### COVID-19 Hospitalizations Appear to be Stabilizing but Remain High

French Camp, Calif. – Hospitals in San Joaquin County report having 308 COVID positive patients admitted for care. Demand for intensive care services remains near record high with adult intensive care units (ICU) operating at 137% of licensed bed capacity. San Joaquin County hospitals report 6 patient deaths due to COVID in the past 24 hours.

The anticipated surge in patients from holiday gatherings has not materialized although demand for ICU services high. Currently, 61% of patients receiving ICU care in San Joaquin County hospitals are positive for COVID-19.

### What People Should Do If They Have A Medical Emergency Or Are Sick:

Do not delay seeking care. If you are experiencing a medical emergency such as a heart attack, stroke, difficulty breathing or altered mental status contact 911 to activate the EMS system. If you are ill or sick, contact your physician or healthcare provider.

### How People Can Protect Themselves:

We are all in this together. Every person has a role to play. Your actions save lives.

**DO:** Stay home; Avoid people outside your household; Wash hands with soap and water for at least 20 seconds; Wear a face mask when out in public; Cover your cough or sneeze; Frequently clean and disinfect touched objects and surfaces; Maintain physical distance of six feet whenever outside of the house; Stay away from work, school or other people if you become sick with respiratory symptoms like fever and cough.

###

Notes to editors:

- San Joaquin County EMS Agency will provide updates daily on the most current hospital statistics Monday-Friday.
- Graphs and tables show hospital bed capacity, adult ICU bed capacity and historical tracking. Note: the CDPH county data monitoring website combines adult, pediatric and neonatal ICU bed capacity in its reporting.
- This document is intended to prevent and control the transmission of COVID-19 by informing the public and serves a public health purpose.
