

RHODESIA RANSOM
San Joaquin County Board of Supervisors District 5

AGE: 46

Occupation: Nonprofit Executive Director/City Councilmember

My education and qualifications are: Never have the stakes for competent and reliable leadership been higher. San Joaquin County residents can trust my nearly 20-year record of community service delivering results and practical solutions.

In this perilous time, County decisions affect our public safety, health, and economic security. I'm running because Tracy, Mountain House, Manteca, and Lathrop deserve a true champion who finally ensures that our district gets a fair share of County resources.

I'll never let petty politics get in the way of sound policy. I'm the only candidate who has taken a bold, no-nonsense approach to governance. I've delivered policies and initiatives that ensure government accountability, good local jobs, workforce housing, and transit solutions.

As the wife of a public safety officer and mother of three, keeping our community safe is a top priority. I've led successful community partnerships and safety initiatives resulting in gang prevention, mentorship for at-risk youth, and the adoption of Tracy's first real plan for homelessness.

A tested bridge builder known to reach across the aisle, I'm proud to have bipartisan support from State Senator Cathleen Galgiani, Assemblywoman Susan Eggman, Sheriff Patrick Withrow, and former mayors Brent Ives and Mike Maciel.

My family is proud to call San Joaquin County home, and I'd be honored to earn your vote.
