself!

If your signature is on the permit application, you are responsible for C&D compliance!

- Frequently, unlicensed persons performing “handyman” services will have a property owner obtain a permit for work being performed on the owner’s behalf. If you are working with a contractor, have the contractor apply for permits. This shifts the responsibility for C&D compliance to the contractor.
- Ensure that all contractors providing services are fully licensed with the State of California and are insured.

For more information on contractors go to:
<https://www.cslb.ca.gov>

Compliance Tips

- **Recyclable materials** that have been separated into single stream loads (e.g. metal, wood) can be taken to any vendor where Solid Waste Personnel can verify the materials are recycled.
- **Mixed debris and waste MUST** be delivered to designated County facilities.
- **If you contract for bin service:** Advise the bin service provider of C&D requirements, provide them with your Building Permit # and inform them that **mixed debris loads MUST be delivered to a County facility.**
- **If you haul mixed debris yourself:** Deliver to designated County facility, declare the load as C&D material, and provide the Building Permit # to the facility attendant.
- **Save all receipts** for recycling, disposal, and/or donation activities.
- **Submit receipts and Diversion Report within 30 days of the projects final inspection** to San Joaquin County’s Solid Waste Division or email to: PWCDServices@sjgov.org.

San Joaquin County Construction & Demolition (C&D) Ordinance

In 2009, the County Ordinance #4370 also known as the Construction, Demolition, and Landscaping Debris Recycling and Diversion Ordinance was adopted. The goal of this Ordinance was to implement a source reduction and recycling program to reduce, reuse and recycle; helping to divert a minimum of 65 percent of construction waste as defined and set forth by current CalGreen standards. Definitions of Construction and Demolition Debris, Inerts, and Organics are listed below. **All C&D debris that is unable to be recycled or reused MUST be delivered to a facility designated by San Joaquin County's Director of Public Works.**

Recyclable Debris

To Comply with San Joaquin County's C&D Ordinance you must recycle:

Separating debris increases the amount of material that is pulled from mixed loads and recycled. Percentages below reflect the typical amount of debris recovered from mixed loads.

OF ALL

Construction and Demolition Debris*:

- Dimensional lumber & wood
- Metal
- Glass
- Paper
- Sheetrock
- Cardboard
- Other non-hazardous materials

AND

OF ALL

Inert Materials*:

- Concrete
- Asphalt
- Soil
- Ceramics
- Stucco
- Cement
- Masonry
- Bricks
- Rocks/Stones
- Other non-hazardous inerts

AND

Organic Materials:

- Yard clippings
- Tree trimmings
- Brush
- Logs and stumps
- Other non-hazardous vegetation

*list subject to change based upon recycling opportunities

C&D Reporting

Persons applying for a Construction, demolition, and/or renovation permit that is deemed as an "Applicable Project" under San Joaquin County's C&D Ordinance must:

- 1) Fill out a Diversion Plan prior to undertaking an Applicable Project.
- 2) Turn in a Diversion Report within thirty-days of project completion, along with receipts and/or other documentation showing the material description, weight, and contact information for the facility(ies) where material(s) were recycled.

Documents must be submitted to San Joaquin County's Solid Waste Division.

Recycling & Debris Management Ways to Comply with the C&D Ordinance:

- Take mixed debris to a County-designated facility, declare the load as C&D, and provide building permit # to facility attendant.
- **Save receipts documenting debris was delivered to approved facility.**
- **Submit receipts and Diversion Report to the SJC Solid Waste Division or email to: PWCDServices@sjgov.org.**
- **This will constitute full compliance with the Construction & Demolition Ordinance.**

OR

- Separate debris into single stream materials such as metals, wood, inerts or organics.
- Deliver separated materials to any verifiable recycling or reuse facility.
- Take remaining debris to a County-designated facility.
- Save all receipts and documentation showing the weight of the load, the materials delivered, facility location, and contact information.
- **Submit receipts and Diversion Report to the SJC Solid Waste Division or email to: PWCDServices@sjgov.org.**
