

Jass Sangha

Occupation: Small Business Owner

I am a businesswoman and resident of Tracy for twenty years. I ask for your support and vote this election as I intend to represent all of Tracy with my non-partisan leadership. With passion and persistence, I have demonstrated over ten years of diligence and commitment to the City of Tracy while remaining accountable, accessible, and fiscally responsible. My roles have varied from serving on the Tracy Arts Commission, Planning Commission, and the San Joaquin County Civil Service Commission. I have volunteered at many local organizations.

Public Safety and quality of life remains a top priority, including a balanced budget to adequately fund our law enforcement, Fire Department and other vital services. I believe in working with existing businesses to understand their perspectives and concerns, nurture their needs, and work on bringing businesses that provide decent wages for our local workforce.

I understand the nature of busy schedules of commuters and the responsibilities of everyday Tracyites, open communication is very important therefore, I am happy to meet and work with residents on Saturdays. I am committed to serving with compassion and inclusiveness. God bless you and may God bless the United States of America.

A handwritten signature in black ink, appearing to read "Jass Sangha", written in a cursive style.
