AND ARTICLES XIIIC AND XIID OF THE CALIFORNIA CONSTITUTION**

**SAN JOAQUIN COUNTY DEPARTMENT OF PUBLIC WORKS
REPORT ON SPECIAL DISTRICTS SERVICE CHARGES FOR 2026-27**

A. GENERAL

1. INTRODUCTION

The preparation of this report on Special District Service Charges is required by San Joaquin County Ordinance Code Sections 5-3302 and 5-6812(a). These sections require that an annual report be prepared for each Special District for which special Service Charges will be imposed and collected on the tax roll. This report is also prepared in compliance with state law, including but not limited to Articles XIII C and XIII D of the California Constitution (Proposition 218) regarding the imposition of Service Charges for County of San Joaquin Special Districts. It will be presented to the San Joaquin County Board of Supervisors for adoption at a public hearing regarding the proposed Service Charges. This report is on file with and is available for review at the Office of the Clerk of the Board of Supervisors at 44 N. San Joaquin St. Suite 627 and may also be viewed at the Department of Public Works at 1810 E. Hazelton Ave., Stockton, CA or at www.sjgov.org/ud/general-information.

2. SPECIAL DISTRICTS

The term "Special District," for purposes of this report, shall be used to refer to any or all of the following: a Maintenance District (MD); a County Service Area (CSA); a Water Works; a Sanitary Sewer Maintenance District; and a Street or Highway Lighting District (LD). The Special Districts contained in this report are solely administered by the San Joaquin County Department of Public Works and include 30 Lighting Districts, 29 Maintenance Districts, and 39 County Service Areas and Zones.

Special District Service Charges related to Flood Control administered by San Joaquin County Flood Control; Water Conservation District; County Service Area 31; and Community Facilities Districts (CFD) are defined by separate reports.

3. SUMMARY OF SERVICES

Special Districts may provide one or a combination of the following services:

- a) Water service - domestic water supply and distribution.
- b) Sewer service - sanitary sewer collection and treatment.
- c) Storm drainage service - storm drainage collection and discharge.
- d) Street lighting service - street lighting.
- e) Fire hydrant repair and maintenance (CSA 15 and CSA 17).
- f) Landscape and decorative street light maintenance (CSA 48 Zone K).
- g) Household hazardous waste disposal service (CSA 53).
- h) National Pollutant Discharge Elimination System (NPDES) Phase 1 program (CSA 54).

Respective services and charges by each Special District are shown in Appendices A1, A2, and A3.

4. SUMMARY OF SPECIAL DISTRICTS BUDGETS

The San Joaquin County Board of Supervisors annually adopts the budget for each Special District. The proposed budget for each Special District as shown in Appendices D1, D2, and D3 is developed independently from this report. The proposed budget for each Special District is developed in general to address the following:

- a) Expenses necessary to properly operate and maintain permanent public improvements including but not limited to: water distribution systems, water well facilities, sewer collection systems, sewer lift stations, storm lines, catch basins, pumping facilities, and street-light bulb replacements, pole repairs and replacements, and power distributions.
- b) Administrative costs to reimburse various County departments for support services.
- c) The capital replacement costs needed to pay for future replacement of the major components of the systems.
- d) Planned capital improvement projects for the Special Districts when appropriate.

B. SERVICE CHARGES

1. GENERAL BASIS FOR SERVICE CHARGES

Service Charges are utilized to generate the revenues needed to operate and to maintain each Special District's facilities. The term "Service Charge" for purposes of this report, shall be used to refer to annual service charges and/or periodic (monthly, quarterly, etc.) service fees. The Service Charges for each Special District have been developed with the following considerations:

- a) Service Charge revenues collected should equal operation cost once an appropriate reserve fund has been established.
- b) An adequate reserve fund should be available to cover future replacement of the major components.

Major changes in Service Charges should be anticipated in advance and adjusted over a period of years, when feasible to do so.

2. OUT-OF-AREA SERVICE

Out-of-area service refers to any service(s) received outside of a Special District service boundary by the approval of an Out-Of-Area Service Agreement. Out-of-area service charge shall equal 150% of the Service Charges paid by parcels within the Special District.

