

Antonio C. 'Tony' Amador, Retired U.S. Marshal

U.S. Representative in Congress 9th District

For over 4 decades, I have served our state and nation, starting as a Los Angeles Police Officer, serving various Governors in Executive positions, and retiring as United States Marshal for the Eastern District of California.

Californians are losing hope; thousands are leaving California, fleeing high taxes, crime ridden streets and seeking affordable housing. You deserve better.

Violence, arson, and looting in the cities are evidence of years of failed leadership. We need to address homelessness, forced school closings, soaring gas prices and a crumbling infrastructure. We cannot afford two more years of broken promises.

Our farmers are over-regulated and unfairly taxed. We must stop the "tunnel" project and ensure we have enough water for our farms. A dependable "worker exchange program" with Mexico must be developed.

The 'border crisis' is more than immigrants seeking employment. It is about 'cartels' and gangs like MS13 importing drugs and trafficking humans as young as 12 years of age.

Congress has failed to address the DACA issue. Minors brought to this country who followed the laws of our country and were not a burden, should be given legal status.

This election is the most important decision you will make in your lifetime. At this crossroads, we must choose between freedom or drift towards a Socialist gulag and "a thousand years of darkness".

We are at a "Tipping Point". Will our country protect your constitutional rights or become a socialist dictatorship?
