

Pebble  
Mountain House Community Services District

I'm a mother, wife, business woman and a community organizer. My husband and I moved to Mountain House in 2010 with our 2 kids. As a strong advocate for keeping Mountain House safe and prospering for our growing community, it is imperative that the leadership is working towards that goal.

Over the years, I've been dedicated to supporting our community by volunteering at the Mountain House Fire Department fundraisers, working with local youth organizations, being a part of the Lammersville School District and leading MHHS Athletic Boosters to raise funds for our sports teams. In addition to this, I have aided the organization of local cultural events celebrating diversity of our town. As a founding member of the Sikhs of Mountain House, I helped organize donation drives to raise supplies and funding for the Paradise fire victims.

Seeing as it is a pivotal moment in this town's history, I am running for the board of Mountain House CSD to build a better Mountain House for our diverse community, and I would be honored to get your vote and help Mountain House progress forward together and make a difference.