3. ADJUSTMENTS AND APPEALS

Parcel owners may write to the Department of Public Works for review of their Service Charges. The Department of Public Works will promptly review the appeal and respond to the appellant. The adjustment to the Service Charges may be made based on site-specific information. If any changes are approved, the Service Charge corrections will be made to the tax roll listing. If the taxpayer has paid the tax bill in excess, a refund will be remitted to the taxpayer. The appeal process for metered water service fees is detailed on the water application.

4. 2026-27 SERVICE CHARGES

The San Joaquin County Board of Supervisors adopts the Service Charges for each Special District. The proposed 2026-27 Service Charges for each Special District are shown in Appendices A1, A2, A3, and B.

5. MAXIMUM ADJUSTMENT FACTOR

The adjustment factor is a minor rate Service Charge adjustment reflecting the costs of providing necessary services without incurring the cost associated with a formal notice and hearing process. Any increase in Service Charges exceeding the adjustment factor amount will require property owners' approval pursuant to provisions of the "Right to Vote on Taxes Act" (Proposition 218, 1996). The maximum adjustment factors will be effective after the pre-approved multiple-year adjustments listed in Appendix E. Special Districts with a maximum adjustment factor approved through the Proposition 218 approval process are shown in Appendices D1, D2, & D3.

6. MULTIPLE YEAR ADJUSTMENTS

A multiple year adjustment was established in-lieu of a one-time rate increase for certain Special Districts to ease the fiscal impact to the customers. Special Districts with established multiple year adjustments through the Proposition 218 approval process are shown in Appendix E. After the expiration of the multiple year adjustment, the approved maximum adjustment factors may be applied to the Service Charges if needed.

C. SERVICE CHARGES APPORTIONMENT BY SERVICES

The charges for most services provided by the Special Districts are apportioned based on the Single-Family Equivalent (SFE) unit. This is the proportional service or benefit received as compared to a single-family dwelling. The SFE method is generally recognized by municipalities as the basis for a fair and appropriate distribution. Appendix C shows the SFE apportionment for land uses for different types of service provided based on the apportionment methods as discussed. For other land uses not listed, a special study will be prepared to assign the appropriate

SFE. The SFE for each type of land use is considered the minimum SFE unit and is subject to adjustment based on special study and special site conditions. Some parcels may be apportioned SFE units based on an agreement, special condition, or site-specific study. Service charges for metered water service generally consist of a periodic fixed charge, which covers fixed costs associated with meter reading and billing, and a usage-based rate.

The following are general considerations for determining the SFE units by service and metered water charges:

1. WATER SERVICES AND WATER METERED RATES

a) Residential Properties:

- 1) Single Family Dwelling = 1 SFE (traditional houses, condominiums and townhouses are included within this category).
- 2) Multi-Family Units = 1 SFE for first unit, plus 0.3 SFE for each additional unit (such as a duplex, apartment, or mobile home).
- 3) Parcel with service available but not connected = 0.2 SFE.
- 4) Vacant Parcel with no service available = 0 SFE.

b) Commercial/ Industrial Properties:

- 1) Small commercial not exceeding that used by a residential dwelling based on flow generation = 1 SFE.
- 2) Commercial and Industrial = SFE by special study.
SFE shall be estimated based upon equivalent SFE flow rate of 450 gallons of water per day.
- 3) Parcel with service available but not connected = 0.2 SFE.
- 4) Vacant Parcel with no service available = 0 SFE.

c) Other Properties and Special Considerations:

- 1) For other types of land use, the SFE will be calculated based on the water usage of the parcel at a unit rate of 450 gallons per day.
- 2) CSA 16 - Par Country Estates/Hillside Greens:
Hillside Greens subdivision parcels within CSA 16 are assigned 0.62 SFE due to the smaller lot size and minimum landscape area for each unit compared to the Par Country Estates subdivision.
- 3) Elkhorn Estates Maintenance District:
All Residential Parcels = 1 SFE.
- 4) CSA 44 - Zone E (Castello Estates):
All Vacant Parcels = 1 SFE (Agreements A-00-1092 and A-01-0284).
- 5) Wilkinson Manor Maintenance District – usage-based residences:
Usage-based residences receive an annual credit based on the property use code.

d) Meter Rates:

There are certain Special Districts that are charged metered usage rates. Refer to Appendix B for fixed and metered water rates.

