

I would appreciate your support to continue serving you on the Ripon City Council. I am a graduate of UC-Davis, a former superintendent of the Ripon Unified School District and one of your current elected members entrusted to serve on the City Council.

As part of the community for over 40 years, I have developed a long-standing passion to help the community be the best it can be, and made meaningful contributions to the betterment of our town. My campaign is based on a continuing desire to address major issues confronting our community and finding ways for citizens to play a bigger role in the decision-making process.

My experiences have given me a comprehensive understanding of the workings and connections between local, state and federal government. With a strong background in public finance I have worked with a variety of boards and committees to achieve consensus in our decision-making and secured much needed resources for the City.

I believe I have the right combination of passion, knowledge, and skills needed to contribute to our success and I look forward to serving you again on the Ripon City Council. Thank you for your consideration and support.

Leo Zuber
