

Dr. Sheri Coburn

Ripon Consolidated District Fire Board Member

58

Registered Nurse; Director of Comprehensive Health Programs

Education and Qualifications:

For the past 24 years, I have worked in the education field overseeing multiple programs totaling over 5 million dollars to provide health services, tobacco prevention, and expanded learning services to schools. I have been a registered nurse for 40 years and recognize the need for the fundamental emergency response services that are germane to our community. This past year, I spearheaded the SOS Committee; Staff our Ripon Fire Station 3 and Sustain our Ripon Ambulance Services, to drive community support for fire department expansion to Station 3. It is an honor to live in Ripon. We are blessed to have stellar community-based Fire Department and Ambulance Services through the Ripon Consolidated Fire District (RCFD). As our community grows, so will the need for expanded RCFD services. As a RCFD Board Member, I am committed to ensuring these community-based services thrive. We will need to find ways to fund these services for generations to come. Ripon Fire Department will be celebrating 100 years in 2021. RCFD has always been there for us; we need to be there for them! I appreciate your yes vote for me as a Board Member on the Ripon Consolidated Fire District Board. Thank you.
