1. INTRODUCTION:

The preparation of this report on Special District Service Charges is required by San Joaquin County Ordinance Code Sections 5-3302. These sections require that an annual report be prepared for each service area or special district for which special Service Charges will be imposed and collected on the tax roll. This report is also prepared in compliance with State law, including but not limited to Articles XIIC and XIID of the California Constitution (Proposition 218) regarding the imposition of new or increased Service Charges, which may be classified as either property-related fees or benefit assessments. It will be presented to the San Joaquin County Board of Supervisors for adoption and serves as the basis for the proposed Service Charges. This report is on file with and is available for review at the Office of the Clerk of the Board of Supervisors at 44 N. San Joaquin St. Suite 627 and may also be viewed at the Department of Public Works at 1810 E. Hazelton Ave., Stockton, CA or on-line at www.sjgov.org/ud/lightdist.

The purpose of this report is to provide detailed information regarding the proposed Service Charge adjustments for Burkett Garden Acres, Burkett Gardens, North Wilson Way, Northeast Stockton, Rancho Village, and Shasta Avenue Lighting Districts; Walnut Acres and Wilkinson Manor Zone A Maintenance Districts; and County Service Area 49 Zone L (Districts). In compliance with Proposition 218, affected property owners within the Districts will receive a ballot and notice of the Public Hearing regarding the proposed increase in Service Charges for street lighting, where the Board of Supervisors will receive public testimony. The Board will be asked to approve the proposed rates if more than 50 percent of the weighted ballots received support the assessment, which will become effective in Fiscal Year 2019-20.

2. DISTRICTS:

The Districts are considered special districts pursuant to the definitions of the Government Code Section 16271 (d) and the California Constitution Article 13D, Section 2(d). A special district is an area determined by an agency to contain parcels that will receive a special benefit from a proposed public improvement or property-related service. The Districts were established by the San Joaquin County Board of Supervisors through resolutions on file with the County Clerk of the Board. The Board authorizes collection of Service Charges for the operation and maintenance of the streetlight system improvements.

3. DESCRIPTION OF SERVICES AND EXPENDITURES

The Districts currently provide for the operation and maintenance of the public streetlight systems serving properties within the Districts. The proposed 2019-20 budgets for the Districts are listed in Appendix B. The proposed budgets are developed in general to pay the operation and maintenance costs for routine services and care necessary to properly operate and maintain public improvements.

4. **SERVICE CHARGES**

The Service Charges are utilized to generate the revenues needed to operate and to maintain the District's facilities. The proposed Service Charges have been developed with the following considerations:

- a) Service Charges and interest revenues collected should equal operation costs once an appropriate reserve fund has been established.
- b) An adequate reserve fund should be established to cover future replacement of the major components.
- c) Major changes in Service Charges should be anticipated in advance and adjusted over a period of years, when feasible to do so.

The following table shows the current and proposed Service Charges. All parcels benefiting from the District's services receive an annual Service Charge, which is generally collected annually through the property tax bill.

District	Burkett Garden Acres	Burkett Gardens	North Wilson Way	Northeast Stockton	Rancho Village	Shasta Ave	Walnut Acres*	Wilkinson Manor Zone A*	CSA 49 Zone L
Current Service Charge - Street Lighting	\$10	\$8	\$10	\$8	\$6	\$6	\$40	\$35	\$40
Proposed 2019-20 Service Charge - Street Lighting	\$12	\$13	\$33	\$11	\$17	\$11	\$94	\$88	\$70

*Districts also provide storm drainage and water service with proposed rate increases included in a separate engineer's report dated October 1, 2018

The proposed rates, if approved, will be effective for Fiscal Year 2019-20. Effective Fiscal Year 2020-21 and forward, an annual adjustment factor for inflation, not to exceed 5%, may be applied. The adjustment for inflation will be based on the percent change in the Consumer Price Index (CPI) – All Urban Consumers for the San Francisco-Oakland-San Jose areas.

5. **METHOD OF COST APPORTIONMENT**

The annual service charges for the District's residential and non-residential parcels are based upon a Single Family Equivalent (SFE) unit, which refers to the benefit a typical single-family dwelling unit would receive. The Service Charges are apportioned among all lots and parcels within the Districts as set forth in Appendix D. All parcels within the Districts are charged based on the benefit received as compared to the benefit received by a single-family dwelling. The SFE method is generally recognized by municipalities as the basis for a fair and appropriate distribution. In some cases, certain user types require special studies to establish Service Charges.

This report proposes to reduce the SFEs for parcels with multi-family units from one SFE per dwelling unit to SFEs assigned by frontage, with one SFE minimum. Corner lots are evaluated in comparison to comparable single-family home corner parcels. This report also proposes to change the SFEs for vacant commercial parcels from one SFE per parcel to SFEs assigned by frontage, with one SFE minimum.