Metered water charge for water service is based upon measurement of water (via a meter) used by the customer at a specific meter rate. Any meter rate adjustments are based upon the results of a Proposition 218. Additionally, some Special Districts have a fixed rate meter charge per meter size. The billed water rate is based on the fixed rate plus metered rate times the water consumed by actual meter reading for each billing cycle.

2. SANITARY SEWER SERVICES:

a) Residential Properties:

- 1) Single Family Dwelling = 1 SFE (traditional houses, condominiums and townhouses are included within this category).
- 2) Multi-Family Units = 1 SFE for first unit, plus 0.7 SFE for each additional unit (such as a duplex, apartment, or mobile home).
- 3) Parcel with service available but not connected = 0.3 SFE.
- 4) Vacant Parcel with no service available = 0 SFE.

b) Commercial/ Industrial Properties:

- 1) Small commercial not exceeding that used by a residential dwelling based on flow generation = 1 SFE.
- 2) Medium commercial not exceeding that used by two residential dwellings based on flow generation = 1.3 SFE.
- 3) Large Commercial = SFE by special study.
- 4) Industrial = SFE by special study.
SFE shall be estimated based upon equivalent SFE flow rate of 300 gallons of sanitary sewer per day.
- 5) Parcel with service available but not connected = 0.3 SFE.
- 6) Vacant Parcel with no service available = 0 SFE.

c) Other Properties and Special Considerations:

- 1) For special studies and other types of land use, the SFE will be calculated based upon sanitary sewer generated from the parcel at a unit rate of 300 gallons per day.
- 2) Lincoln Village Maintenance District:
Lincoln Center - Sewer charges are based on appropriate SFE factors assigned to the existing tenants of the Lincoln Center parcel.
- 3) CSA 41 - Zone N (Tierra del Sol): Vacant Parcel = 1 SFE
- 4) CSA 44 - Zone E (Castello Estates):
All Vacant Parcels = 1 SFE (Agreements A-00-1092 and A-01-0284).

3. STORM DRAINAGE SERVICES

a) Residential Properties:

- 1) Single Family Dwelling = 1 SFE (traditional houses, condominiums and townhouses are included within this category).
- 2) Multi-Family Units = 1 SFE or by special study (such as a duplex, apartment, or mobile home).
- 3) Vacant Parcel = 1 SFE or by special study.

b) Commercial/ Industrial Properties:

- 1) Small commercial similar to a residential dwelling unit = 1 SFE.
- 2) Commercial and Industrial = SFE by special study.
- 3) Vacant Parcel = Minimum of 1 SFE or by special study.

c) Other Properties and Special Considerations:

- 1) Agricultural Parcels = 0 SFE or by special study (minimal direct benefit).
- 2) All non-agricultural parcels that benefit from the drainage service shall be charged a minimum of 1 SFE or by special study.
- 3) For special studies, SFEs shall be evaluated based upon the Special District characteristics, the parcel acreage, and the storm drainage demand.
- 4) CSA 15 – Waterloo:
Vacant Parcels = 0.2 SFE per acre.
Residential Parcels = 1 SFE per acre.
Commercial, Industrial, and Other Parcels = 3 SFE per acre.
- 5) CSA 16 – Par Country Estates/Hillside Greens:
All Parcels located within the Hillside Greens subdivision will be charged 0.67 SFE per acre due to the smaller lot size and minimum landscape area.
- 6) CSA 50 – Patterson Pass: All Parcels = 1 SFE per acre.
- 7) CSA 52 – Blossom Court: All Parcels = 1 SFE per acre.