The following are general considerations for determining the SFE units for street lighting services:

Residential Properties:

1. Single Family Dwelling = 1 SFE (traditional houses, condominiums and townhouses are included within this category).
2. Multi-Family Units = 1 SFE for the first 75 feet of frontage, plus 1 SFE for each additional 50 feet of frontage (1 SFE minimum per parcel).
3. Vacant Parcel = 1 SFE.

Commercial/ Industrial Properties:

4. Small Commercial, Vacant = 1 SFE for the first 75 feet of frontage, plus 1 SFE for each additional 50 feet of frontage (1 SFE minimum per parcel).
5. Commercial and Industrial = SFE by special study.

Other Properties and Special Considerations:

6. All Agricultural Parcels = 1 SFE.
7. All parcels that benefit from the street lighting service shall be charged a minimum of 1 SFE.

6. PROPERTY OWNER LIST AND TAX ROLL

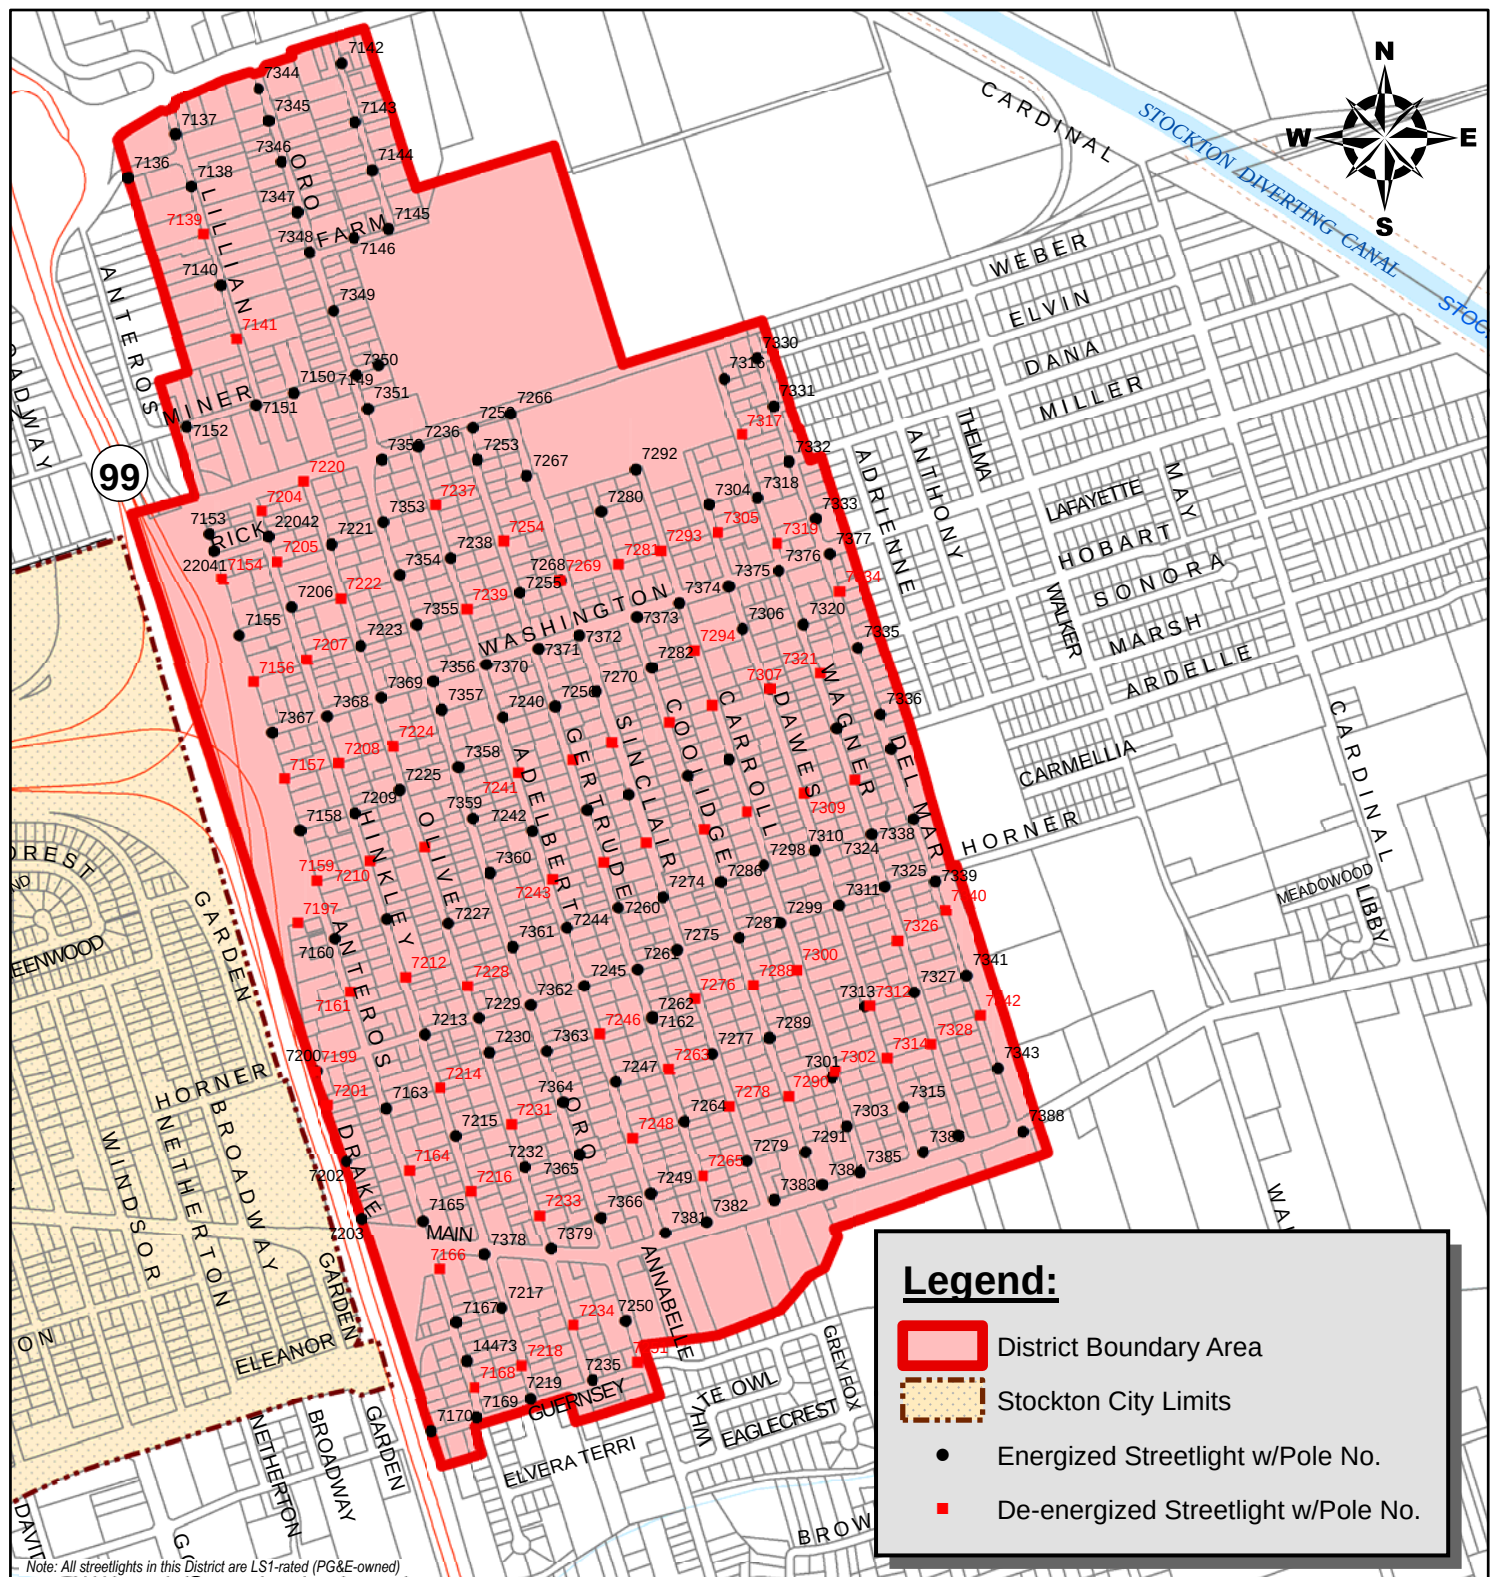

Appendix C contains a list of the San Joaquin County's Assessor Parcel numbers for all the properties within the boundaries of the Districts. The list further contains the Service Charge amounts for each benefitting parcel within the Districts. The list is keyed to the records of the San Joaquin County Assessor.

7. APPEALS AND ADJUSTMENTS

Any property owner who feels that the Service Charge levied on the subject property is in error as a result of incorrect information may contact the San Joaquin County Department of Public Works. The Department of Public Works will promptly review the appeal and respond to the appellant. Adjustments to the Service Charge may be made based on the site specific information. If any changes are warranted, the correction will be made to the next regular tax roll Service Charge amount.