4. STREET LIGHTING SERVICES

a) Residential Properties:

- 1) Single Family Dwelling = 1 SFE (traditional houses, condominiums and townhouses are included within this category).
- 2) Multi-Family Units = 1 SFE for first unit, plus 1 SFE for each additional unit (such as a duplex, apartment, or mobile home) or by frontage as shown in Appendix C.
- 3) Vacant Parcel = 1 SFE.

b) Commercial/ Industrial Properties:

- 1) Small Commercial = 1 SFE for the first 75 feet of frontage, plus 1 SFE for each additional 50 feet of frontage or by frontage as shown in Appendix C.
- 2) Commercial and Industrial = SFE by special study.
- 3) Vacant Parcel = 1 SFE or by frontage as shown in Appendix C.

c) Other Properties and Special Considerations:

- 1) All Agricultural Parcels = 1 SFE.
- 2) All parcels that benefit from the street lighting service shall be charged a minimum of 1 SFE.
- 3) CSA 50 - Patterson Pass: All Parcels = 1 SFE per acre.
- 4) Woodbridge Lighting District:
Woodbridge Greens subdivision parcels = SFE per special study.
- 5) Burkett Garden Acres, Burkett Gardens, North Wilson Way, & Shasta Avenue Lighting Districts:
Multi-Family Units, Small Commercial, and Vacant Parcel = 1 SFE for the first 75 feet of frontage, plus 1 SFE for each additional 50 feet of frontage.

5. SPECIAL PURPOSE COUNTY SERVICE AREAS

County Service Area 53 (CSA 53) – Household Hazardous Waste provides a residential hazardous waste disposal service to all residents of the County and incorporated cities within the County. All parcels are charged 1 SFE for each residential dwelling unit.

County Service Area 54 (CSA 54) – Stormwater Pollution Prevention provides services within priority land-use areas as determined by the U.S. Environmental Protection Agency. Services include enhanced maintenance activities, public education, pollution studies, and enforcement of the provisions of the Federal- and State-issued Phase 1 National Pollutant Discharge Elimination System Municipal Separate Storm Sewer System Permit. Each parcel within CSA 54 Zone Phase 1 is charged 1 SFE. Parcels with Use Codes 080, 081, 082, and 096 are exempt from the Service Charge as the underlying lot is being charged.

6. NON-TAXABLE LAND USE

A special study will be conducted to determine equivalent unit values for all public agencies, school districts, and all properties that do not appear on the Auditor's rolls. The Service Charges are billed separately by periodic water billings or a separate invoice.

D. PROPERTY OWNER LIST AND TAX ROLL

A list of names and addresses of the owners of all lots and parcels of land within the Special Districts was compiled from the last equalized secured property tax roll of the San Joaquin County Assessor's office. A list of the parcels for each Special District may be acquired from the Treasurer-Tax Collector's Office [44 North San Joaquin St., 1st Floor, Suite 150, Stockton, CA 95202. (209) 468-2133].

The total proposed Service Charges for each Special District are summarized in the financial section of this report.

Zone C, Stonegate Estates			150.00	50.00		200.00
56 - Peters			80.00	72.00		152.00

NOTE:

1. Other Services:

CSA 15 and CSA 17 provides fire hydrants maintenance service. Water is provided by Calwater.

CSA 46: The Usage Based Fee applies to parcels with active water usage. The fee will be credited against the water usage before any monthly invoices would be payable. At the end of fiscal year a refund would be issued for properties using less than collected.

CSA 48 K provides landscape and lighting maintenance services.

CSA 53 provides Household Hazardous Waste (HHW) services.

CSA 54 provides stormwater pollution prevention services under the National Pollutant Discharge Elimination System.

2. The District has a rate increase pending approval on August 18th, 2026, which will supersede the rates above upon approval.

3. Annual water charge applies in addition to meter charges. See Appendix B for metered charges.

4. Annual water charge applies only to unmetered customers.

2026-27 COUNTY SPECIAL DISTRICTS REPORT METERED WATER RATES

Periodic Metered Water Fee = Fixed Rate + Metered Rate x Water Consumption

SPECIAL DISTRICT	PERIOD	FIXED RATES	METERED RATES

(1) Annual service charge is temporarily reduced due to sufficient fund balance.

The district(s) may increase the annual service charge(s) back to the historical highs in future fiscal year(s) as needed.

* Maximum adjustment factor is the lesser of the Consumer Price Index (CPI) - All Urban Consumers for the San Francisco-Oakland-San Jose areas or the percentage as shown.

All Lighting District service charge adjustment factors do not have expiration date.
